*Justin Ford Kimball High School  
Dallas, Texas Volume XII*

A school building is constructed of steel and cement, strong and permanent, but it is designed to accommodate an ever-changing flow of students. Year after year buses and cars empty their loads each morning, and people stream in waves into the hallways and classrooms. To the rhythm of bells, tides of people wash in and out of the rooms and finally back to the buses

and cars, leaving the building empty.

Carl Sandburg in his poem "Skyscraper" says, "It is the men and women, boys and girls so poured in and out all day that give the building a soul of dreams and thoughts and memories." As each individual forms a part of the mass, so each personality contributes to the whole of Kimball's soul—that abstract thing we call SPIRIT.

Many people instruct, but few of them teach. We are fortunate at Kimball, for we have many "teachers." This year we have dedicated the EXCALIBUR to one of these teachers.

This person has unceasing patience and unending enthusiasm. She is a teacher whose class one does not dread attending. She is concerned with her students. She believes and respects each individual and is interested in how each one progresses. She not only listens with understanding to another person's problems, but she also is willing to contribute suggestions for a solution.

Because she has worked for and with us, because she has given generously of her time and wisdom—words are a poor substitute with which to express our sincere respect and admiration for her.

For this and much more, we, the staff dedicate the 1970 EXCALIBUR to . . .

Spirit. It was present at games, in the halls, and manifested itself in an unbelievable fashion in pep assemblies. It was contagious. Everybody from the most unconcerned sophomore to the most sophisticated senior felt it. Early in the year it erupted in one word . . . go . . . and go we did!

Through the functions of organizations, Kimballites are given opportunities to express their talents in the fields of music, acting, and writing.

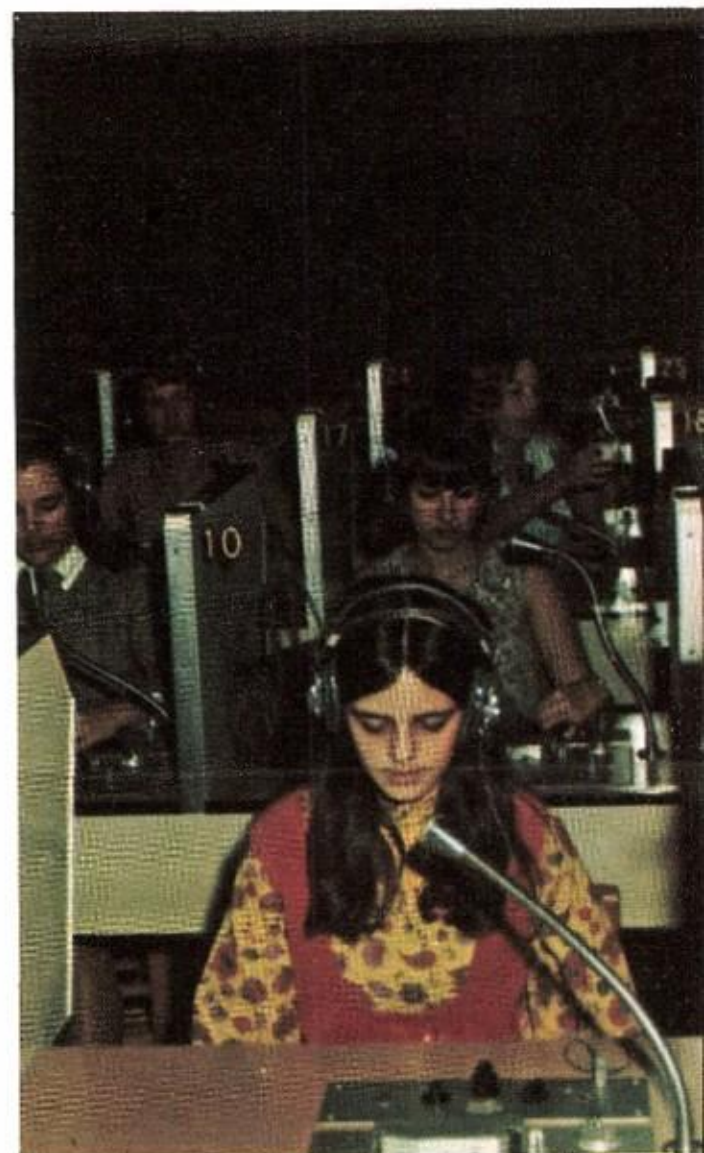

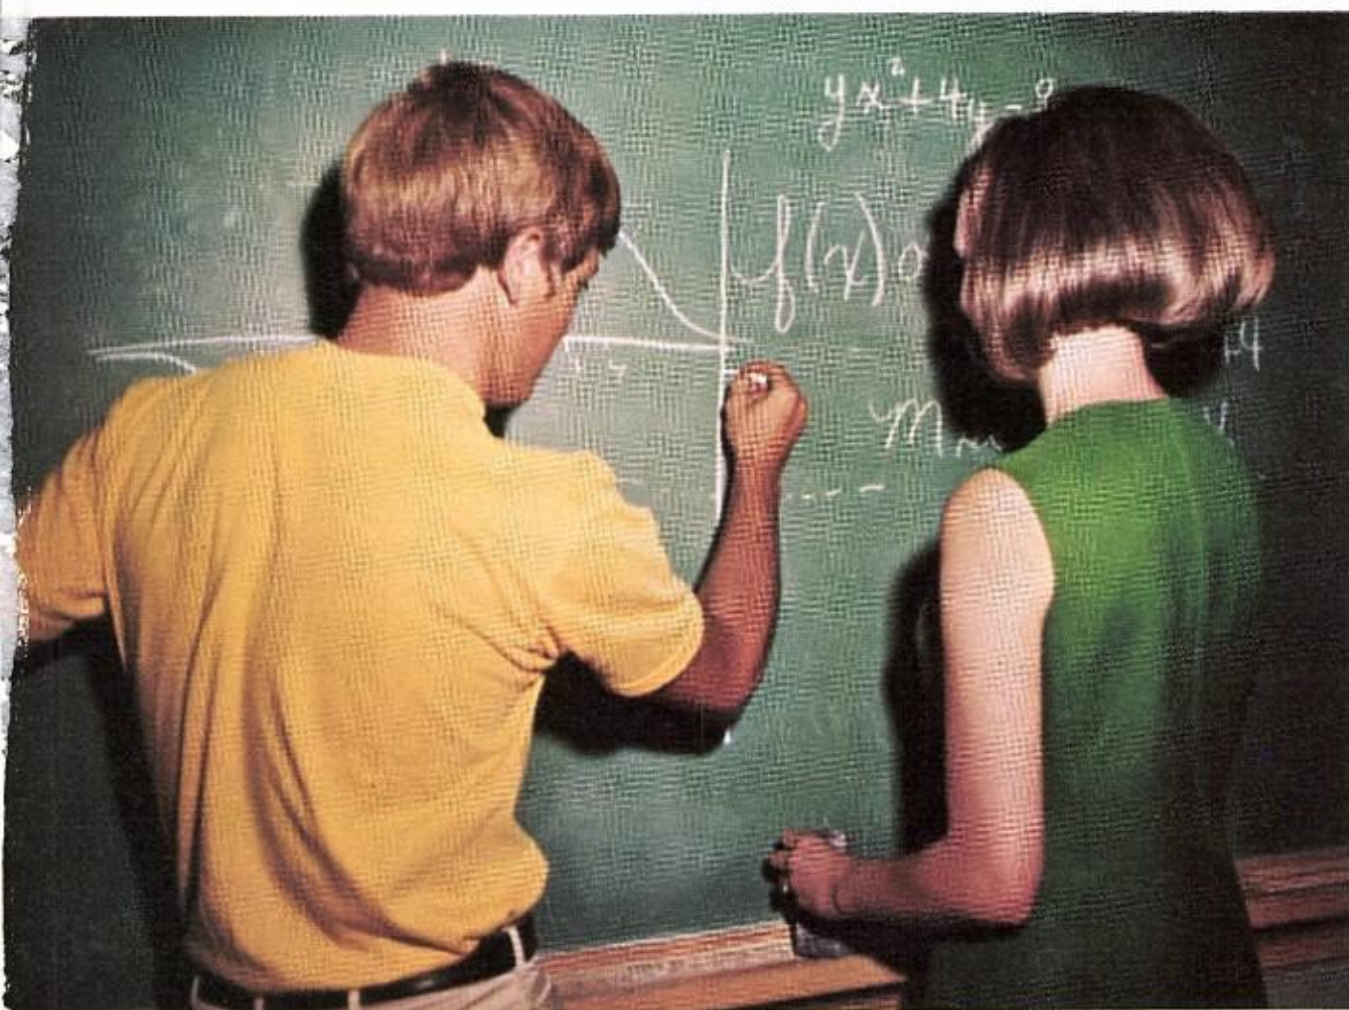

With an eye to the future, Kimball has initiated new programs, modernizing the curriculum to enable today's spirited students to gain the knowledge to become

better men and women prepared to succeed as leaders and citizens of tomorrow's complex and everchanging world.

# Free to Change

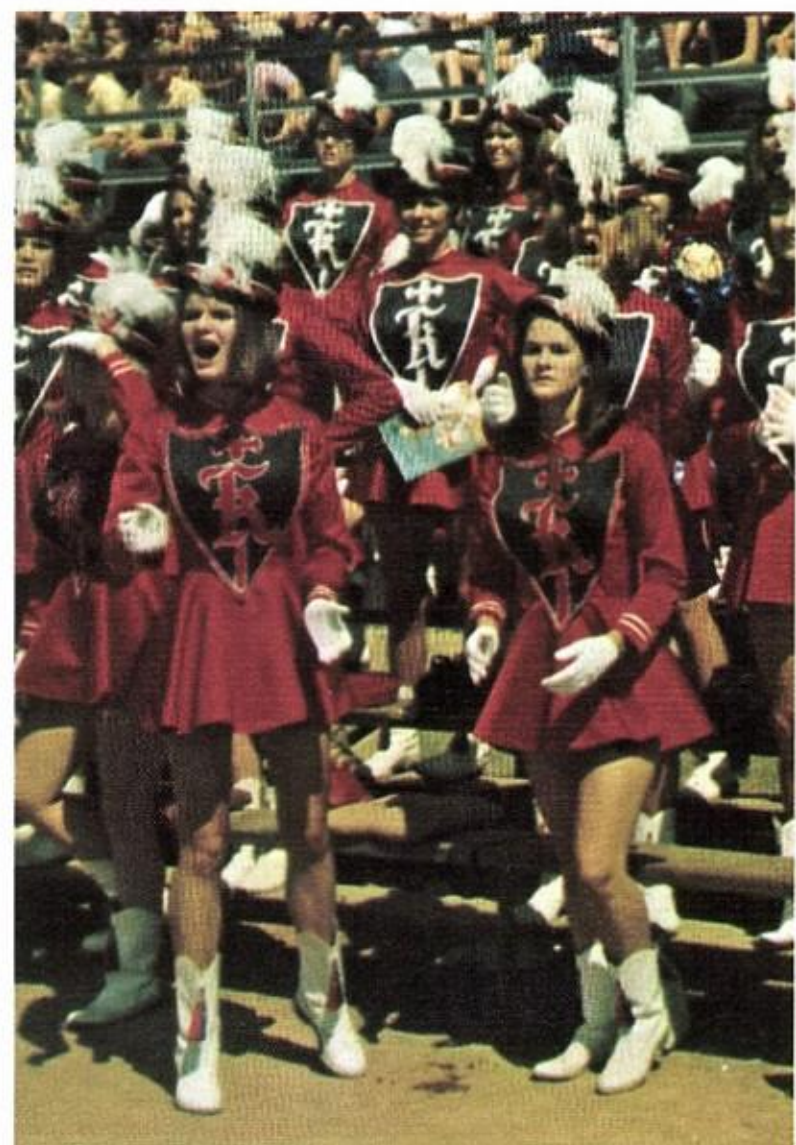

Perhaps we have all had a touch of 'moon madness' these days — the desire to reach out and up—to challenge — to conquer — to change. With space age confidence and cosmic excitement, we await the discovery of new worlds. But, always there is the non-relenting search for personal reality and personal freedom.

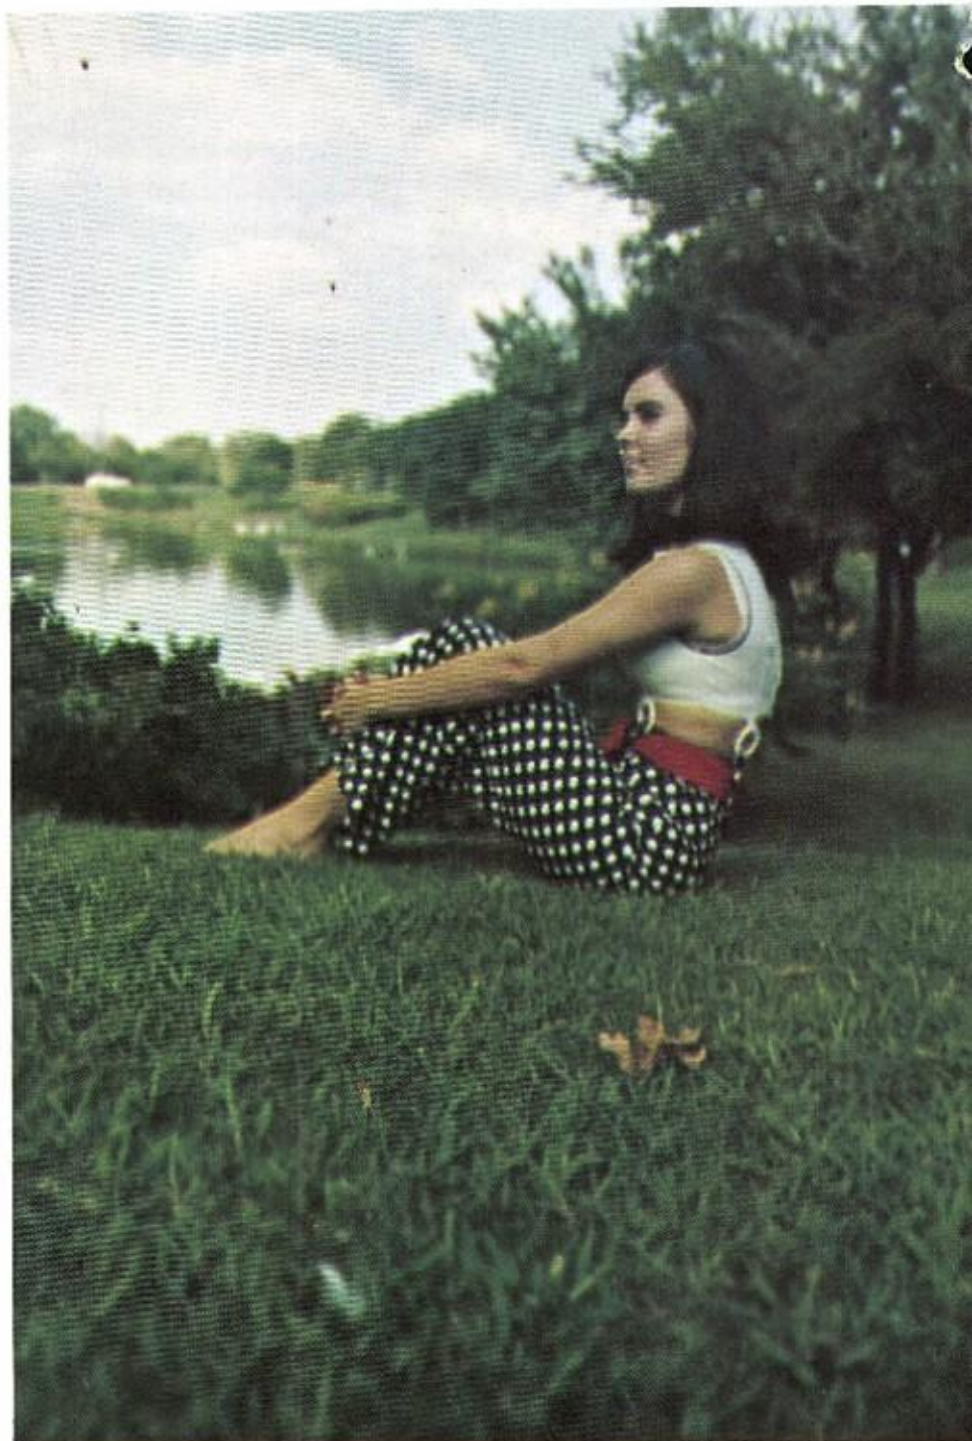

# *Free to Make Friends*

After school, groups get together to plan, complain, suggest, listen, move in symmetric designs, and yell their heads off. We participate and learn to contribute. From groups, we learn to find one another—one who shares just us—who means, for however short a time, the world. But there are times when we need to be alone—in a private silence we can walk in and out of—a quiet, creative world where we will be able to see our thoughts take shape—away from the crowd. This is when we truly find the

## *Academics*

With each new year comes an increase in number of faculty as well as students. This year brought many new teachers to Kimball and witnessed the return of many "old timers" of whom we are extremely proud. These teachers work to develop improved methods of conveying their knowledge to the students at Kimball. Through their efforts, advanced placement courses in science, mathematics, history, English, and language are available.

These busy beavers behind our school actively plan each day. They contribute much to Kimball's school life including: teaching what we must know; developing better citizens; sponsoring activities, clubs, and classes; guiding and freely giving of their precious time to help those in trouble or in need.

Behind our faculty stand our administration-the framework of our school. A heavy load is placed upon their shoulders as the various facets of our school must be co-ordinated.

Faculty, administration, and all the other staff members are the backbone of the ACADEMIC part of Justin F. Kimball.

## *School Board*

Dr. Nolan Estes was officially appointed as superintendent on September 1, 1968, following three years of service with the U. S. Office of Education. Since that time, the nationally-known educational innovator has introduced various programs in the Dallas schools.

A native of Rio Hondo, in Cameron County, Texas, Dr. Estes graduated from the University of Corpus Christi with a Bachelor of Science degree. In 1954 he received his Master of Education from the University of Texas. Dr. Estes did graduate work at Baylor and earned the Doctor of Education degree from Harvard University.

The Superintendent began his career as an elementary and high school science and math

teacher in several Texas school systems. He served four years as principal of Lake Waco School, Waco, Texas, and from 1959 to 1963 was assistant superintendent for instruction in Chattanooga, Tennessee. For the next three years, he was superintendent of schools in Riverview Gardens, Missouri, a suburb of St. Louis.

In 1965, Dr. Estes went to the U. S. Office of Education as a Ford Fellow Washington Intern in Education. After several rapid promotions to higher offices, Dr. Estes became the Associate Commissioner of the Bureau of Elementary and Secondary Education until he resigned to become the Dallas superintendent.

Seated around the table from left: Herman F. Benthul, Curriculum; H. D. Pearson, Business; Rogers Barton, Planning; Allen G. Cannon, Personnel; Robert H. McKay, Operations; Hollis Allen, Pupil Personnel; Don E. Matthews, Communications; Dale Douglas, Deputy Superintendent; Nolan Estes, General Superintendent; C. C. Miller, Development.

## *Assistant Superintendents*

*Dr. Nolan Estes*

Mr. Durrett carries out his job as principal with enthusiasm and a sense of humor.

With the beginning of the new decade of the seventies, Mr. Durrett has continued to show his excellent qualities as principal and his genuine interest in the welfare of all Kimball students.

Born in Missouri, and having attended Iowa State University, Mr. Durrett had the honor of serving as student body president and graduating with a Master of Arts Degree.

Mr. Durrett has had considerable experience in the Dallas schools, having served them as a coach for Oak Cliff High School, now Adamson, for fifteen years. Prior to his appointment to Kimball, he was principal at both Margaret B. Henderson Elementary School and Boude Storey

Junior High School. He became the principal of Kimball in 1958 when the school first opened its doors.

Mr. Durrett feels strongly that every person can receive a motivation, an ambition, and a challenge from his education, and that every person should use all that he learns to the best of his ability.

Part of the heartbeat of Kimball is within the person of Mr. Durrett, and every student that has ever walked through the halls of Kimball High School has realized the important part that Mr. Durrett plays in the life of the school.

*Mr. W. P. Durrett*  
*Principal, Justin F. Kimball High School*

### *Assistant Principal, John T. Thornton*

Mr. John T. Thornton was a newcomer to Kimball in the 1969-70 year. He came to us from Crozier Technical High School, where he was a track coach. After graduating from high school in Bonham, Texas, Mr. Thornton attended North Texas State University. There he received his Bachelor's and Master's degrees in physical education.

Most of Mr. Thornton's time is devoted to his work, but his favorite outside activity is attending sports events.

When asked what he liked most about the school, Mr. Thornton replied, "I am most impressed with the pride that everyone takes in Kimball."

## Counselor's Staff

"We are here to endeavor to help students realize their capabilities." This is the responsibility of a counselor, according to Miss Smith. A counselor was very important in the life of a student this year. Counselors were helpful in personal as well as social and academic problems. They assisted students in getting jobs and also in receiving scholarships. A counselor set up the program of each student after it was outlined by the student.

Aside from individual work with the students, Miss Smith and Mrs. Ott were sponsors of the Student Council.

All financial records of Kimball are kept in the principal's office. This office also makes out the budget from which the school has to work.

## *New Changes Made in the English Department*

In keeping up with the changing world of today, new aims were incorporated into the curriculum of the English Department of this year. There was an all over intensified effort to meet the individual needs of the students.

In order to meet these needs, new and different teaching equipment and methods were added. New materials for the remedial classes were received. There was also an increase in reading and vocabulary building materials for all English classes. The new improvement program for the teachers has, no doubt, brought about many of these changes and will continue doing so through the next year.

Mrs. Burney assists Cathy Hare as Patty Whitaker works on the assignment.

Mrs. Menefee reads to her class as Colleen Jenson, Joan Carr, Julie Tacker, and Barbara Hendricks follow along.

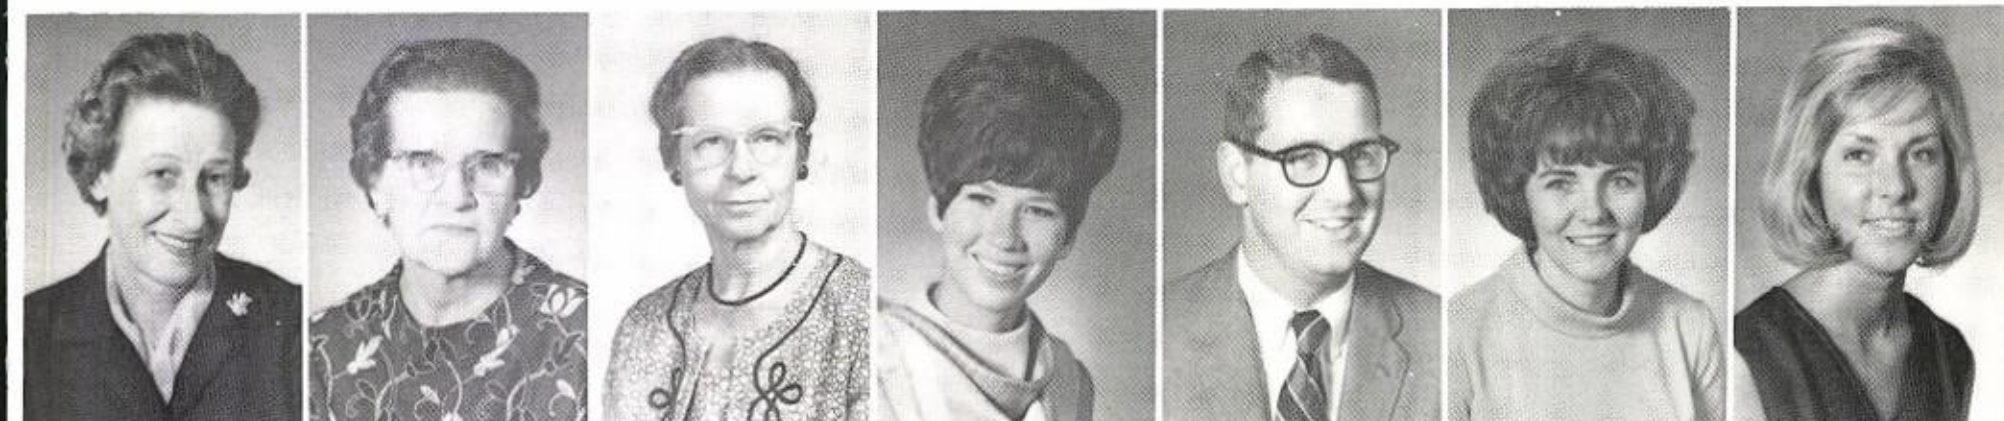

Mrs. Little observes her class of busy English students.

Teachers of the English Department found many ways to contribute their time to Kimball this year. Helen Menefee presided as Chairman and anticipated the changes made in the curriculum. Linda Wade devoted her time to the *EXCALIBUR* and its staff. Susan Marland sponsored the cheerleaders, while Alan Mills coached Kimball's golf team for the 1970 year.

Four new teachers were added to the English Department this year. These were Loretta Lewis, Barbara Taylor, Judith Hurt, and Linda Akins. Mrs. Taylor, a Kimball graduate, claims she leads a very ordinary life. Mrs. Hurt and her husband enjoy collecting various antiques from the period of Louis the XVI. Mrs. Akins began a busy career by being sponsor of KNIGHT LIFE and Quill and Scroll. She is the only one of the four new English teachers that was really new to teaching this year. We hope all four felt welcomed at Kimball.

Two new clerks were added to the library staff this year. Mrs. Deuschle, who worked in the attendance office, and Mrs. Flores from Odee Publishing Company helped Miss Patton, the librarian, expand the opportunities available in the library.

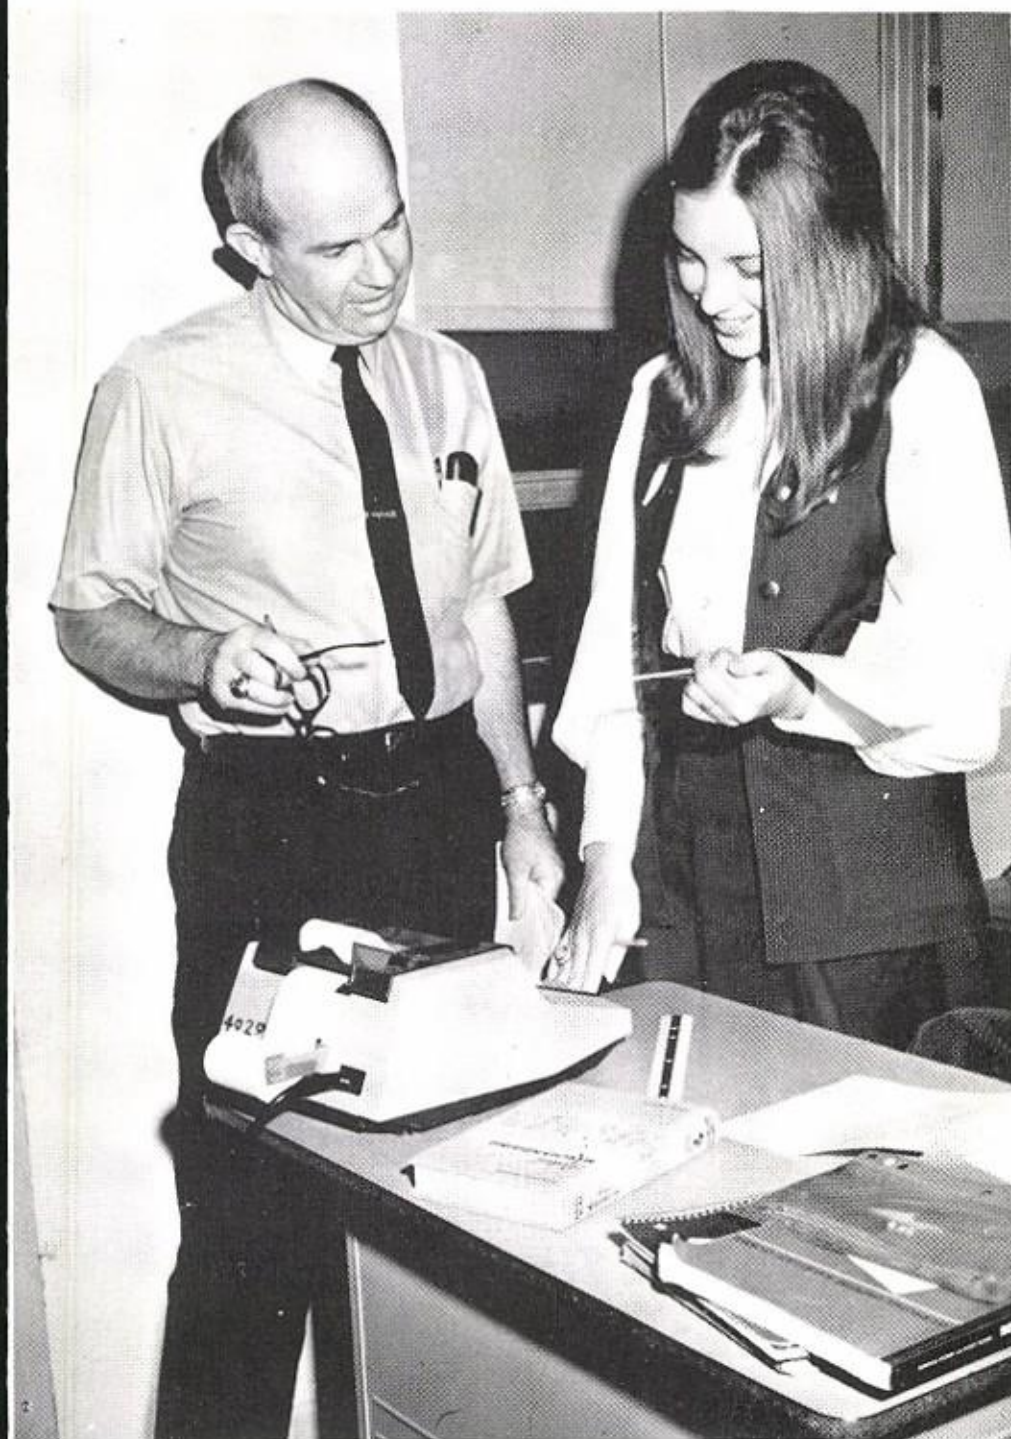

"The main objective," Miss Patton said, "is to increase the staff and size of the library, thus making it possible for every student to develop the habit of reading and have access to books that are suited to his interests and to his abilities."

Miss Patton, who has been teaching for thirty-four years, sponsored the Kimball Library Council, which is made up of all the library helpers.

## *Opportunities in the Business Department*

"To provide the opportunity for all students to learn a skill and use it in their future, whether it be personal use or for making a living" is the primary objective of the Business Department. The Business Department contains such varied classes as typing, shorthand, business math, bookkeeping, and Distributive Education.

Because of the large sized classes, the teachers of the business department found it difficult to provide a valuable skill for each student, but by working hard these teachers have accomplished many things.

A newcomer to Kimball this year was Mrs. Gaynell Hall, who took Mrs. Sandy Brown's place as a typing teacher. Mrs. Hall graduated from Abilene Christian College.

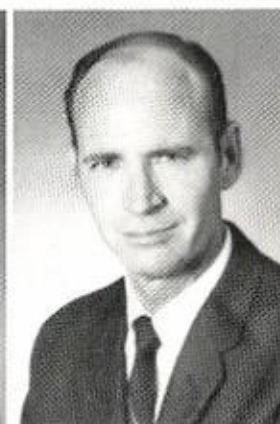

Mrs. Alexander, who teaches typing, sponsored the Majorettes this past year.

# *Social Studies Department — New Techniques and New Teachers*

Social Studies took on a new perspective with the addition of five teachers.

Joe Payne, who is working on his graduate degree at East Texas State University, began his first year at Kimball teaching American History.

Newly-wedded Mrs. Jackie Wall also joined the Department this year, teaching American History. Besides teaching, Mrs. Wall participated in one of her many hobbies, supporting the Kimball football team. Her many other hobbies include skiing, swimming, and cooking.

World History classes saw a new face this year in Gayla Kokel. Teaching her first year at her alma mater, Miss Kokel took an active part by sponsoring the Y-Teens.

Joining the History Department for the first time was Steve Ellis. Mr. Ellis combines teaching American History with coaching the swimming team.

Sammie Wester, after teaching in Germany for a year, came back to the United States. This was her second year at Kimball. Miss Wester directed the Current Events Club. She taught World History and European History.

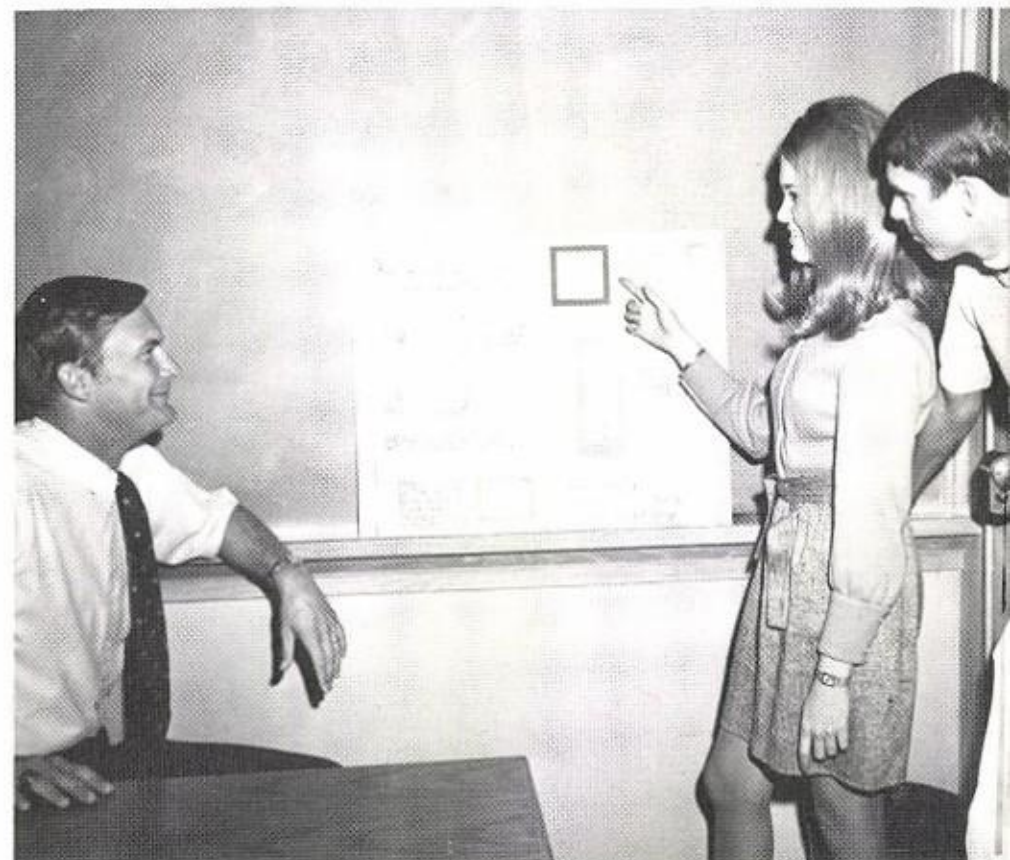

Hansel Martin came to Kimball for his third year of teaching and coaching. Mr. Martin was a four year letterman at UTA after graduating in the first senior class at Kimball in 1960. Mr. Martin directed American History classes and coached Kimball's tennis team.

Miss Karen McVean also instructed American History classes.

Jack Hitchcock and John Campbell taught American History this year. They are both graduates of East Texas State University and both hold Master Degrees.

Byron Rhome returned to Kimball for his sixth year, teaching Texas History, while Troy Miller returned for his fifth year in World History.

John Pritchett, Head of the Social Studies Department, taught Civics, Problems of Democracy, and Economics. Mr. Pritchett is sponsor of the Current Events Club.

Social Studies was expanded this year to include Advanced European History. This allowed students to take college work in high school. Innovations in this Department included a microfilm reader and a new approach, "The New Social Studies." The latter is designed to create participation by the students to make history courses more relevant to the time.

# Language Department Focuses on Involvement

Involvement was the keynote of foreign language education as several new curriculum changes were made. In the newly-created fifth-year Spanish class, special emphasis was placed on facility in conversation and on exposure to the literature of Spanish-speaking peoples. In Latin classes, new text materials led to the use of tapes in the language laboratory to stress the facts that Latin is a spoken language and that the tradition of Latin literature is an oral one.

New teachers in the department were Miss Cynthia West, who studied in France, and Mrs. Anne Abbe, whose teaching experience encompasses four years of substituting and two years of full-time teaching.

Teachers returning to Kimball included Mrs. Aurora Moreno, who was president of the Dirt Dobbers Garden Club, and Mrs. Dorylee Plexco, who took up golfing in her spare time. Also resuming their careers at Kimball were Mrs. Ivy Blair and Mrs. Ruth Hoeffler, who shared an avid interest in professional theater productions.

Mrs. Blair and Holly Rawlings discuss one of the numerous problems of French grammar.

The language laboratory proved to be an indispensable tool for German students Marsha Allen and Sherri England.

Mrs. Moreno's lectures proved interesting as humor was often interjected.

# Math Department Has Devoted Staff

Change did not affect the personnel in the math department. All of the teachers were previously at Kimball. Mr. Dickey taught forty-one years prior to this year, with thirty-two of these years spent in coaching. Miss Fite taught each successive year after Kimball opened in 1958.

Mrs. Covert sponsored the Future Teachers of America; she herself was a teacher for sixteen years. A diversified curriculum of related algebra, geometry, and business math was taught by Mr. Christian. Teaching music in an advanced studies program and advising the Slide Rule Club occupied many of his hours after school.

New ideas and concepts were brought forth in the field of mathematics because of modern technology. At Kimball, the mathematics teachers tried to bring out these principles. Diligently, the instructors of the different phases of math sought to transmit knowledge to each student. This was necessary because math quickly became the basic element in industry.

# Equipment in Use for Advanced Studies

Calculus students used a computer which was needed to update the math program at Kimball. Mrs. Elder combined a section on computer programming with the normal calculus course. Mrs. Elder's twin sister, Mrs. Spray, also had a daughter attending Kimball. Family was one of the main interests to Mr. Robinson, whose wife had a baby boy in the summer of 1969.

# Science Department Returns With Able Leaders

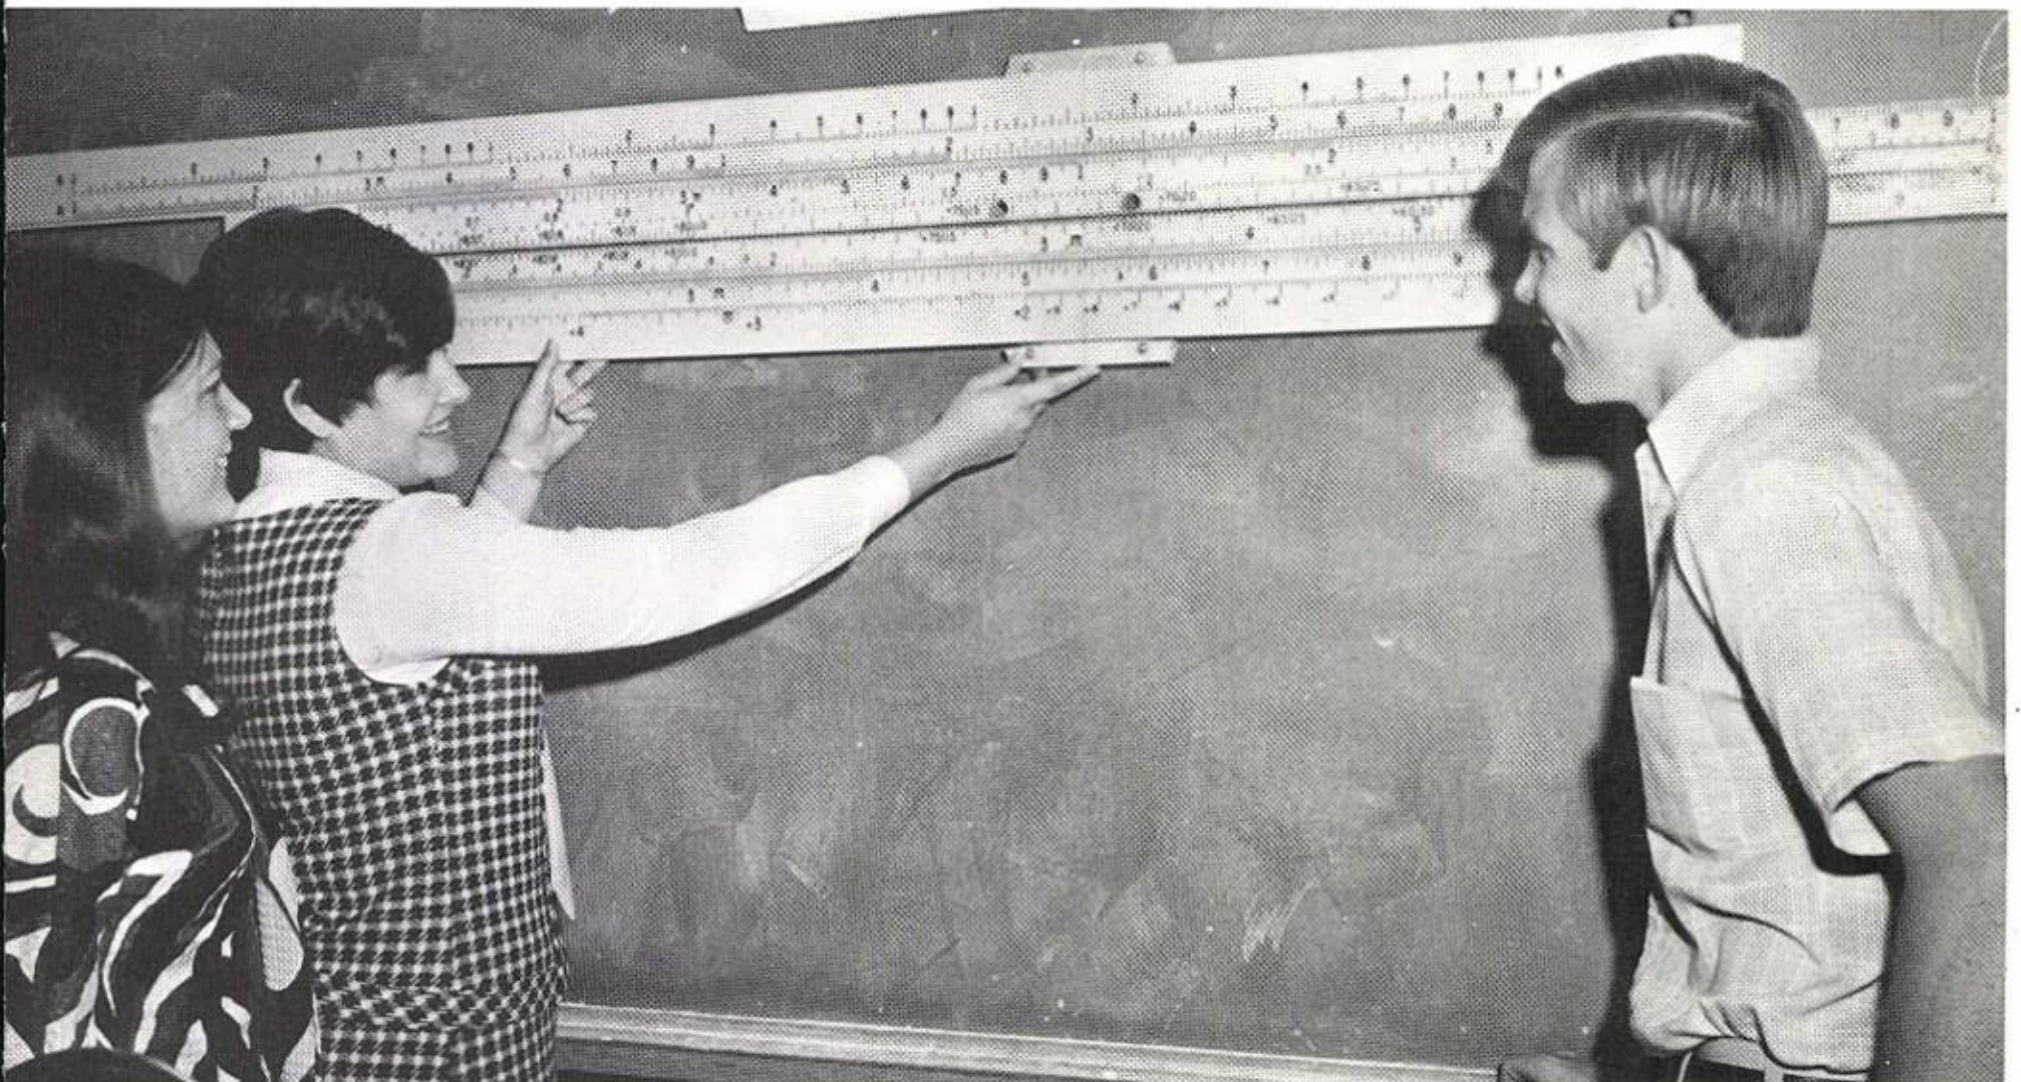

To relate the laws of the universe to all students was the goal of the science department this year. Paul Loftin, sponsor of the Biology National Honor Society, remained chairman of the department after teaching at Kimball for nine years. Also having instructed for nine years was Mrs. Milke, who not only taught chemistry, but found time to do bookkeeping for her husband's business as well.

## Teachers Active in Clubs

A new course in the science department, high academic biology, was taught by Mrs. Liljestrand. She, Mr. Davis, and Mrs. Pylant were the sponsors of Future Scientists of America. Another newly organized science club, the Medical Careers Club, was under the direction of Miss Smith. Biology was taught by Mr. Brown, whose curriculum extended to the coaching of basketball.

She served as advisor to members of the Chess Club. The educational career was not new to Mr. Headrick, who had taught for twelve years, but who was new to Kimball. Previously, he was assigned to South Oak Cliff.

# Fine Arts Department Challenges Student's Creativity

Students are able to develop talent in various fields of the fine arts department in classes such as chorus, band, speech, and art.

"The main objective of our department," said Mr. Chambers, "is to coordinate Junior High School and High School activities."

New to the department this past year were Mr. Bob Thomas and Mr. Richard Bryan. Mr. Thomas took Mr. Bayless' place as sponsor of the stageband and orchestra; Mr. Bryan became chorus teacher when Miss Hayes left.

Another new addition to the department this year was new band uniforms which the band proudly displayed at the football games.

With great expression, Mr. Bryan explains some of the minor details of the music to the chorus class.

## *P.E., R.O.T.C., and Driver Education Departments Coordinate Mind and Body*

Students learn not only from required academics but also from group activities and organizations. Physical Education, Reserve Officer Training Corps, and Driver Education are such activities.

A newcomer to the Physical Education Department was Mrs. Carol Stacker. Mrs. Stacker, who has been teaching for three years sponsored the Troubadears and assisted Mrs. Frazee in teaching Girl's P. E.

Mr. Clark teaches students the basics of driving. He also sponsored the Traffic Safety Club and the Cross Country Track Team.

Lt. Col. Harmon White and S/Sgt. Paul Vines sponsored the R.O.T.C., which has won many and varied awards. The young men not only learn about the many opportunities available in our country's military services, but also learned the principles of the soldier citizen relationship on which this country was founded.

The ROYAL LANCERS perform a tricky routine for the student body.

# Homemaking Department Accents Consumer Education

Very much alive at Kimball this year was the Homemaking Department. Along with the new portable dishwasher, disposal unit, and Elna sewing machine, a new teacher was added. Mrs. Willems not only taught homemaking, but civics, also.

Mrs. Blackburn taught homemaking for 11 years. Mrs. McLain taught Home and Family Living, a course giving helpful suggestions on how to cope with home and family problems. Mrs. Darnell instructed classes in both areas of the field and has taught for six years.

"We plan to make use of Staff Development time to get better acquainted with the community needs," stated the teachers.

## *Industrial Arts Department Develops Skills to Solve Today's Technical Problems*

Kimball welcomed two new Industrial Arts teachers this year, Mr. Meek and Mr. Smith. Mr. Meek, in his first year of teaching, taught woodworking. Mr. Smith, also teaching for the first year, taught drafting, woodworking, and plastics.

Still with us were Mr. Turner, Mr. Owen, and Mr. Broughton. Mr. Turner has taught for 1½ years, all of which have been at Kimball. Mr. Owen has been at Kimball for nine years. His varied hobbies include fishing, football, and water sports. Mr. Broughton has taught for 11 years. His hobby is "a sticky subject"—collecting and classifying cactus.

"To develop in each student an insight and understanding of industry and its place in our culture" is the most vital objective.

# Study Hall, as Necessary as Eating

Study Hall, what would we have done without it? How could we have possibly managed to cram for that test next period or have gotten the sleep we missed because we were studying for that same test into the late hours of the night?

These teachers take an interest in Kimball. They may not have all sponsored a club, but they were still Kimball Knights. Mrs. Gannaway sponsored the Kimball Dance Club, and anyone could have seen how Kimball fared the week before in sports by looking at her bulletin board. No one looked forward to attending the meetings of Mrs. Kline's club each school day. If it were not for study hall, life at school would have been much harder.

Mrs. Averitt tells Bruce McElroy that he has been called by counselor.

## *Lunchroom and Custodian Staff Kept Kimball in Top Condition*

If it were not for the lunchroom and custodial staff, the building would have been in shambles. Under the direction of Mr. Charles Rush, the building was kept in the best condition possible.

The lunchroom staff provided well-balanced meals that we enjoyed. We owed a lot to these people for having kept Kimball in the condition it deserved.

## *Roundtable*

The Roundtable has always symbolized the best, whether it refers to the one in King Arthur's kingdom, or to the one at Justin F. Kimball High School. Each year the EXCALIBUR has the honor of presenting to the student body the names of those students who have been selected as members of the Justin F. Kimball Roundtable. The faculty diligently studied the Senior Class of 1970. They were looking for those special people who have demonstrated above average achievement in academics, leadership, activity participation, and in cooperation with others. Being selected as one of the twelve members of the Roundtable is the highest recognition the teachers at Kimball can bestow upon a student.

## *Barbara Rollings*

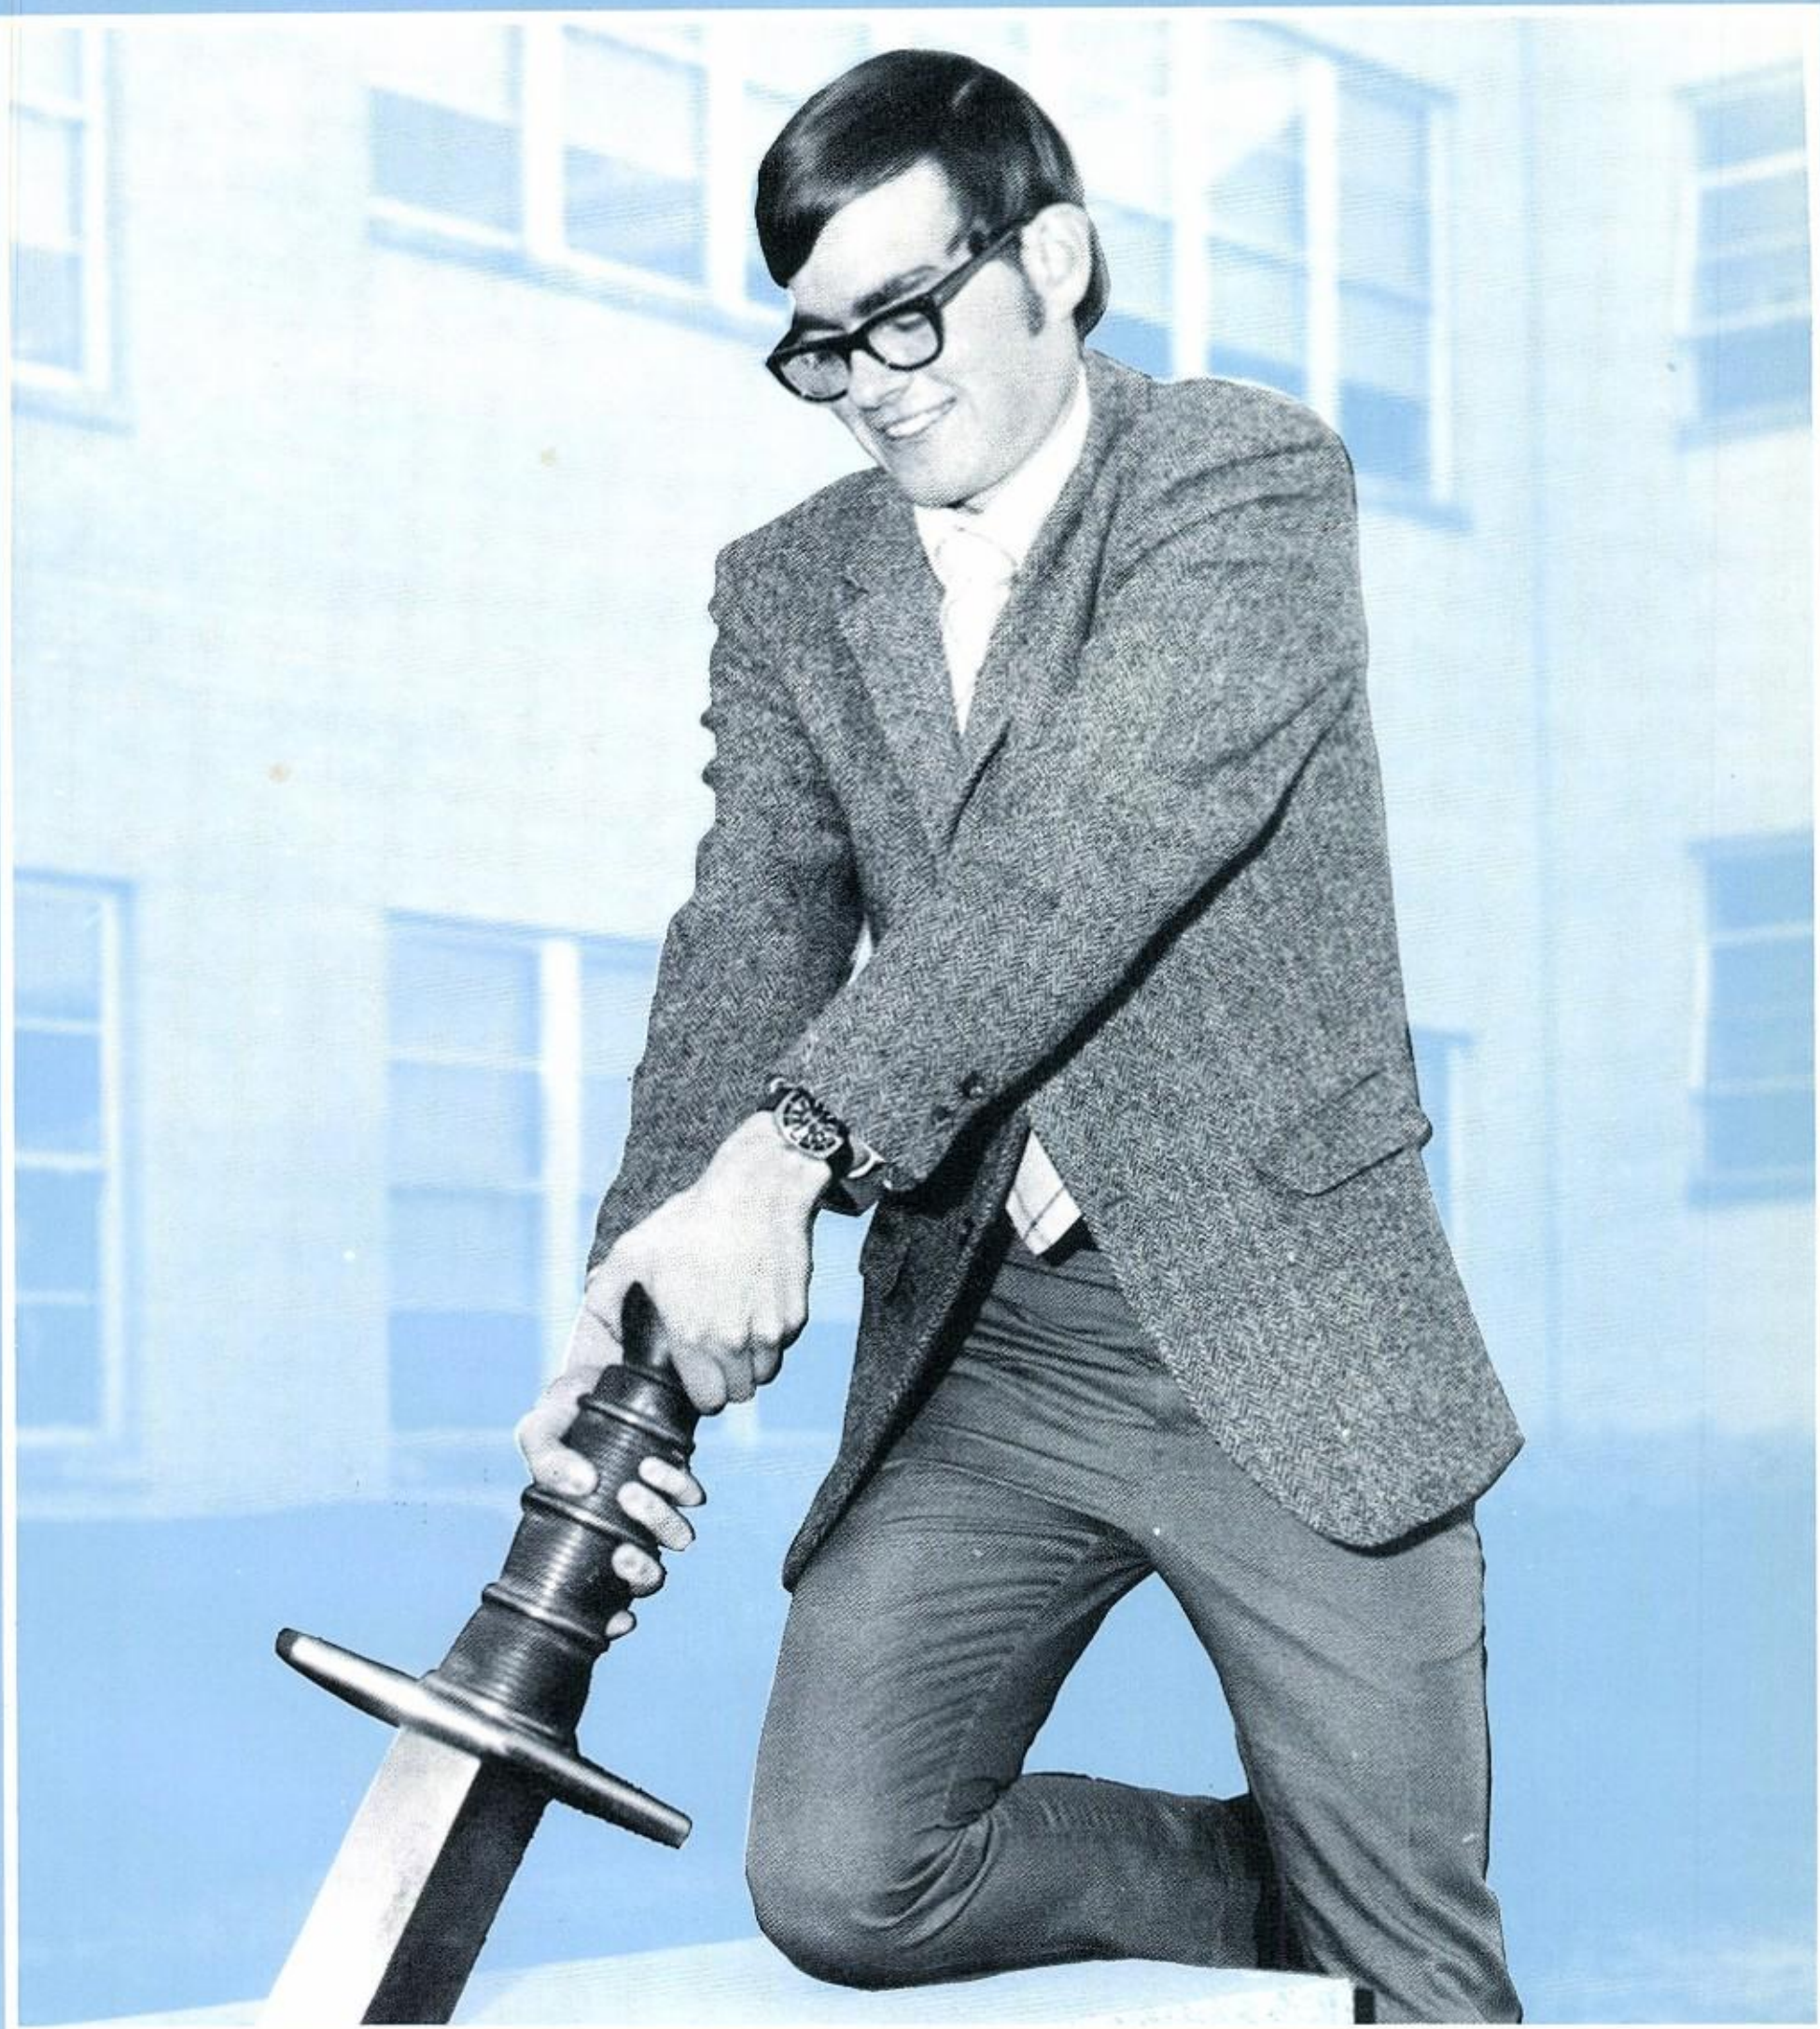

Distinguished by loveliness and congeniality, Barbara Rollings was a favorite among her many friends and acquaintances. Most and favorite are synonymous with Barbara. She was selected as class favorite her sophomore and junior years and Most Popular Girl her senior year. Always ready with a smile, Barbara has labored in many clubs and organizations such as El Sol and Student Council. She has actively participated in all of Kimball's spirit organizations including Fleur-de-Lis, Troubadears,

and Cheerleader.

Great intellectual capacity combined with a genuine concern for others has warranted her election into the National Honor Society and Spanish National Honor Society. Barbara's leadership ability has been felt not only by Kimballites but also by members of the Hi-Line Teen Panel, of which Barbara served as President.

Instant smile . . . instant greeting . . . instant friendship . . . that's Barbara.

## *Mike Jones*

As a president's president, Mike Jones has left no doubt about his leadership ability. Leading the scholastically elite, he has been elected President of the National Honor Society. Easily recognized in his tall hat, Mike led the marching band on the field throughout the football season. An outstanding debator, he has served the National Forensic League as its President. Having earned the respect of his classmates, he was elected President of the Senior Class.

His scholastic ability has earned him membership into the Spanish National Honor Society, Biology Honor Society, as well as a National Merit Letter of Commendation and a Bible Credit Award. Student Council, Thespians, Current Events, and Knight Beats have offered other outlets for Mike's many abilities.

Surely with all of his attributes, Mike can at least budge the sword.

## *Earl Taylor*

Musical ability and scholastic aptitude are very evident in Earl Taylor. A member of the marching band, he also has been Vice-President of the National Honor Society. Through his scholastic efforts, he has received a National Merit Letter of Commendation and a Bible Credit Award.

His activities are not solely limited to these. From

Student Council his interests go national with the Current Events Club to international with French Honor Society and A Jamais, of which he was president. As if these activities were not enough to keep him busy, he still found time to perform in many plays and to spend endless hours in perfecting debating techniques.

## *Willis Marti*

Scholastic achievement is certainly a characteristic of Willis Marti. As one of the top four science students, Willis represented Kimball and the Dallas Independent School District at the 1969 National Youth Conference on the Atom, October 22-25 in Chicago. Through membership in the Science Club, he has been able to further his interest in the field of science. His scholastic excellence, however, is not just limited to science, for he has been named

National Merit Semi-Finalist. His election to the National Honor Society gives evidence of his leadership abilities. He has been an R.O.T.C. Battalion Executive Officer as well as Vice-President of the Chess Club. With a curious mind willing to accept change, he sought to improve the world as well as himself through Student Council, Red Cross, and the Current Events Club.

## *Marshall Millsap*

Proving his dedication to serve, Marshall Millsap has been a part of many activities and organizations at Kimball. Whether the offices were elected, appointed, or voluntary, he has fully executed his duties in each. He has confirmed the confidence of his classmates as President of the Student Council. In that capacity, he represented Kimball on the Student Advisory Committee. With a combination of intelligence, leadership, and ambition, Marshall has earned the respect of all at Kimball. He was elected

to the National Honor Society by the faculty and Most Likely to Succeed by his fellow seniors. Marshall exhibited scholastic excellence by receiving a National Merit Letter of Commendation. The Fine Arts Department claims the remainder of his time from Marching Band and Knight Beats, plays and Thespians to debate and N.F.L.

Always prepared to contribute with actions or words, Marshall exemplifies a true Kimball Knight.

## *Ruthie Hejl*

Whether presiding over a meeting of the Red Cross or performing as a Troubadear on the football field, Ruthie Hejl's vivacious personality, scholarly qualities, and leadership initiative are constantly in evidence. She actively participated in Student Council and National Honor Society, and she served as Secretary of the Spanish National Honor Society. As the Kimball delegate to Bluebonnet Girls' State and to the Dallas Times Herald Teen-Age Council, she

augmented her interest in world problems. Ruthie has selflessly given her time and talents for the betterment of her school: as Editor-in-Chief of the *EXCALIBUR* staff, she headed the production of an award-winning yearbook. A secretary in the Concert Choir, she was involved in the staging of *Brigadoon* and *How to Succeed*. Recognized as one of the friendliest girls at Kimball, Ruthie has truly earned her place in Roundtable.

## *Brad Lindley*

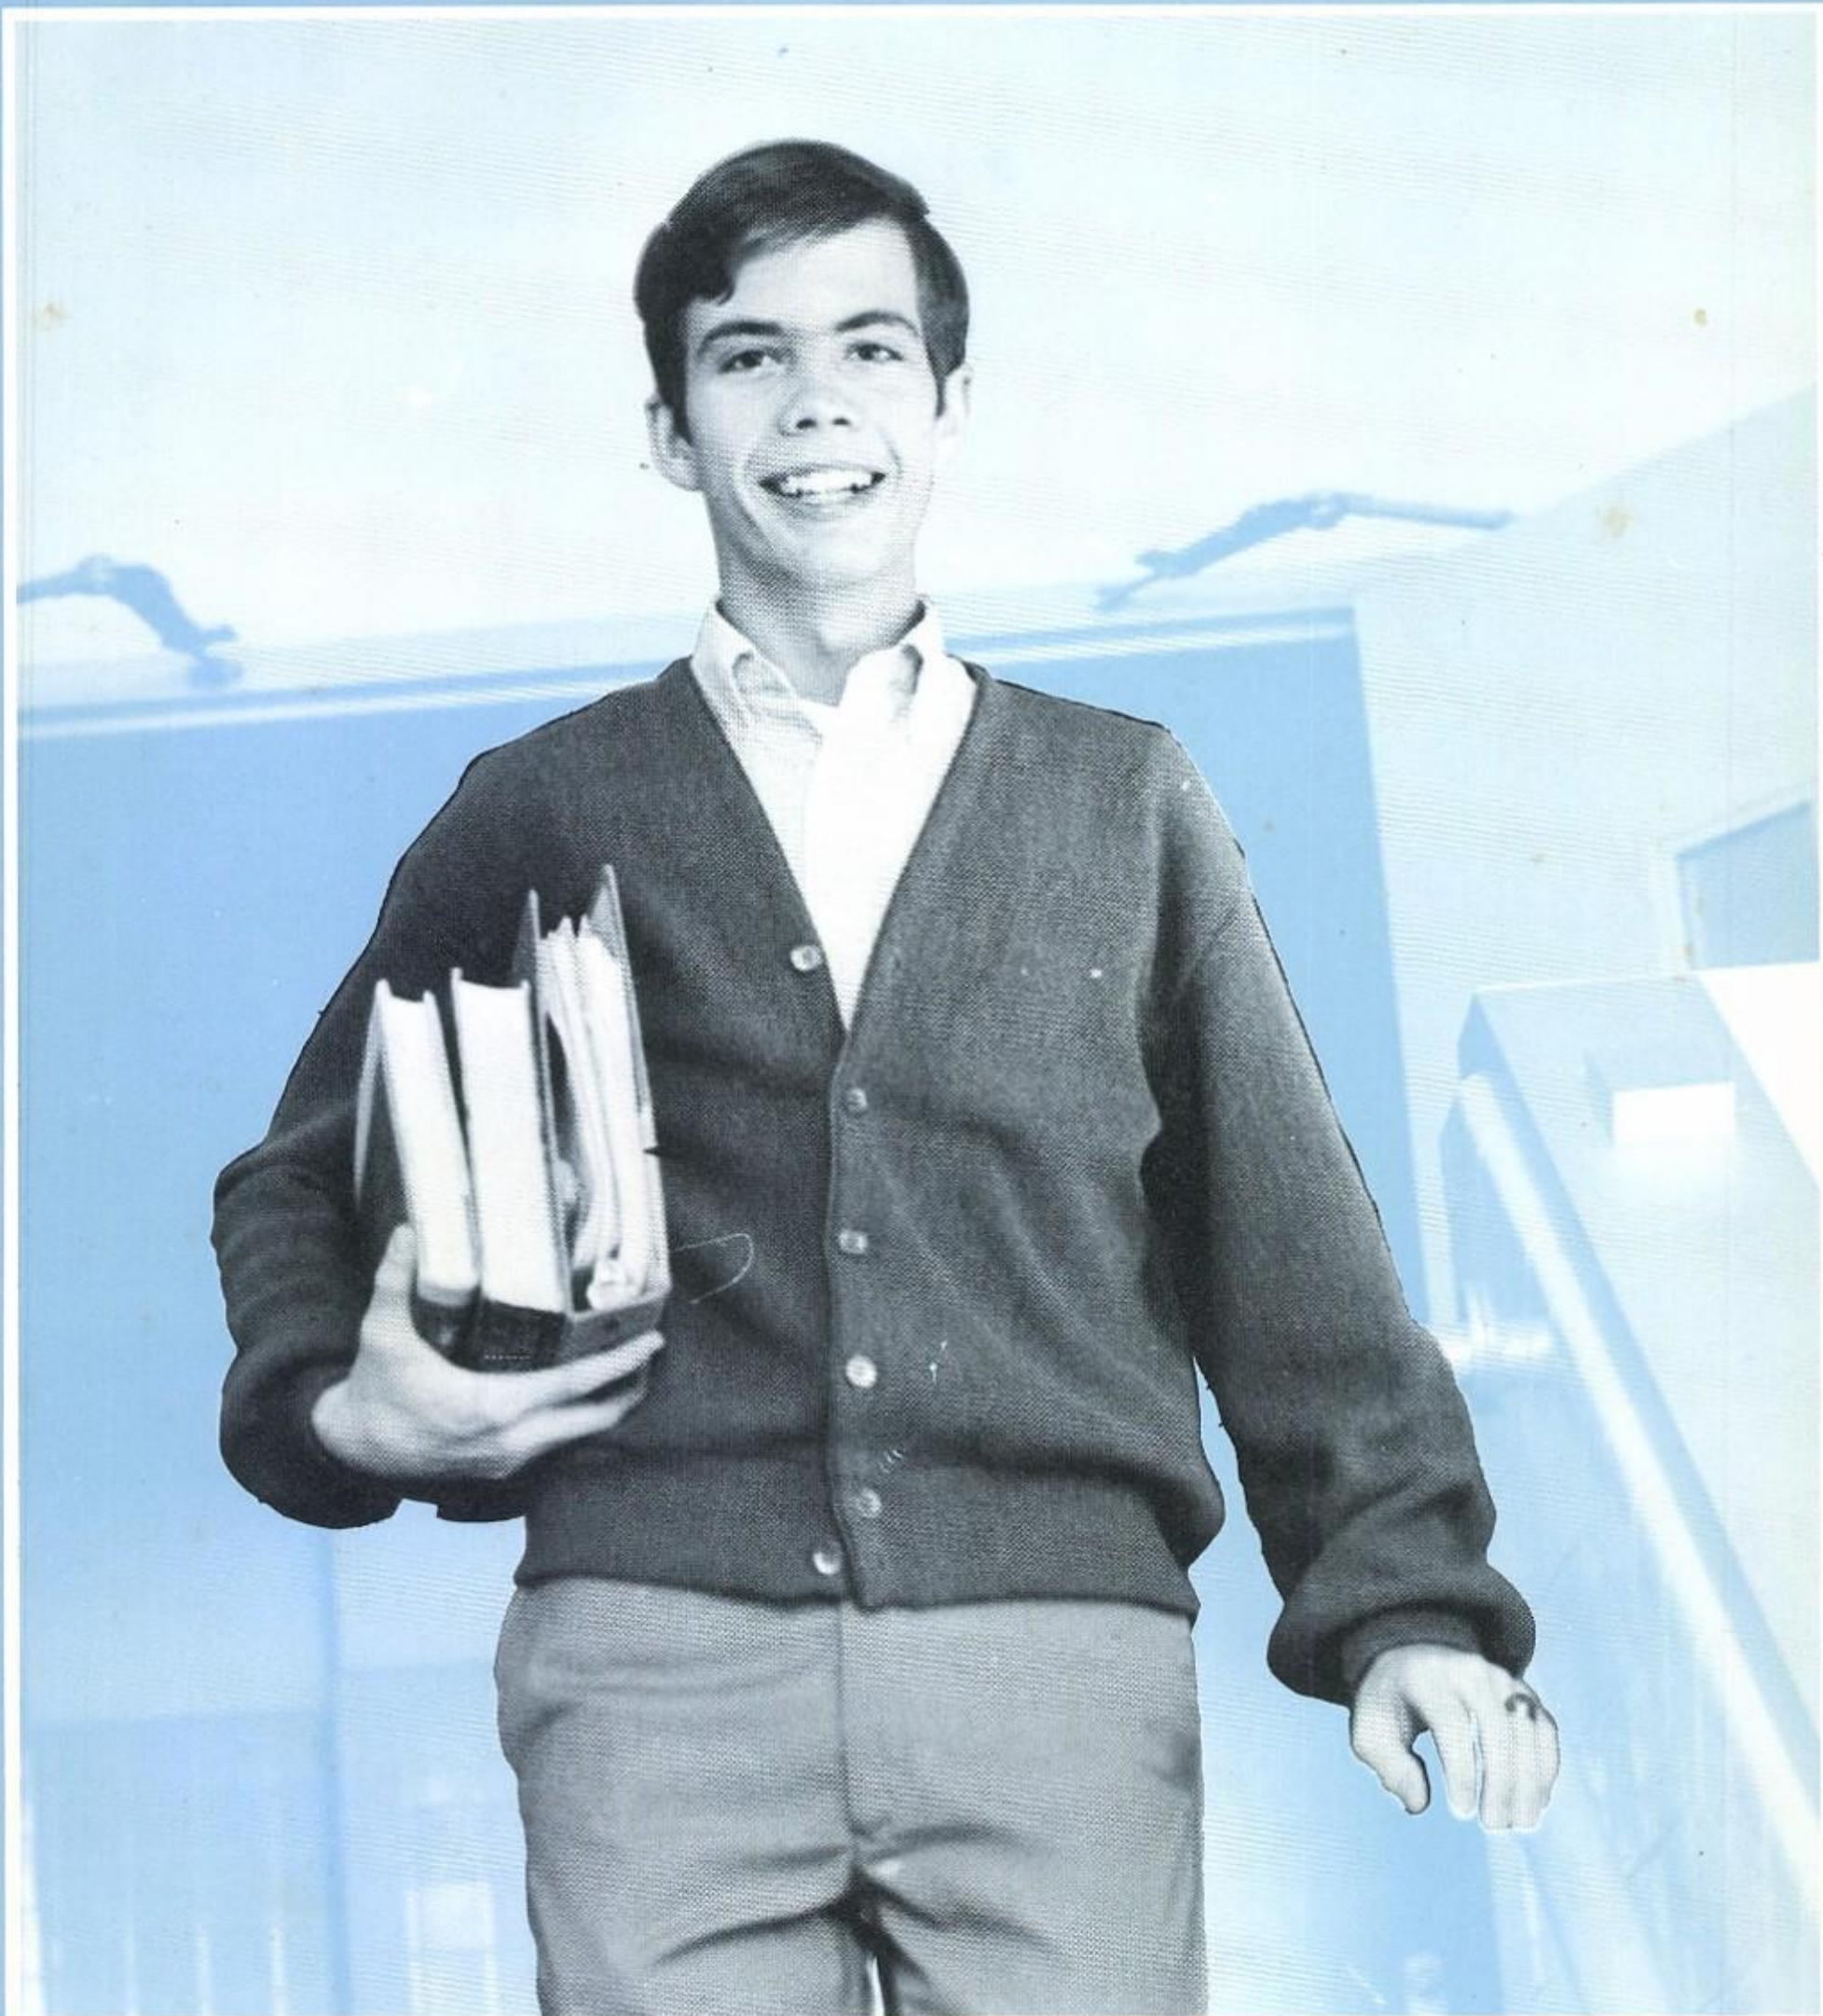

Buoyant and debonair, Brad Lindley has won many friends through his warm-heartedness and ready smile. He seems to have that special talent for making friends. This talent is one good reason for his being elected by his fellow seniors as Friendliest Senior Boy.

Participating in all of the Student Council activities, he has continually worked for the betterment of Kimball. His membership in the National Honor

Society is evidence of his scholastic achievement. He also shows his concern for others as a member of Red Cross.

Brad has been a familiar figure at every football game. He was ideal for the Kimball Knight in that the qualities Sir Justin exemplifies come natural for Brad. He was always there to raise school spirit, to exhibit enthusiasm, and to boost our team to victory.

## *Bob Siedell*

Always ready with a helping hand and a workable suggestion, Bob Siedell displays the qualities of a good leader. Under his leadership, the Traffic Safety Council, of which he has been president, has been recognized as one of the top in Dallas. Bob also represented Kimball at the Dallas High School Police Council. Bob did not stop with just giving suggestions. In addition, he has been willing to spend much of his time carrying out various activities and projects. Many of these activities related

to the Science Club. As president of this organization, he busied himself with arranging for guest speakers and field trips. He has been an active participant in Student Council, Concert Choir, and El Sol. As Advertising Editor of the *EXCALIBUR*, his many hours of toil, labor, and just plain hard work can be easily seen in that section of the annual. Along with his leadership qualities, his friendly and easy-going manner have earned for him the respect of all who know him.

## *Rick Garnett*

In the image of the ideal American boy, Rick Garnett is not only a dedicated athlete but also an acknowledged scholar. His activities range from signing the National Honor Society's new membership book to centering the football. In the latter position, he received an All-City Honorable Mention. He did not, however, limit his participation to one sport. In addition to playing football, he was a member of the Varsity Track team. His athletic en-

deavors also gained him admission into the Letterman's Club.

Interested in helping people, Rick was a member of Red Cross. Concerned with his school, he played an active role in Student Council activities. His out-going personality has easily won for him many friends. Rick is indeed a person with many abilities, whether they be scholastic, athletic, or just being able to get along with people.

## *Elissa Martella*

Initiative, friendliness, and a keen wit characterize Elissa Martella's personality. Her spirited enthusiasm has proven contagious among her friends in Fleur-de-Lis and Troubadears. As Wittiest Senior Girl, she was always quick with something to say. She has also exhibited her capacity of leadership as Sophomore Class Secretary, Junior Class Treasurer,

and Secretary of the Senior Class.

Elissa's inexhaustible energy has been welcomed in activities of Student Council, Concert Choir, and El Sol, for which she served as secretary. From making posters to victory apples, Elissa did her best for Kimball . . . with a smile.

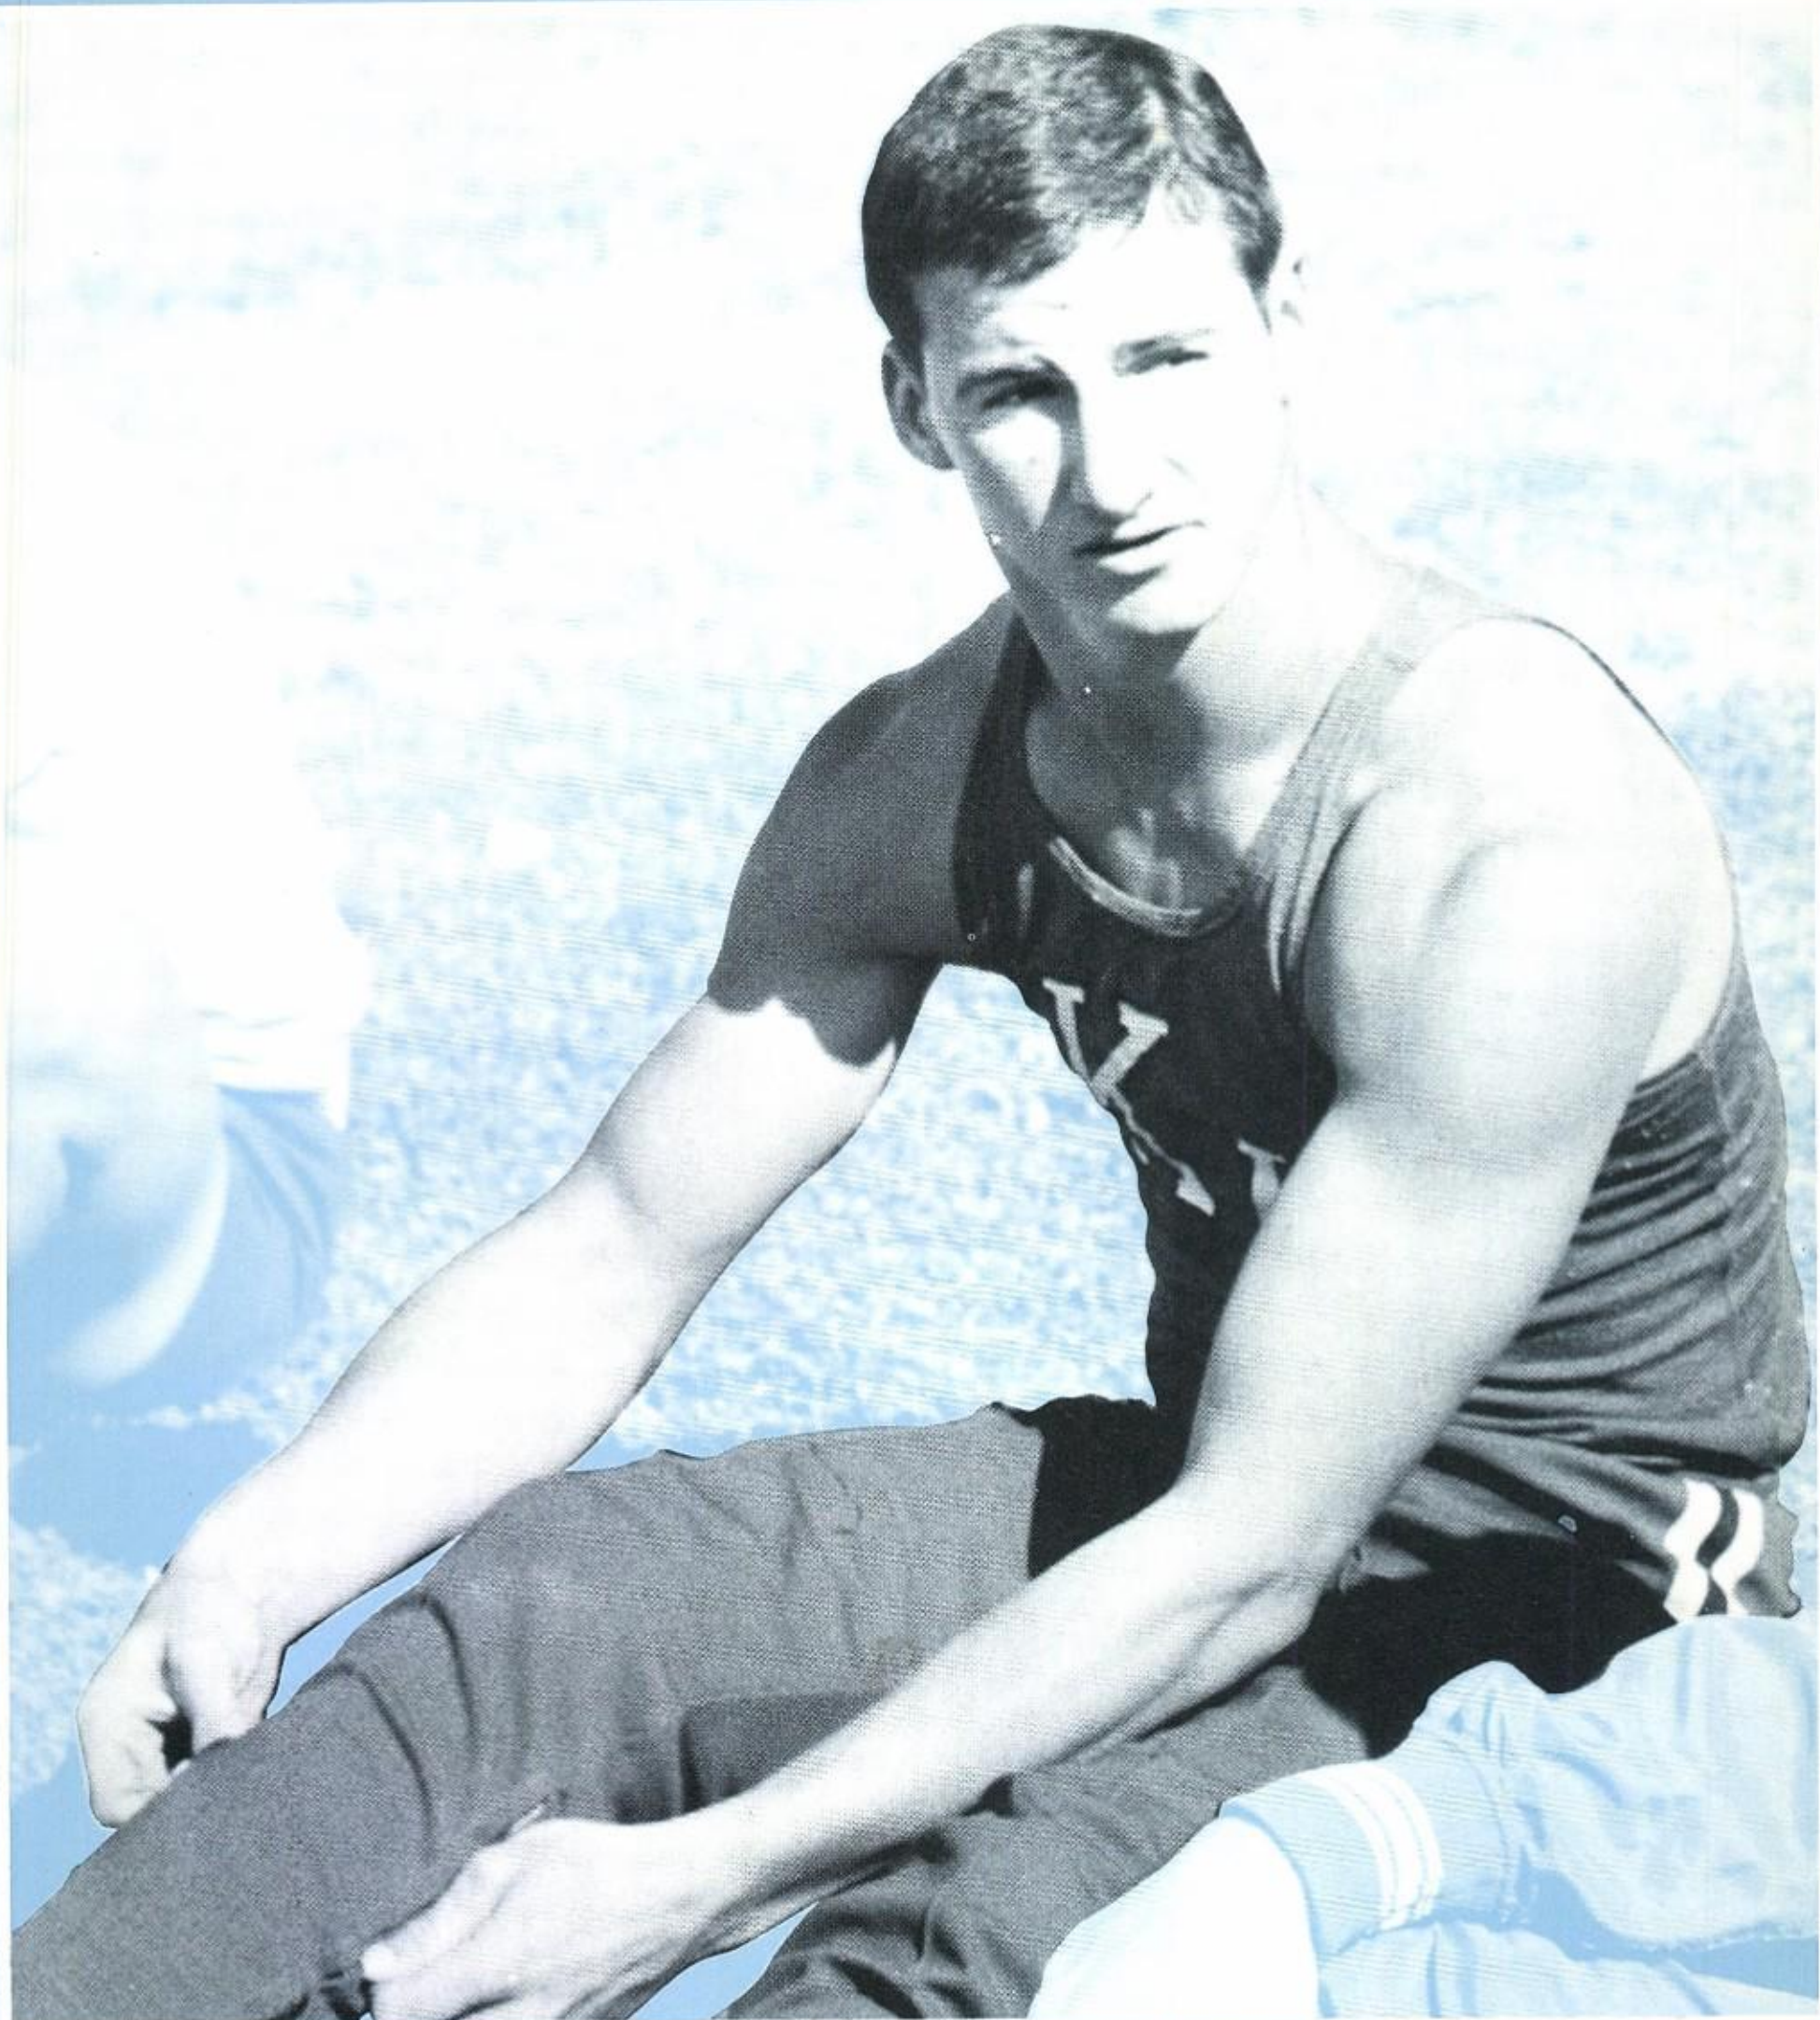

## *Gary Willis*

A constant desire to excel in all that he did has been evident in every activity in which Gary Willis participated. Leadership gained by work in R.O.T.C. has been demonstrated by his reaching the rank of Battalion Director of Instruction and Rifle Team Commander in that organization.

Active has been an adjective that clearly described Gary in extracurricular activities, as he has been a

representative to the Student Council, a member of El Sol, Science Club, and Chess Club. Work in debate and academic achievement has been rewarded by his induction into the National Forensic League and the National Honor Society. Dedication and work have been the two factors which have given Gary Willis the ability to excel.

## *Dickey Morton*

Determination, not talent, has long been the by-word of success. Talent, however, is created through determination. Dickey Morton has both. Versatility is the key word for him, as he was selected as an all-city athlete in two sports, track and football. But, football did not end with all-city. After being recognized as offensive player of the year for two years and selected as a member of the all-district team, he went on to all-state honors as a running back.

His talents were not overlooked by the Southwest Conference's eight head football coaches. A truly outstanding college prospect, he was chosen as a Blue Chipper. In addition to his athletic abilities, he was also selected on the basis of his scholastic ability. Dickey's reputation is no longer confined to Kimball. He represents the Knights commendably wherever he goes.

## *Activities*

We moved together; we moved alone. From the simplest club activities to the highest school honors, we plunged into life according to the direction of our own free spirit of movement. No abstract knowledge could be more important than involvement with life, reaction with people, or pursuit of interests when rhythms intersected and patterns continued, beyond the narrow confines of traditional academics.

## *Orientation Seeks to Involve New Students*

Orientation was a difficult process for the new Kimball students. These pupils enrolled at school one day before the rest of the student body, and Mr. Durrett informed them as to what to expect at Kimball. Later, at another orientation assembly, representatives from each organization sought to involve the new students in the various extra-curricular activities.

Sophomores await their first day of high school.

## *Spirit Reigns at Pep Assemblies*

Kimball's knight is even stronger than his horse.

Troubadears wear signs on their backs as a hex on Adamson.

Elissa Martella prepares victory apples at the White assembly.

Cheerleaders have wild costumes but no skit at the SOC assembly.

Spirit was abundant at the pep assemblies during football season. Although competition between the classes was present, there was a unified effort to inspire the team. The football wins caused much yelling, and the cheerleaders helped to promote enthusiasm with their yells. Their skits provided humor, for there were unexpected surprises in store for the student body. Kim Manning's Tarzan-like swing across the stage and Barbara Rollings' roller skates will be remembered by all.

## *Troubs, Majorettes Perform at Assemblies*

Troubadear officers finish an exciting routine to the strains of "Black Is Black."

Cheerleaders "carry" their team to victory.

Performances by the majorettes and Troubadear officers frequented the pep assemblies. A new arrangement of "When the Saints Go Marching In" set the background for a number by the majorettes. The splits and high kicks were recent additions to the routines made up by the Troubadear officers, and two of these routines were performed by the entire drill team at pep assemblies. The Dance Club performed for the first time in front of the student body, and the members did a mimic of the team's warm-up.

Coach Harlan speaks promisingly of the football squad.

Barbara Rollings seems really surprised at the Roosevelt assembly.

## *Excitement to Remember — 1969 State Fair of Texas*

When the State Fair came to town, Kimball students went to the fair. On October 17, many Kimball students made an appearance, looking for fun and excitement. Fascinating exhibits and entertaining rides were the main attractions.

Games at the Fair provided a challenge for every Knight. There was an abundance of prizes, and everyone had a chance to win one. Many Kimball students returned from the Fair with armloads of prizes and souvenirs.

Another attraction of the State Fair was the many people. For those who like crowds and excitement, the Fair was the place to go. Masses of people swarmed the Fairgrounds; friends and foes could be found everywhere.

Those Kimball students who were more serious-minded toured the Wax Museum and other buildings for educational entertainment.

John Pace and Pat Rhyner enjoy the food as well as the rides.

*Speech Department Presents*  
*Heroes Just Happen*

Benny Choate, Eddie Lowry, and Phil Taylor portray Kimball athletes.

Billy Gregory, as Coach Harlan, gives advice to Mike Barker.

Eddi Alexander, Julie Tacker, Janet Miller, Bill Evans, and Butch Strawn represent the Kimball faculty in deliberation.

For the first play of the year, the Kimball Speech Department presented *Heroes Just Happen*. Under the direction of Miss Breedlove, the cast portrayed members of the Kimball faculty as well as members of the student body.

The play showed what can happen when a shy, unassuming student is mistaken for a great high school football player. With this as the basic plot, the Speech Department showed a typical day in Kimball, with all its problems and hilarity.

The Speech Department this year gave the students a wide variety in entertainment. *Heroes Just Happen* gave Kimballites a lighter view of life.

# Homecoming Presentation Is Changed

Homecoming of 1969 took a new form when the presentation of nominees was made in the gym. The girls were escorted one by one as the announcer, Marshall Millsap, introduced them to the spectators. Jan Day was voted Queen, and senior Angela Carpenter, junior Gloria Toombs, and sophomore Sherry Fulkerson were her attendants.

All Knights, old and new, enjoyed the annual homecoming dance. Most of the people that attended danced to the music which was provided by the Majic. Others wished to visit old friends to discuss the past. The gym took a new appearance with red and blue crepe paper and balloons. Long and late hours were devoted to the decorations by members of the Student Council. Highlights of the week were the return of many former students, the decoration of all classroom doors, and the display of the knight.

# *Armistice Day Commemorates Courage and Patriotism*

The Royal Lancers honor the unknown soldier.

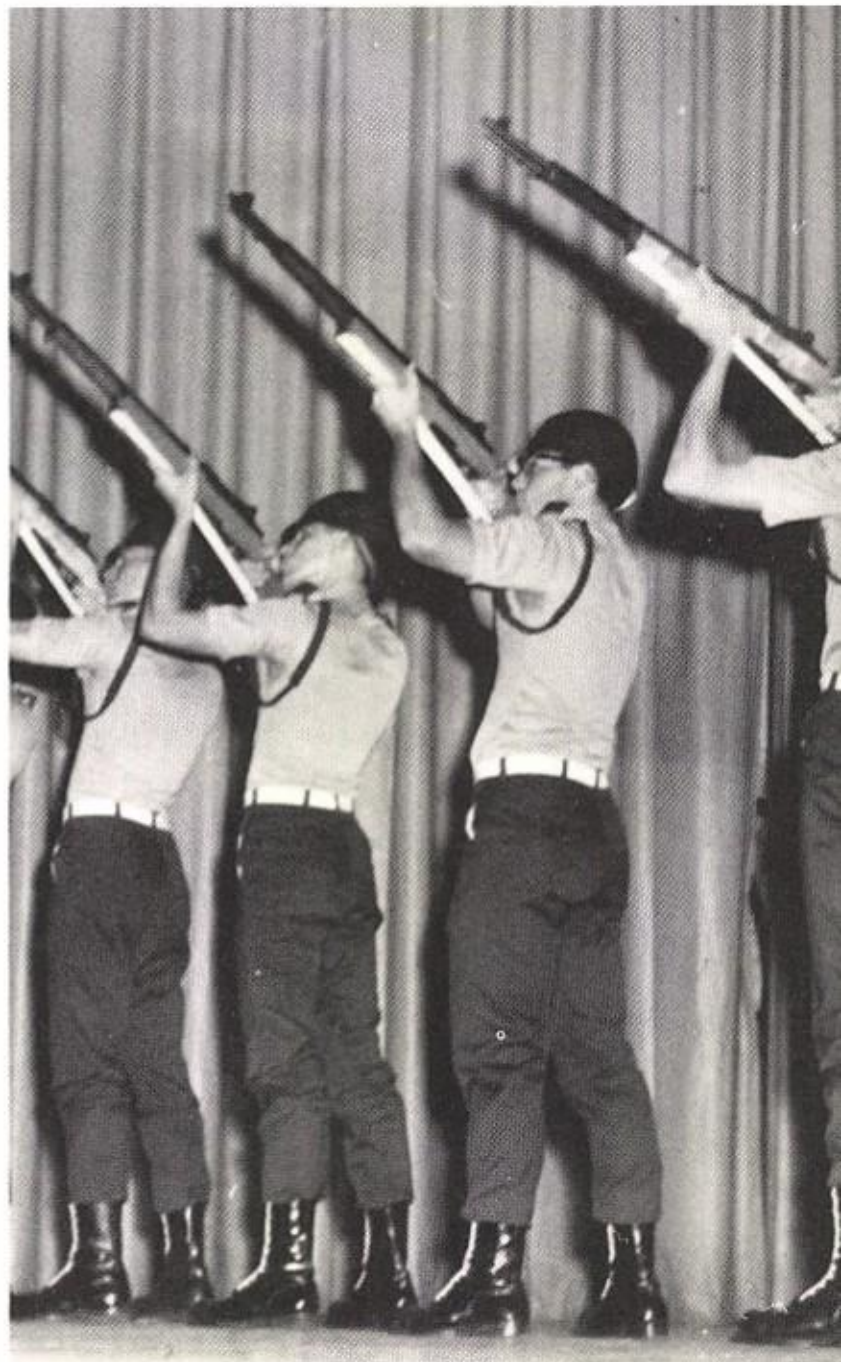

Mr. Bryan conducts the Concert Choir in "Testament of Freedom."

Armistice Day, which commemorates the courage and patriotism of those men and women who have served in the United States armed forces, was celebrated on November 11.

Students who attended school on that day were present at an assembly which honored all American veterans. At the assembly, the Royal Lancers performed routines while the remainder of the students and ROTC watched. During the program the ROTC also presented a memorial to the unknown soldier.

Also among those who performed at the assembly were the New Tyme Syngers and the Concert Choir.

A gun salute by the Royal Lancers honors the day remembrance.

# Music Department Presents Thanksgiving Assembly

Concert Choir and Orchestra members await the start of the program.

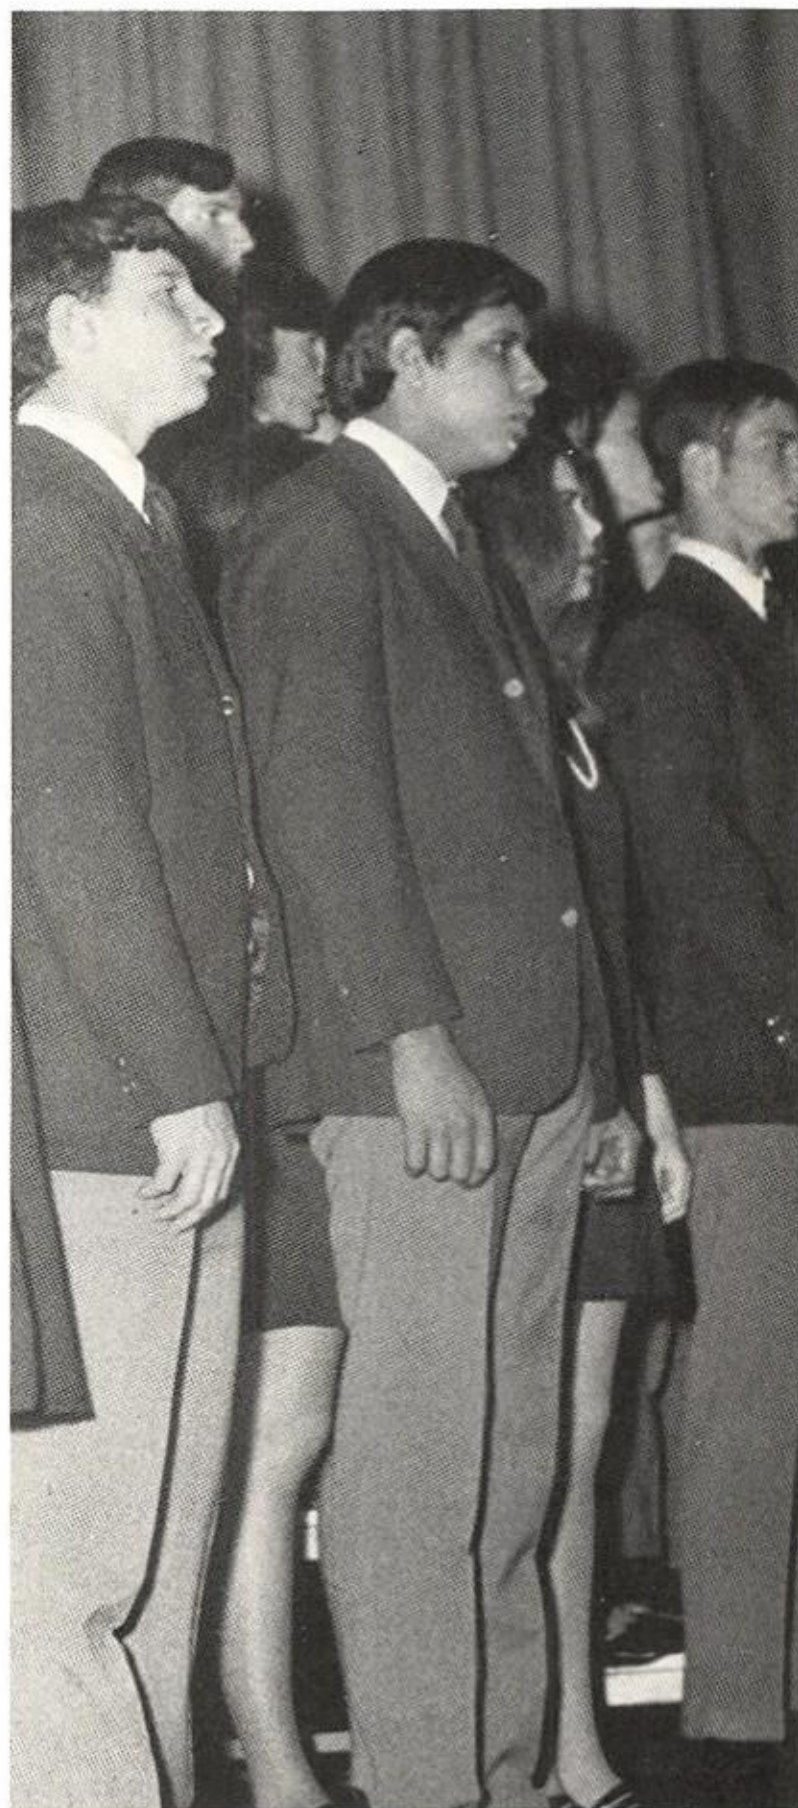

Mr. Bob Thomas directs the Orchestra in the theme from *The Lion in Winter*.

Debbie Hafer, Cindy Tinsley, and Steve Parish play 2001: A Space Odyssey.

Kimball students enjoyed a musical Thanksgiving assembly this year. The music department presented several modern numbers, among which were the themes from 2001: A Space Odyssey and *The Lion in Winter*. Under the direction of Mr. Bryan, the Concert Choir participated in the program. The choir sang several religious pieces; the New Tyme Syngers also performed. The members of the music department did an excellent job and provided an atmosphere of thanksgiving for the holidays.

Phil Taylor, Manuel Barrientos, Debbie Writesel, and David King perform in the program.

National Honor Society members are highly honored students at Kimball. They are honored for their scholastic and leadership abilities. These students set goals of achievement for every Kimball student.

The qualifications for membership in the National Honor Society are tough. Those students who meet the requirements are put on a nomination list. From these nominees, the teachers choose the members. Only a small percentage of students are chosen. These members represent the best in scholastic achievement at Kimball.

## *Medea: a Look at a Classical Play*

This year, under the direction of Miss Breedlove, *Medea* was produced by the drama department. *Medea*, a Greek tragedy, was the story of love that turned to hatred. Jason put aside *Medea* to marry another girl and triggered the hate in *Medea*'s heart. When she was exiled from Corinth, *Medea* searched for revenge against Jason. Her revenge was completed when she murdered Jason's two small sons and then left Corinth.

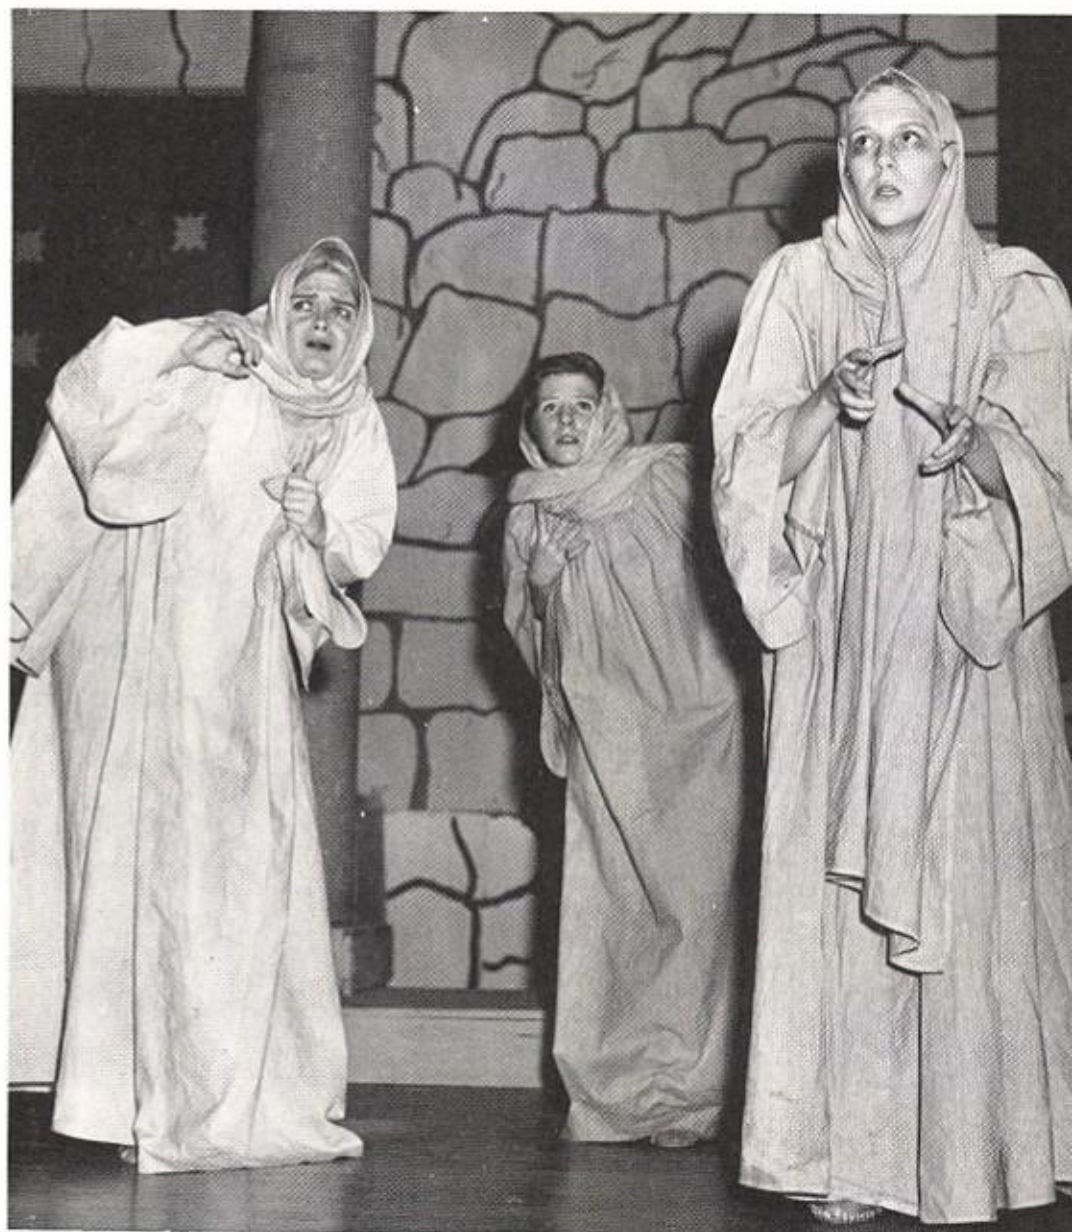

*Medea*, different from plays of the past, gave students the opportunity to view truly classical drama.

Medea reflects her hatred for Jason upon all who see her.

Diane Tyler and Kent Schreyer begin the Christmas Assembly.

The decorated Christmas tree stands over the performing Orchestra.

Yule time spirit was ushered in at Kimball with the aid of the Christmas Assembly. The assembly opened with the Orchestra under the direction of Mr. Thomas. During the Orchestra's performance, scenes of the Nativity were effectively flashed on the wall of the auditorium. Following that presentation, the Concert Choir and the New Tyme Syngers performed their numbers. Preparing the student body for the Christmas holidays, the assembly was a great success.

## *Brenda McCann Crowned Sweetheart at the Eleventh Annual Military Ball*

Beauty and festivity are only limited words used to describe the 1970 Military Ball. Each unit of the corps chose a sweetheart to represent it at this annual occasion. The highlight of the evening was the crowning of Brenda McCann as 1970 Military Sweetheart.

Other highlights of the evening were the Grand March, dancing, refreshments, and music provided by the Knight Beats. Everyone left with the memory of a beautiful evening.

Cindy Funderburk, Bill Buhler, Brenda McCann, and Mike Heddins participate in the Grand March.

## *Arsenic and Old Lace* *Draws a Full House*

By and far the most successful of the Kimball dramatic productions for the 1969-70 school year was *Arsenic and Old Lace* by Joseph Kesselring. Performed on the afternoon of February 5 and the evening of February 6, the play was an outstanding comedy with wide appeal.

The plot concerned two old maiden aunts who attracted lonely old men to their home by advertising a room for rent in the local paper. When the men arrived, the two old ladies performed the service of putting them out of their lonely misery by poisoning them with elderberry wine.

Mortimer Brewster, a nephew of the two ladies, found out about their "instant happiness service" and went into a near panic. The situation was further complicated by the arrival of Mortimer's long lost brother, Jonathan, who was somewhat of a Frankenstein type. Also, Teddy Brewster added to the confusion by acting like President Roosevelt.

The play ended with a solution to all the family's problems and with Mortimer's realization that he was not a Brewster at all.

Abby urges Mr. Gibbs to go over to the table for some elderberry wine.

Abby and Martha try to convince Jonathan not to stay with them.

Martha Brewster hears the knock at the door that brings Jonathan back into their lives.

## *Spanish Fiesta: A Colorful Occasion*

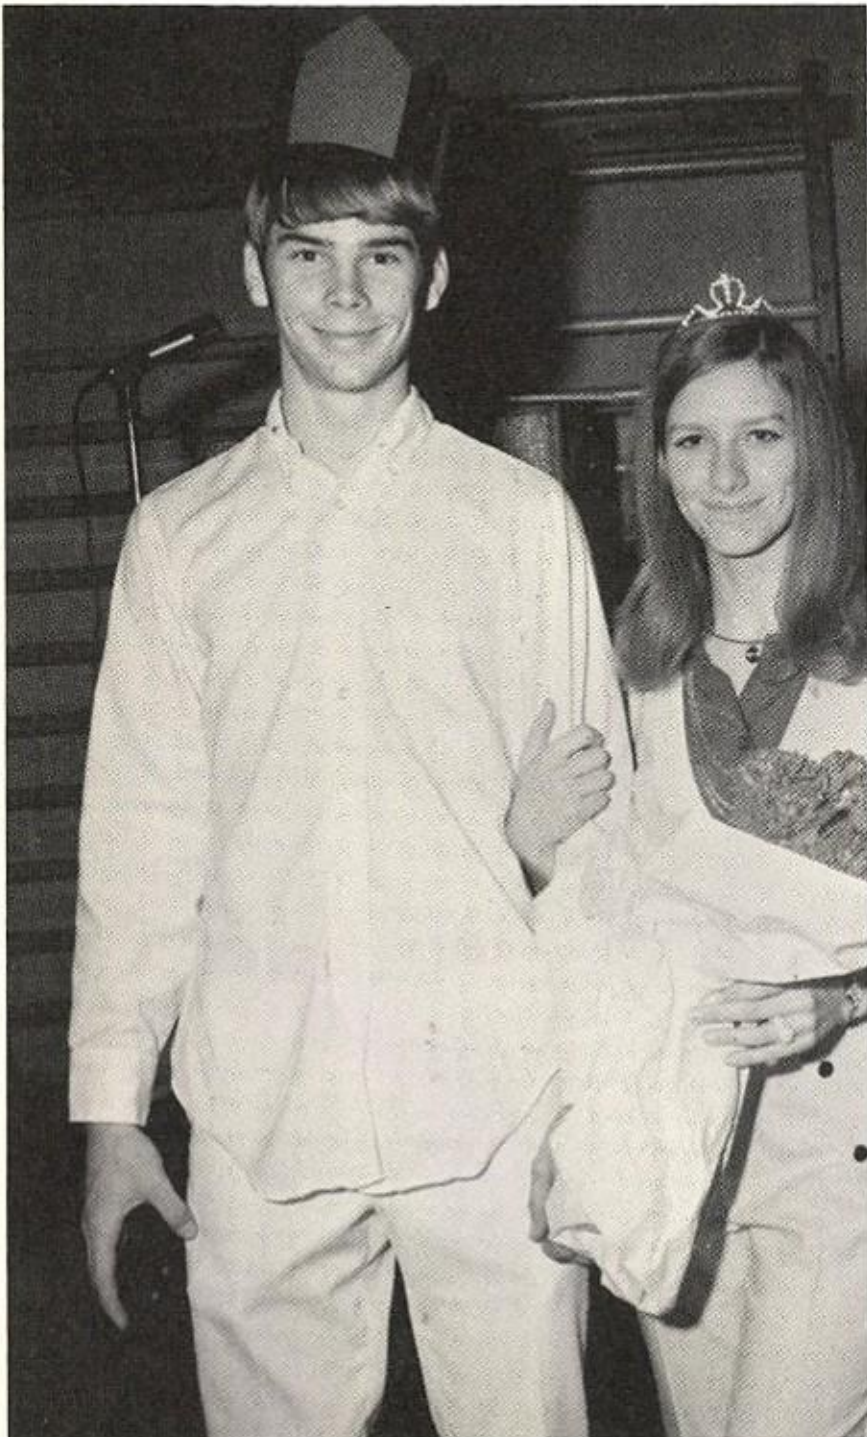

Bright decorations and a festive mood highlighted the Spanish Fiesta in February. Each Spanish class was represented by a booth. New to the Fiesta this year was the hospital booth. Throughout the evening, doctors selected their patients at random. The price of treatment was one ticket.

Money raised by the Spanish Fiesta went for club scholarships to Saltillo during the summer and to different state projects.

Jim Pharr was crowned King of the Fiesta, and Cathy May reigned as Queen. The flower booth made the most money. The best decorated booth was the Spanish Cafe.

## Mardi Gras Adds French Flair

With all the spirit of New Orleans, the French Honor Society and A Jamais co-sponsored the Mardi Gras. The girls' gym was decorated, and booths displaying flowers, beads, and games were set up to entertain the spectators. Music for dancing was provided by the Knight Beats, and French food was served in the sidewalk cafe.

Highlights of the evening included a can-can performed by members of the two clubs and a dance staged by Kim Ker and Laura Holley. Karen Yates was crowned Queen of the festivities, and Dennis Driggs was crowned King.

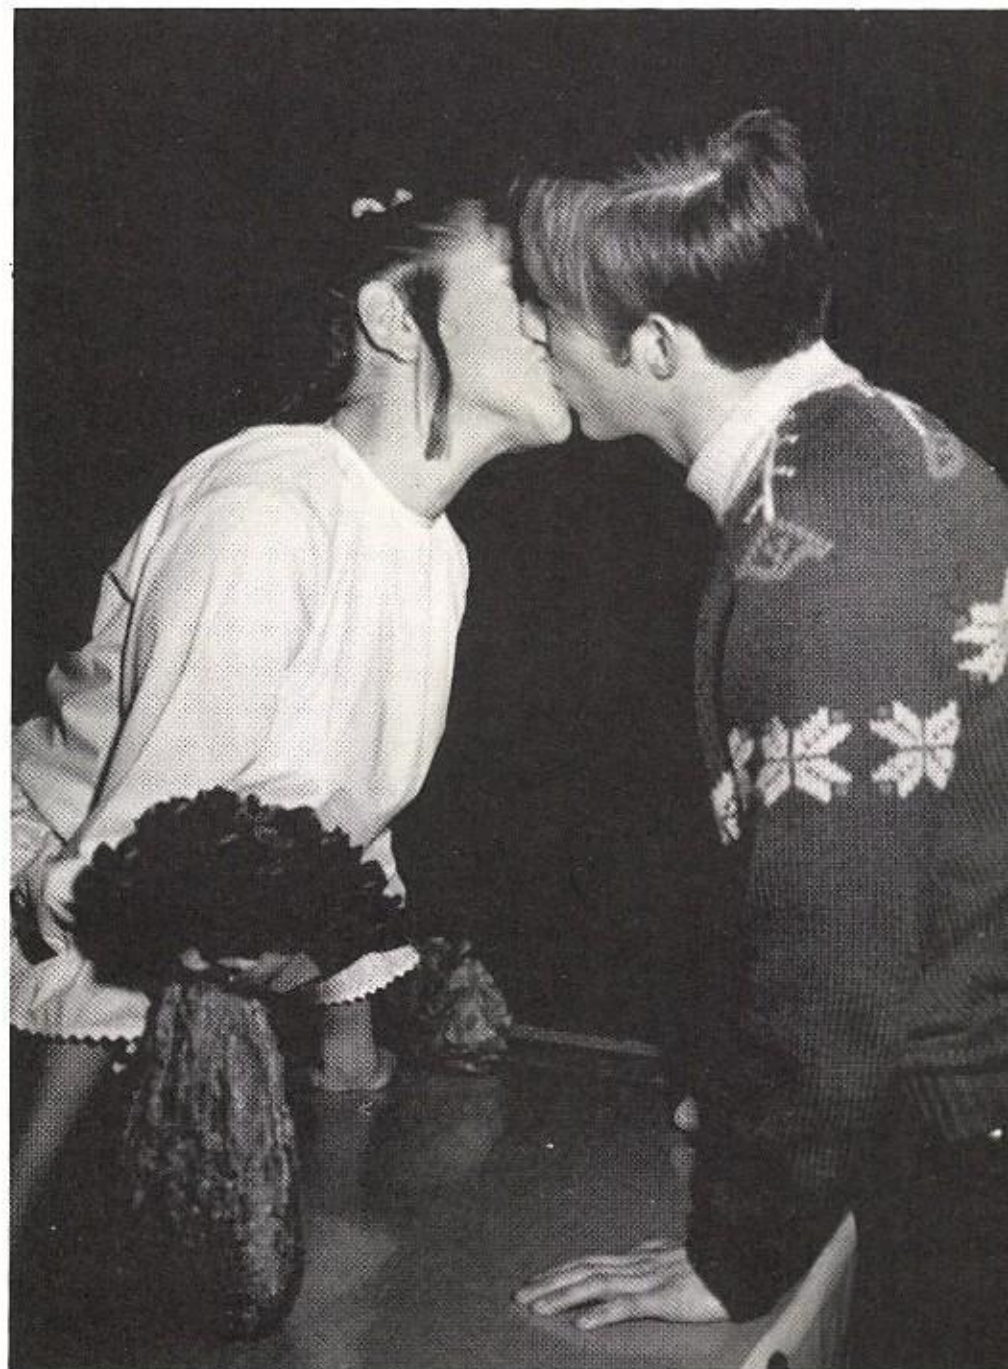

Dancers perform the famous French can-can.

Mrs. Ivy F. Blair looks at some portraits done by sidewalk artist Mary Ann Richardson.

## *March* *Coronation — 1970*

Coronation and tradition have become synonymous at Kimball High School. Through the years, the Coronation has become symbolic of the charms and graces of our school, and rain. In front of a replica of Andrew Jackson's Hermitage, the nominees were presented. The highlight of the evening was when Jan Day was crowned Kimball Sweetheart, Angela Carpenter—Senior Sweetheart, Susan Shelton—Junior Sweetheart, and Lou Baumgardner—Sophomore Sweetheart. The week preceding the Coronation saw the gym transformed into an Oriental fantasy. Music for the dance was provided by the Knight Beats.

## *Brigadoon Presented by Fine Arts Department*

*Brigadoon*, the story of a sleepy Scottish village that comes to life only once every century, was produced by the Fine Arts Department in April of 1969. The musical, written by Alan Jay Lerner and Frederick Loewe, was directed by Miss Martha Hayes, and Mr. Steve Bayless conducted the studio orchestra. Miss Karen Luschar choreographed the show, and Miss Margaret Breedlove and the Stagecraft class designed the sets. Special bagpipe music was provided by Mr. Robert Forbes, a native of Scotland.

Preparation for *Brigadoon* began in January, when members of the concert choir auditioned for the various roles. Hundreds of hours of hard work went into the production, which drew large audiences each of the three nights of its performance.

## *E-Day 1969*

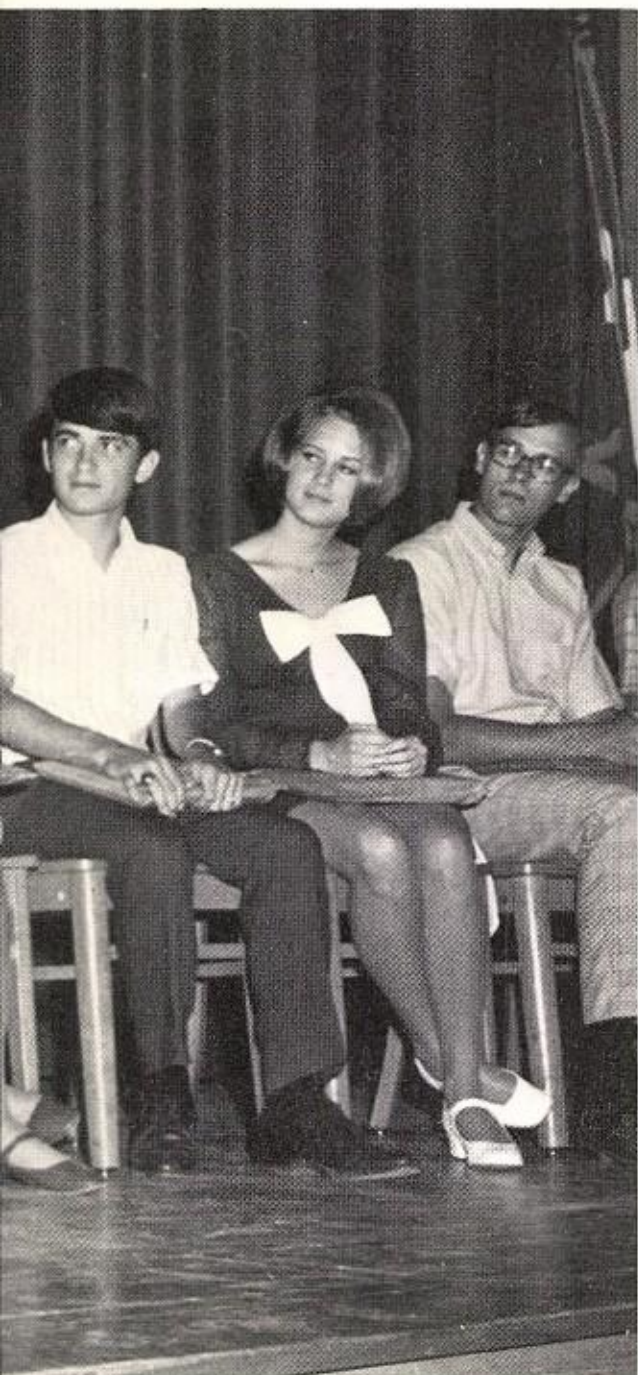

The week prior to May 13, 1969 was filled with many speculations. For old Kimballites it was the color of the cover, while the sophomores were still trying to figure out what E-Day was. But for the anxious *Excalibur* staff, speculations were made as to student reaction and approval on a whole year of their hard work. At last, E-Day finally came and everyone had the chance to see if his presumptions were right. After Miss Martha Hayes was named the dedicatee, Editor-in-Chief Dan Zivney presented the 1969 *Excalibur*. The student body responded with a standing ovation to the book which was scored an "A" by the National School Yearbook Association, Memphis, Tennessee.

Who are these guys? ... Miss Wade's Hole-in-the-wall gang!

## *Organizations*

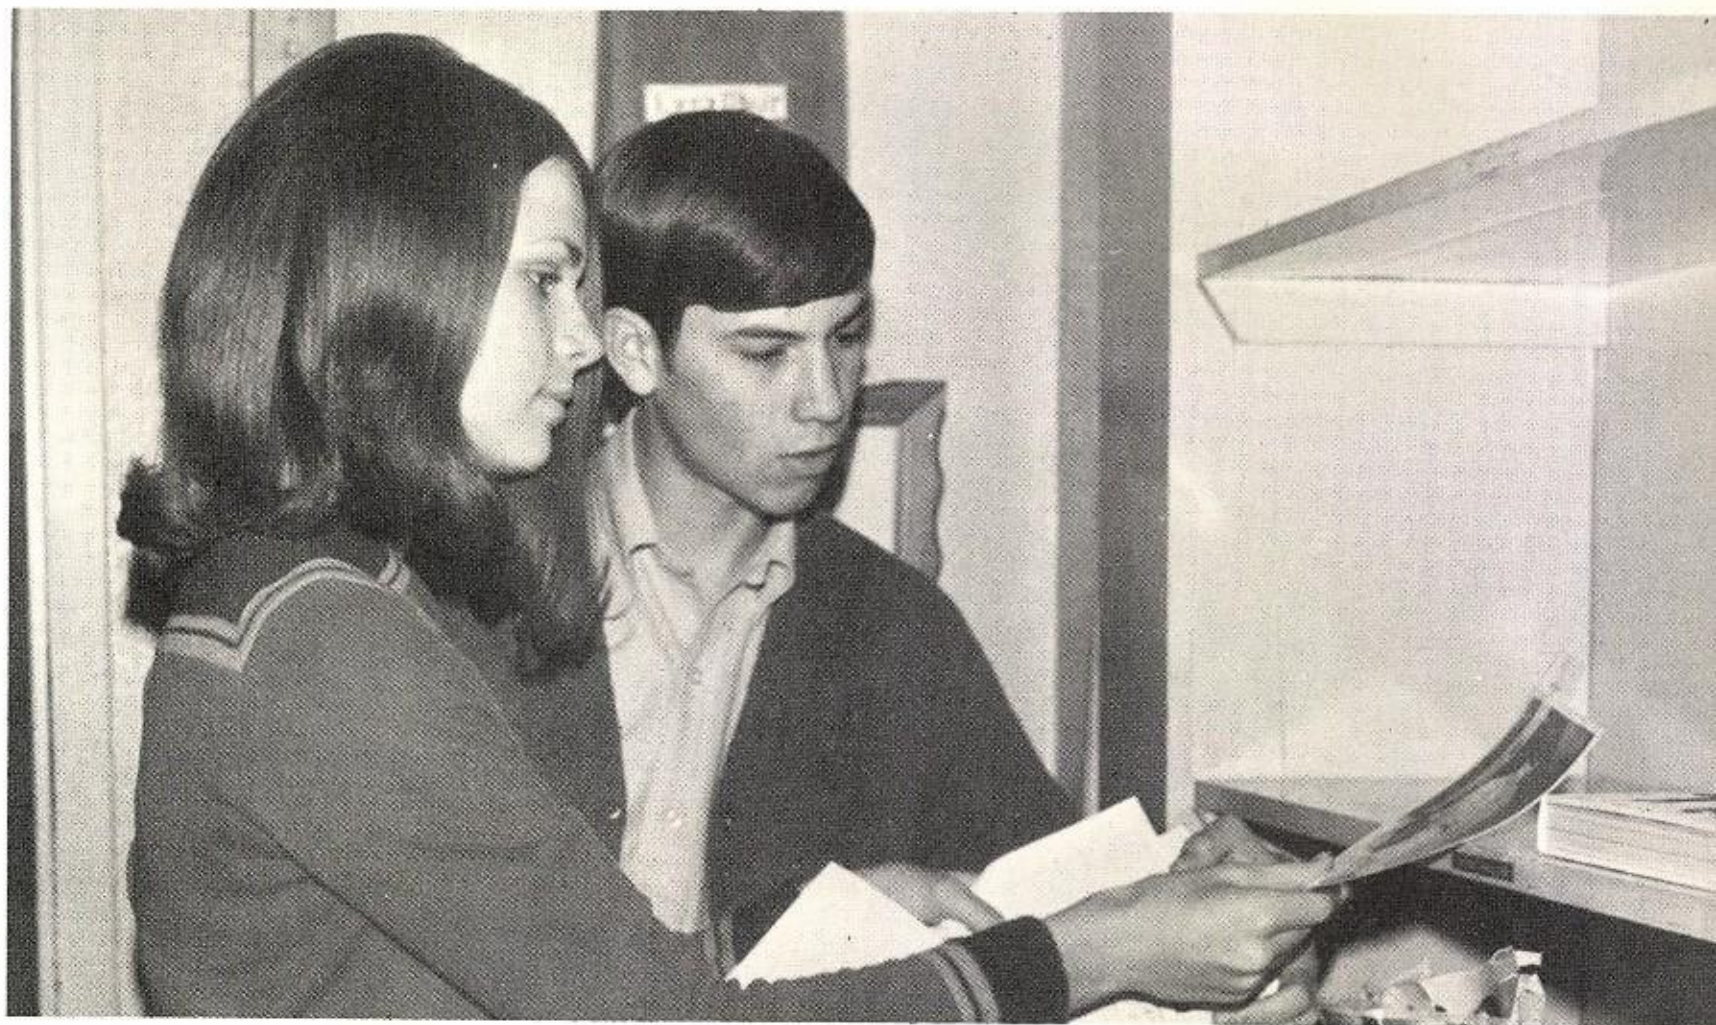

An average week would be very boring if it were not for the various school clubs and organizations which keep the whole school entertained with assemblies and plays. Putting on programs is merely one small purpose of the clubs. They are formed to give students of similar interests a chance to share their favorite activities.

Each group has a different desire. The Forensics strive for perfection in public speaking; the Thespians, for dramatic excellence. Backing the athletic endeavors is the prime concern of the Troubadears and Fleur-de-Lis, while speaking fluently in foreign tongues is the objective of the language organizations. They bring pride to Kimball—the pride that comes from accomplishment when the job has been well done.

## Blood, Sweat, and Tears

Susie Buchter and Gary Polk select pictures for the class pages.

Steve Phillips, Cindy O'Hara, and Charlotte Owens admire one of the certificates given to the EXCALIBUR staff.

It was one week before the deadline and there was a ton to be done. There were layouts to be drawn, pictures to be chosen, cropped, and identified, copy to be written, thrown away, or rewritten, and captions and titles to be thought of. After all of this, everything had to be transferred to quadruplicate copy sheets. To accomplish all of this, the staff often had late, late nights at school. Such was the blood, sweat, and tears the EXCALIBUR staff went through and endured this past year. Most of the staff members probably would not have accepted the job if they had known . . . (Then again, maybe they would have.)

# *KNIGHT LIFE* *Captures the True* *Kimball in Print*

Producing a paper that a school the size of Kimball would be proud of was a difficult task. But, the 1969-70 *KNIGHT LIFE* staff under the direction of their new sponsor, Mrs. Linda Akins, did just that. This year's *KNIGHT LIFE* covered every aspect of Kimball and the people that attended. It presented such varied subjects as places for dates and student views on controversial issues.

The Kimball newspaper took on a new look this year with a new printing system and printer. Excellent regular columns and editorials by the staff's editors provided for constant good reading throughout the year. Published monthly by the senior journalism classes, the 1969-70 *KNIGHT LIFE* was a clear picture of Kimball student life and has found its way into many students' scrapbooks to remind students of all the aspects of the school known as Big K.

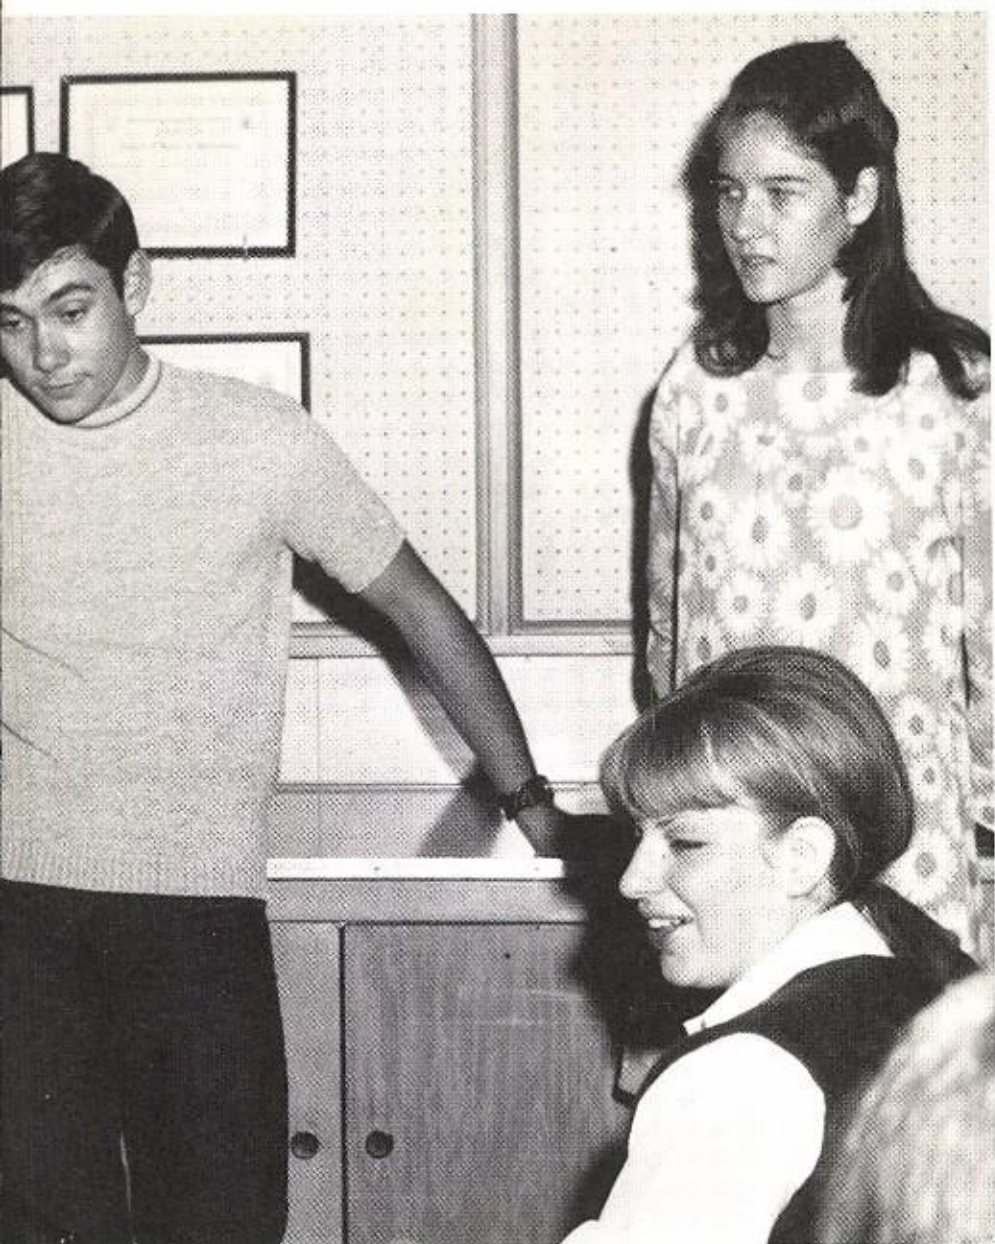

Cathy Campbell looks over the latest news of people and events in an eight-page edition of *KNIGHT LIFE*.

## *Excalibur and Knight Life Portray K.K. Student Life*

Hard work, both during school and on personal time, was required to put forth the two publications that covered the Kimball story for the 1969-70 school term. Staff workers and editors of both the *EXCALIBUR* and *Knight Life* spent long hours working on layouts, articles, pictures, and artwork that went into the Annual and each issue of the paper.

This year the two Kimball printed records were under the direction of Editors-in-Chief Ruthie Hejl and Dianne Arnett. Both the Annual and the paper were eagerly awaited and well received by the student body.

Each publication tried to give a clear picture of what Kimball was really like during the past school year. Although realizing that perfection was out of their grasp, both staffs reached for the stars with the 1970 *EXCALIBUR* and *Knight Life*.

## *National Biology Honor Society Planned Many Field Trips*

This year the National Biology Honor Society made monthly trips to the University of Texas at Dallas to hear lectures on various aspects of biology. One of these lectures dealt with paramutations. Other field trips were planned for the remainder of the year; on two occasions the NBHS traveled to Baylor Hospital and to the Wadley Blood Research Center. These trips were made under the sponsorship of Mr. Paul Loftin.

The requirements for membership in the honor society are a genuine interest in biology, a recommendation from a biology instructor, and a "B" average.

## *French Honor Society Rewards Study*

Established early in September, 1969, La Société Honoraire de Français was the newest organization at Kimball and the only new honorary club. Designed to stimulate interest in French, to reward scholastic achievement, and to augment Franco-American friendship, the French Honor Society held inductions for new members during the fall and spring semesters. In an effort to create enthusiasm for French culture, the Society sponsored the Mardi Gras on February 13.

Y-Teen members were kept extremely busy this past year in fund raising, social, and service projects. Y-Teens took part in a garage sale with other high school and junior high school clubs in Oak Cliff. Members also participated in a bake sale at Westcliff Mall.

Social activities included a slumber party at the Oak Cliff Y.W.C.A. At the party, the girls participated in swimming, playing ping-pong and pool, jumping on a trampoline, playing basketball, and watching TV.

In September, Y-Teens filled sixteen Viet Nam bags for the Red Cross. Also for a service project, members of the club sponsored a Halloween party for the Children's Emergency Shelter in which boys from Kimball were asked to participate.

# *El Sol Promotes Peace Through Understanding*

Peggy McGehee, Colleen Jenson, Kitten Hess, and Suzi Lupton perform a traditional Mexican dance at the fall initiation banquet.

Promoting better relationships and understanding among the Spanish speaking people of the United States and the world, El Sol, the Kimball chapter of the Pan American Student Forum, possesses one of the largest memberships in Texas. Throughout the 1969-70 school year El Sol had activities to raise money for club projects. A bake sale and car wash for new initiates, collection and distribution of toys and pinatas for underprivileged families in the Dallas area at Christmas, and the annual Fiesta held on February 21 to raise money for inter-nation projects and for club scholarships, were just some of the activities held.

El Sol feels that the key to peace is understanding and acts as a supplement to the Spanish classes at Kimball. This understanding is achieved through experiencing various facets of Spanish speaking people's lives such as the language, food, customs, and listening to foreign speakers.

El Sol members enjoy themselves at the Christmas party at a camp in Cedar Hill.

Meeting at the school on the afternoon of December 18, members of El Sol left for Cedar Hill, where they had their annual Christmas party at Mt. Lebanon Encampment. Several parents of club members, under the direction of Mrs. George Burris, prepared a delicious meal and decorated the lodge where the party was held. Food, music, games, and dancing were the order of the evening. One of the most enjoyed activities was exploring the beautiful countryside surrounding the camp before dinner was served. # *Science Club Stimulates Scientific Interest*

Promoting interest in science is the goal of the Kimball Science Club, and the activities held during the 1969-70 school year were geared to that purpose. Numerous field trips and speakers in a great variety of fields filled the year, said to be one of the best in the club's history.

Dictated by a questionnaire filled out by its members at the beginning of the year, the club planned all its activities to appeal to students taking courses in the three areas offered at Kimball: Chemistry, Biology, and Physics.

Distinguished speakers addressed club members at the regular monthly meetings held on the third Wednesday of each month. The Curator of the Dallas Aquarium, the Chairman of the Sociology department at Dallas Baptist College, and the Administrator of the Dallas Marsalis Zoo were three renowned men who filled in members on the latest in each of their areas.

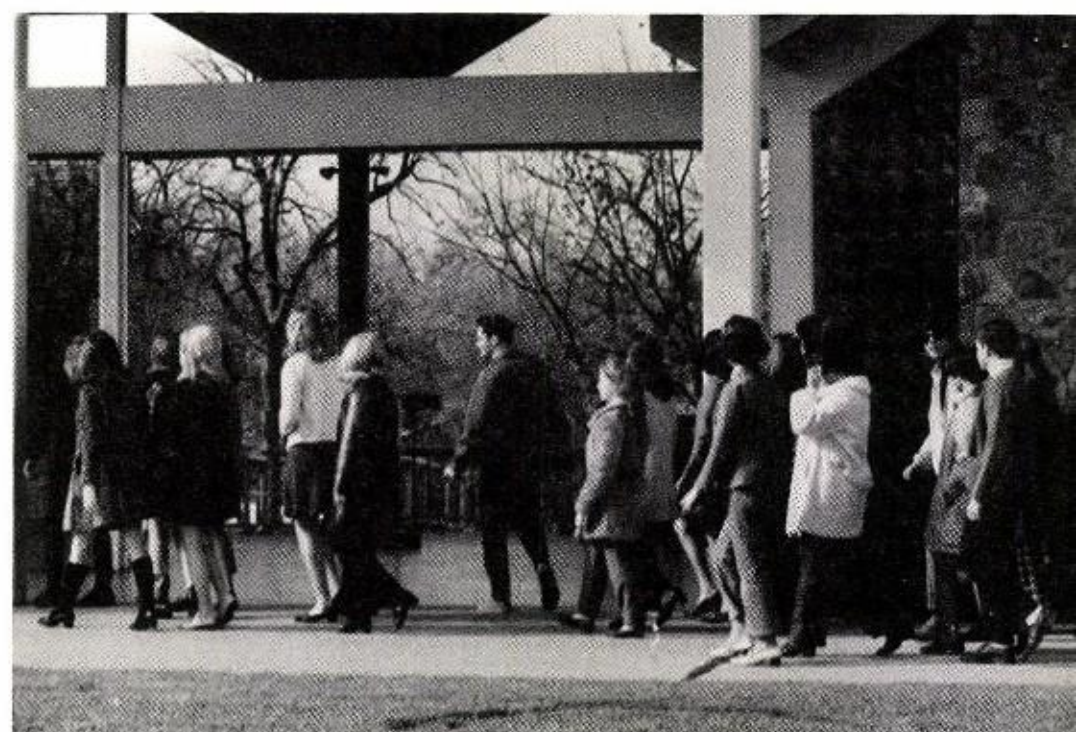

At the annual banquet, held at 'Lil Bit 'o Sweden on February 12, the club was honored to have the retired Chairman of the Biology department of S.M.U. speak on "Your Rosy Future—Need it be a Hoax?"

Among the field trips for the year were visits to the Planetarium for a lecture on Mars and the zoo for a talk on mammals.

With the help of its three sponsors, officers, and three new committee chairmen, the club operated smoothly to bring science not found in the classroom to the students through planned activities.

## *N.F.L. Brings Honors to Kimball*

This year, the National Forensic League continued to bring a countless number of honors to Kimball. They participated in speech tournaments at T.C.U., Baylor, Bryan Adams, Hillcrest, Sunset, D.B.C., and many other high schools and colleges in and out of Dallas. Aside from attending speech tournaments, the N.F.L. held a reception for officers from N.F.L. chapters of other Dallas schools.

## *Dance Club Learns the Art of Ballet, Modern, and Jazz Dancing*

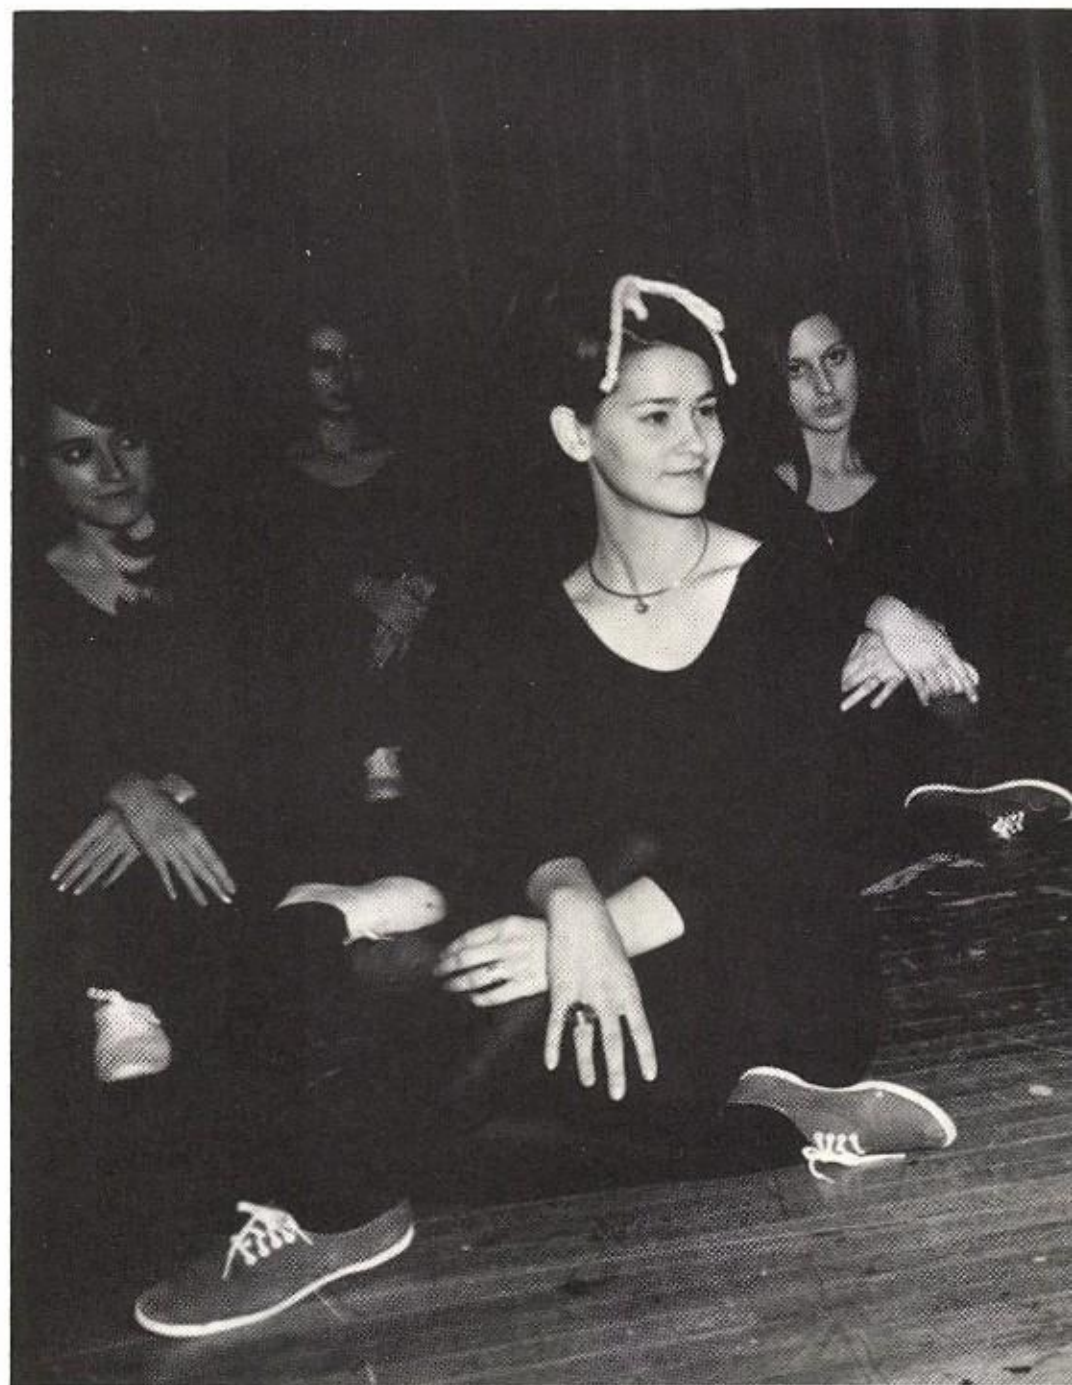

Activity surrounded the members of the Dance Club while they learned about all forms of dancing—ballet, modern, and jazz. Observing is a vital part of studying dance forms, so the Dance Club had plans to attend the Dallas Theater Center, Dance '70 at S.M.U., and the musical at Sunset. A luncheon and a progressive dinner were also a part of the main activities of the year. Dance routines and exercises were taught by the choreographers and guest teachers each Monday afternoon in the foyer of the girls' gym.

## Concert Choir's Talent Review Debuts

Added to the Concert Choir's agenda was the talent review. Members of both the Choir and Band auditioned their acts with the hope of being chosen to perform at the March review.

Traditional performances were the Armistice Day, Thanksgiving, and Christmas assemblies. During the Christmas program, the lengthy, intricate Latin piece entitled, "Quem vi Dis", was sung in Latin. As for the spring season, the Choir gave a spring concert and the Broadway-hit musical "My Fair Lady."

Characteristic of the daily classes was the solo. At various times, certain people were called upon to sing. This idea of occasional solos was designed to help the singers overcome their fear of singing in front of others.

# *New Tyme Syngers and Girls' Chorus Supplement Choir*

Singing occupied much of the time of the members of the New Tyme Syngers and Girls' Chorus. Both groups sang in addition to the Concert Choir at the Christmas assembly. The New Tyme Syngers also performed beyond the realm of an ordinary high school group when they auditioned for Ted Mack's Original Amateur Hour. Introductory material for the New Tyme Syngers was written by members of the group themselves.

New improvements were made by members of the Kimball Orchestra this past year. One of the various improvements made was a new Orchestra Council for the discipline of the Orchestra members.

# *Knight Band Wears New Uniforms*

Displaying the latest in uniform design, the Knight Band executed precision marching drills at football games this fall. Supplying music for majorette and Troubadear routines, the band played arrangements of such popular songs as "Aquarius" and "Scarborough Fair." The band also premiered "Troub March," written by members of the sixth-period Music Theory class.

Directed by Mr. Darrell Chambers and Mr. Bob Thomas, the band was led on the field by Drum-Major Mike Jones and Assistant Drum-Major Bob Pitman. The band performed the traditional "Marching K's" and introduced several new marching procedures.

Four majorettes were selected to lead the 1969-70 Knight Marching Band: Barbara Shinn, Cindy Tinsley, Linda Cook, and Patty Sharpe. Halftime entertainment reached a peak as the four girls performed their precision twirling routines to the sounds of "Bourbon Street Parade," "Black is Black," and "Fever." Many hours of hard work and diligent practice combined to make the majorettes a valuable asset in pep assemblies and football games.

## *Troubadears Practice Diligently*

Strenuous practice was imperative for all Troubadear performances. All girls in the drill team came to practice sessions for one week in the summer and every morning before school started. Through hard work, the seven officers and Mrs. Stacker, the new sponsor, produced excellent half-time shows. The routines changed somewhat in style, in that they contained more jazz steps. For displaying her ability to do these routines and arousing team spirit, Brenda Cox was chosen as Troub of the Year.

## *Cheerleaders Create Enthusiasm*

Enthusiasm was abundant in Kimball this year, thanks to the diligence of the cheerleaders. With a winning team, the Knight supporters seemed to need little urging to yell, but the cheerleaders created great spirit. The fact that there were four girls and four boys enabled them to do more partner yells. The making of signs and the decorating of the auditorium were also done by the cheerleaders. Before each game the Kimball cheerleaders were seen adorning the goal posts with crepe paper in the school colors. With the aid of the Fleur-de-Lis, the spirit of Kimball was at its peak.

Kimball's spirited Fleur-de-Lis, designed to enhance school enthusiasm, was smaller, yet more effective, this past year. This decrease in size was due to the fact that students from Atwell Junior High School no longer attended Kimball. The efficiency of the Fleur-de-Lis was the result of numerous, hard-working meetings. Members met early every Thursday and Friday morning during the football season. Only the best athletes become members of the Lettermen's Club. These men and women work long hours to develop the skills, coordination, and determination that it takes to excel in athletics.

None of the athletic programs are seasonal, for these people work all year around so that they can give their performance. Of course no one could become an exceptional athlete without the coaches. ## *R.O.T.C. Main Aim Is Citizenship*

Military tactics were thoroughly taught by the Reserve Officer Training Corps, but training did not stop there. Habits of orderliness and precision were encouraged along with good scholarship in all subjects.

Every year there is a Federal Inspection of the battalion made by the United States Army, and in the 1968-69 year Kimball's battalion won the

best in Dallas award.

LTC. White was the adult supervisor, coordinator, and instructor for the battalion at Kimball. SSG. Vines was the assistant instructor and supply sergeant. Seven secretaries took care of much of the paper work and business for LTC. White and the battalion staff.

## *Athletics*

Athletics take on a broader aspect than merely winning games or cheering the team. It has a deeper and more significant importance to the spirit and life of Kimball.

Qualities of sportsmanship, determination, loyalty, and initiative evolve from athletics that are building factors of strong character and sound conviction.

Individuals with these qualities become stars not only among their friends, but also stars in society, in America, and in the world. They are the stars to whom posterity can look for guidance.

## *Football: a Year to Remember*

This was to be Kimball's year in football. We had been picked to win the district 12-A AAA championship. Texas Football had picked the Knights to finish ninth in state.

There was very good reason for this optimism. We had several returning lettermen, led by Dickey Morton, Steve Pollard, Perry Geiser, and John Ott, who were also this year's team captains.

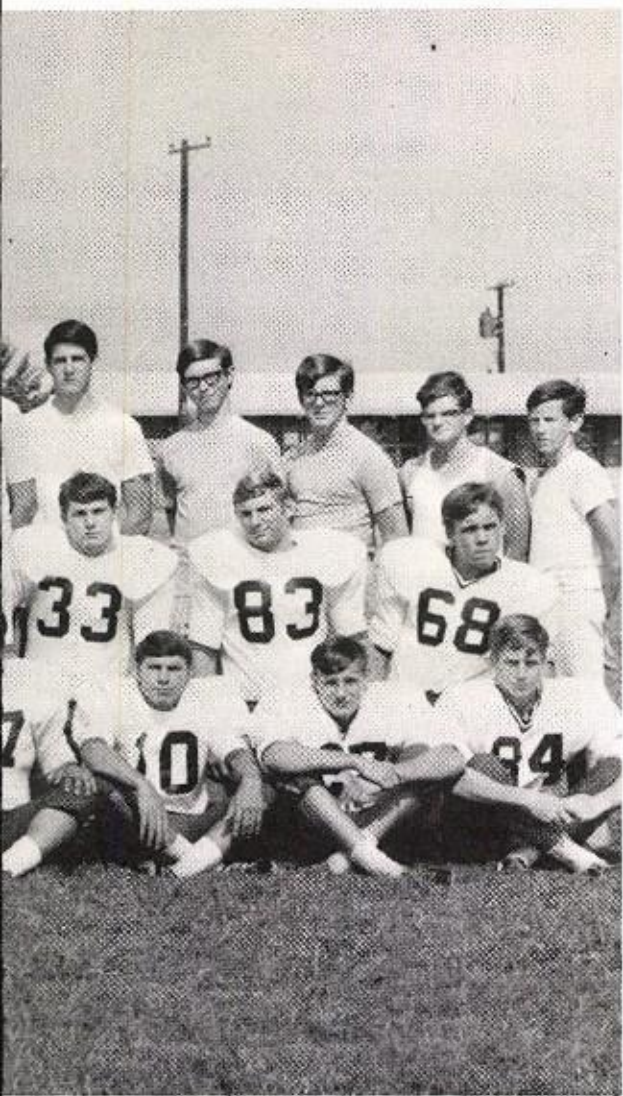

The Knights opened the season in Irving. Kimball started its winning tradition with the toss of the coin, but could not move in the first set of downs. Near disaster struck when John Hassell's punt was blocked. Kimball held twice more before the Tigers were able to score on a field goal.

On the Knight's next possession they moved 64 yards for a touchdown. The scoring play was a 33-yard pass from Tony Jackson to Dwayne Fontaine. Angel Torres booted his first of three extra points.

Head coach Spike Harlan nervously watches game.

Bill Britton leads the blocking in the Irving game.

## *Dickey Morton Showed the Way to the End Zone*

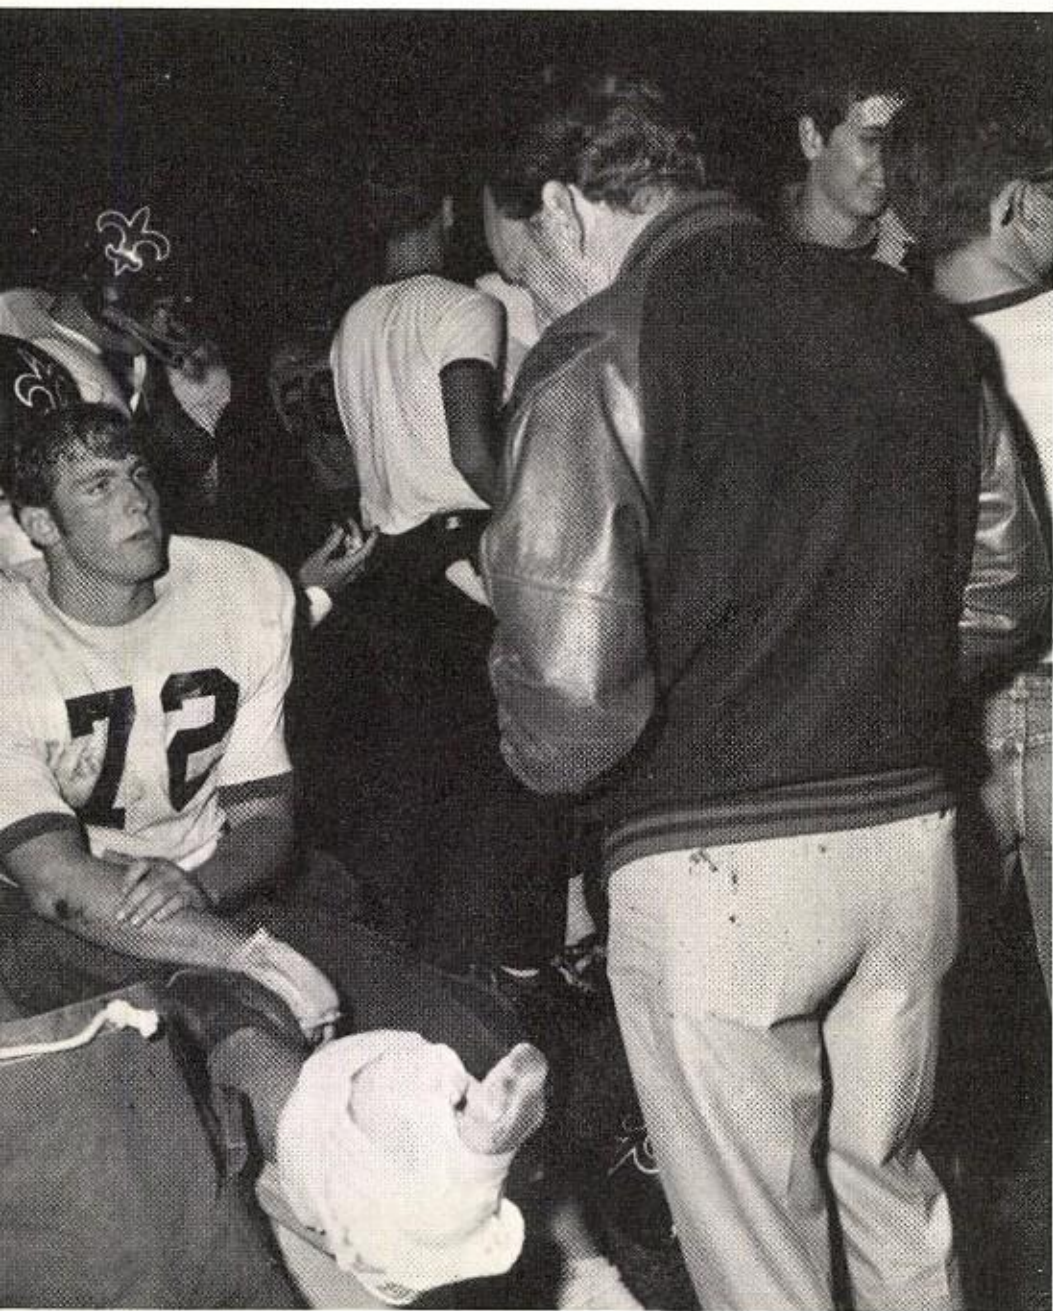

In the second quarter Fontaine intercepted a pass and returned it to the 15. The Knights had to settle for a 44-yard field goal attempt, which fell short. The Knights were not to be denied in the second period though. Kimball finished a 66-yard drive with an 8-yard pass from Jackson to Dickey Morton.

Jackson's passing was the story of the game. It accounted for the Knight's last touchdown.

Jackson expresses the painful blow he received from SOC tacklers.

Coach South checks on Steve Pollard's ankle injury.

In the third period Jackson spotted Fontaine all alone and completed a 49-yard scoring play.

The Irving offense could not get going all night. Their trouble stemmed directly from the Knight defense, led by Kenneth Nutt, Wayne Kofnovec, Perry Geiser, Jerry Cox, and Mike Sanguinet.

Kimball returned to Dallas to meet the North Dallas Bulldogs. The Knights, still high from their 21-3 victory over Irving, leashed the Bulldogs with a 34-0 defeat. It was consistent running that gave the Knights their second victory as Wayne Kofnovec rambled for 102 yards and Dickey Morton for 90.

The Knights scored first in the second quarter on a 19-yard trap play by Marc Welch. Their next score was set up by Mike Sanguinet's fumble recovery on the N.D. 47. Kofnovec took it in from the one, and Angel Torres added his second extra point making it 14-0.

Kofnovec set up the third Knight score on a 37-yard run to the N.D. 6, where Welch took it in on the next play. In the final period Steve Pollard intercepted a pass and returned it to the N.D. 8. Kofnovec carried it in from the 5.

Morton showed his stuff during the next drive. He returned a punt 26-yards to the Bulldog 35 to get things rolling. He took it in himself from the 6. Torres split the uprights again, making it Kimball 34, North Dallas 0.

Roosevelt was the next to fall to the powerful Kimball team. Dickey Morton showed why he is an All-State offensive back by scoring four touchdowns. Morton began his scoring streak with a 5-yard pass reception from Jackson. Following this, he returned two punts for touchdowns. One went for 52-yards and the other for 62. His last score came on a 2-yard dive.

Kofnovec proved he could score also, and added two touchdowns to the cause. The first was a 1-yard plunge; the other came from 4-yards out.

Jackson showed he could run as well as pass on a 3-yard sweep. Jay Howard made the final Knight score on an 8-yard interception. The Knight defense showed that they should not be taken lightly as they limited the Mustangs to a -17 yards rushing. The Mustangs left broken horses as the Knights handed them a 56-0 defeat.

Kimball's next victim was the Adamson Leopards, as the Knights rolled to a 68-7 win. Dickey Morton amassed 229 yards in 15 carries and 3 touchdowns before he was pulled late in the game.

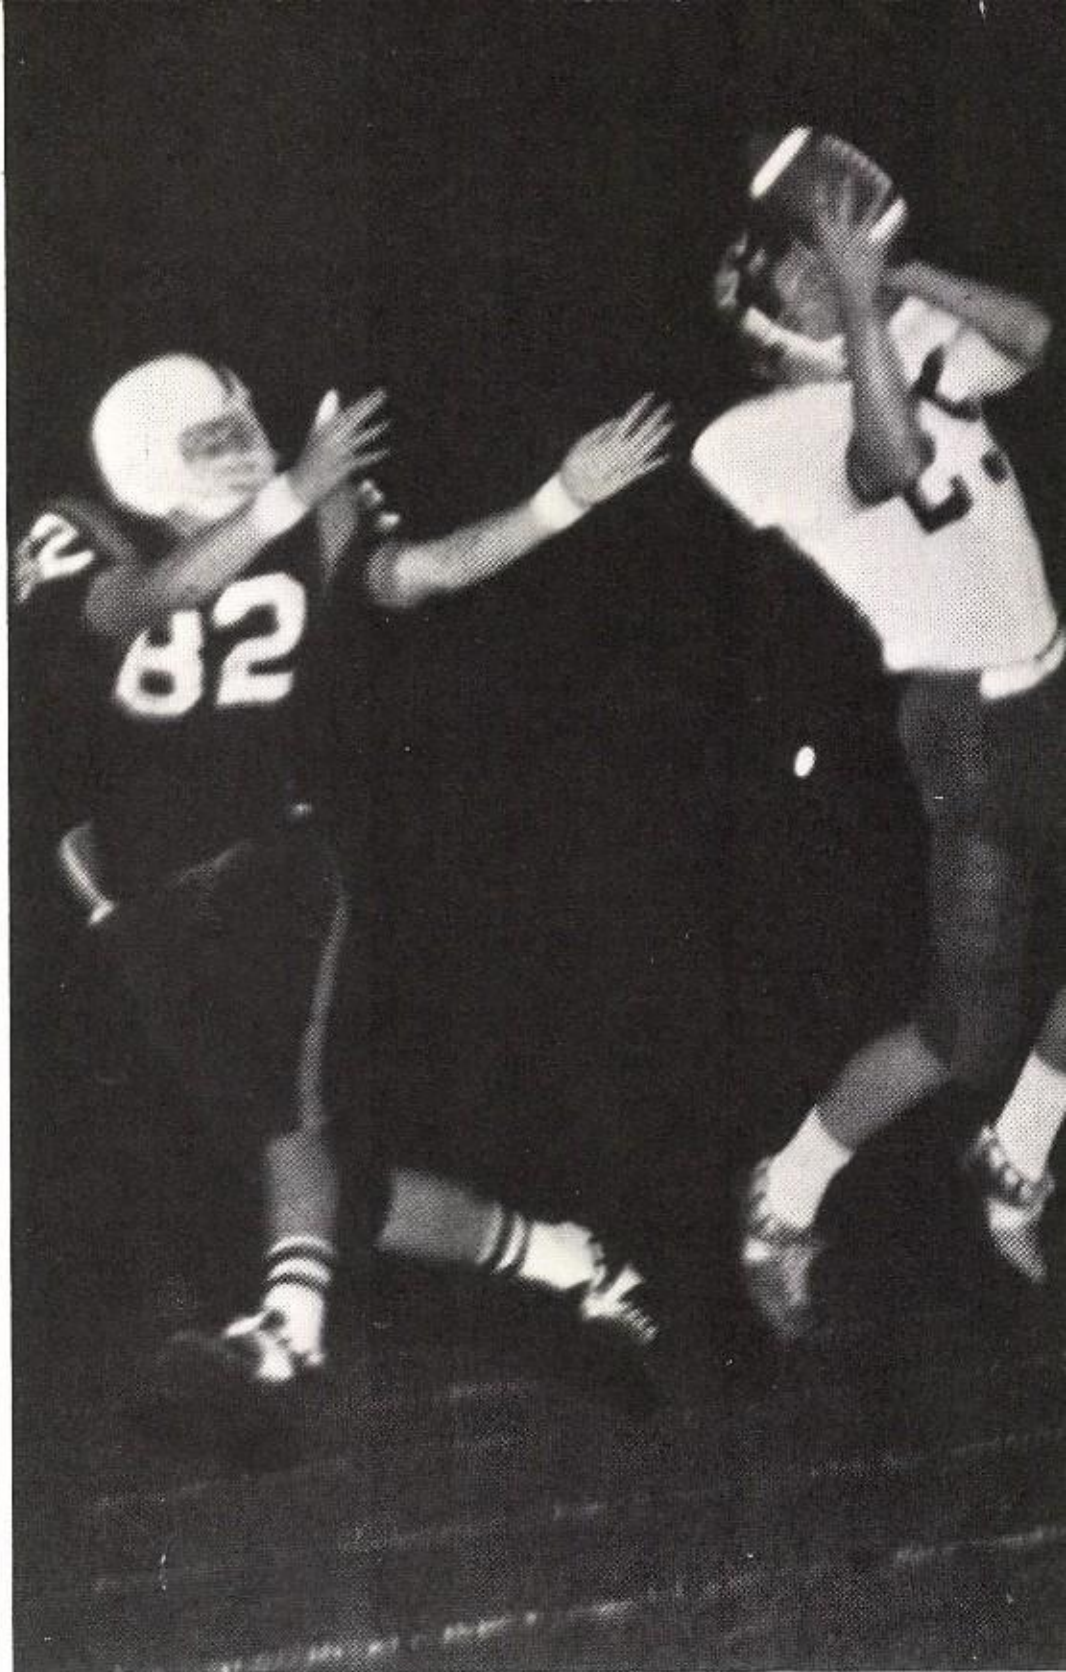

Kimball's first two passes brought them touchdowns as Fontaine hauled in passes of 72 and 69 yards. Jackson squeezed in a 14-yard scamper between the bombs.

It was that kind of a year.

Dickey Morton streaks to a touchdown against Sunset.

In the second quarter Adamson made its only score, but Fontaine's second bomb erased that and made it 21-7 at the half. In the third quarter Morton scored on a 21-yard run. Then about three minutes later he scored again to make it 33-7. Then the heavens broke loose as Kimball scored four times in 1:58.

Morton started it rolling on a 40-yard sprint. Fifteen seconds later Jay Howard intercepted a pass and returned it 23-yards for a score. Team-mate Jim Tinsley was not about to sit idle, so he scored on a 26-yard interception a minute later. After taking an Adamson punt, Robert Heflin rambled 44-yards on the next series of plays for a touchdown.

The Knights were not content to let the game just run out though. With 2:17 left in the game, Mark Calvin found the end zone. Charles Clemmons tacked on seven extra points.

The Knights were ranked fourth in Class AAAA as they came into the Carter game. The Cowboys evidently had plans to knock the Knights out of that spot, and came close to pulling it off.

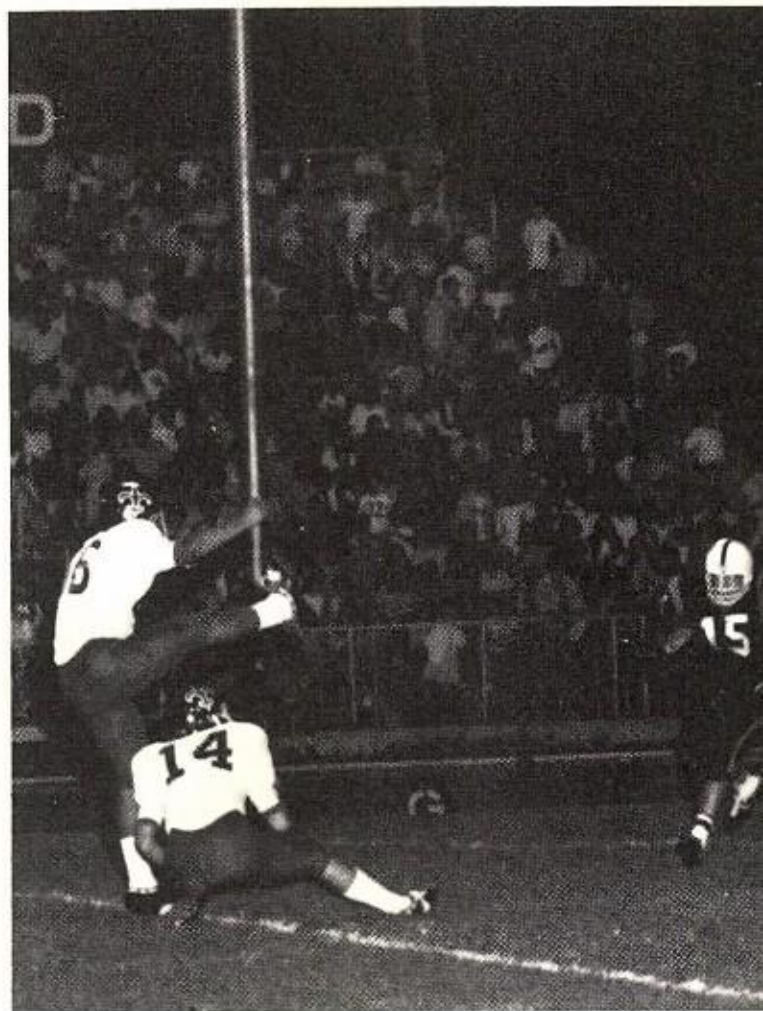

The Knights took the opening kickoff and marched 48 yards for the score. The last 6 yards came on a Jackson-Fontaine pass. The PAT was no good and Kimball led 6-0. The lead was short lived as Dennis Ladd broke free for a 40-yard touchdown run. The Cowboys led 7-6.

After a fumble recovery on the Cowboy 14, Kofnovec carried what seemed to be half of the Carter team with him into the end zone and a 14-7 lead.

Coaches Hitchcock and Miller leave after the victory over SOC.

## *So Close . . . but So Far*

Jackson hit Fontaine on a 20-yard pass play for a 19-7 lead at half time.

In the third period Ladd showed his running style by shaking off three tacklers on a 25-yard run. Jackson had his own ideas about the score and decided to change it again. On third and one he faked to Kofnovec and rolled to his right, streaking 73-yards for a touchdown.

In the fourth period Carter scored again, but it was all in vain. The Knights went on to shut down the Cowboys with pass interceptions by Randy Horton and John Ott.

Next on Knights' schedule was a trip to Birdville, a trip which the Richland Hills Rebels wished the Knights had not made.

The first score came on a safety when Mike Sanguinet and Steve Pollard dropped Ronnie Travis in the end zone. Jackson came back four minutes later with a 28-yard sweep. Kofnovec and Welch brought the score to 30-0 at half time with 1-yard dives.

Dickey Morton let his presence be felt by taking the second half kickoff 88-yards for a touchdown. Late in the third quarter Kirk Patten plunged in from the one. The final period opened with Kenneth Nutt blocking a punt and carrying it 35-yards for a touchdown. One minute later Dale Ball ended the Knight scoring on a 2-yard dive. With ten seconds left in the game, Richland Hills managed to score.

The W. T. White Longhorns were led to the slaughter as Kimball rolled to a 36-14 victory. Morton rushed for 187 yards and four touchdowns.

Morton's first score came on a 1-yard dive half way through the second period.

"The team that beats Woodrow . . ."

Torres tacks on another extra point.

Kenneth Nutt increased the Knights' lead by blocking a punt out of the end zone for a safety.

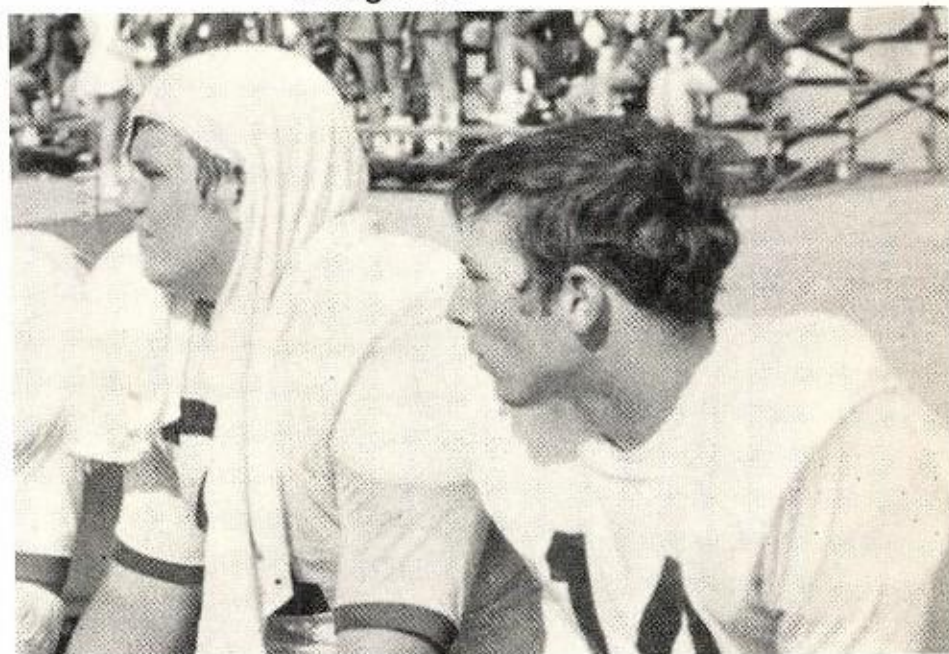

Fear struck the Knight fans when hard running fullback Wayne Kofnovec went out of the game in first quarter with an injury, but this failed to stop the Knights. Following the safety, Jackson struck Fontaine with a 35-yard pass late in the second quarter. The Longhorns decided to show they came to play football by scoring on a 53-yard run with 51 seconds left in the half.

Morton struck again in the second half with a 36-yard sweep to make the score 22-6. To show there was more where that came from, Morton scored on a 58-yard run up the middle on the Knights' next possession.

White tried to come back, but it did not do much harm as time was running out on them. The Longhorns began an aerial display that moved them 80 yards to a touchdown, which came on a 32-yard pass play. Morton put the game out of reach with a 7-yard romp with 42 seconds left in the game.

## *"The Train" Arrived on Time*

A crowd of 14,000 came to see the third ranked Knights meet the fifth ranked Woodrow Wilson Wildcats in a battle staged in mud that was reminiscent of a World War II battlefield. Wildcat fullback John Paul "The Train" McCrumbley battled his way for 148 yards and three touchdowns. Kimball's counterpart, Dickey Morton, rushed for 112 yards.

The Knights' hopes were high as Kirk Patten picked off a Woodrow pass and returned it 16-yards for a touchdown early in the first quarter. Torres' kick was wide and the Knights led 6-0. The Knights' lead was short lived as the Wildcats took the kickoff and marched 69 yards for a touchdown. The score came on a 7-yard pass.

The Wildcats continued their tough defense and picked off a Jackson pass. McCrumbley showed the Knights his heels as he raced 69-yards on a draw play. Woodrow left the field at halftime with a 14-6 lead.

Woodrow continued to show their fear of Morton as they tried onside kicks all night, which was probably a wise decision. The Wildcats picked off another Jackson pass and brought it to the Knight 4.

Coach Harlan discusses the game with Dickey Morton and Wayne Kofnovec.

You guessed it, McCrumbley carried the Kimball defense into the end zone with him for 6 more points. The Knights were not ready to quit yet, as they marched down the field for a touchdown. Jackson carried in from the one on a beautiful bootleg away from the flow. He then kept the ball on an option play for 2 points.

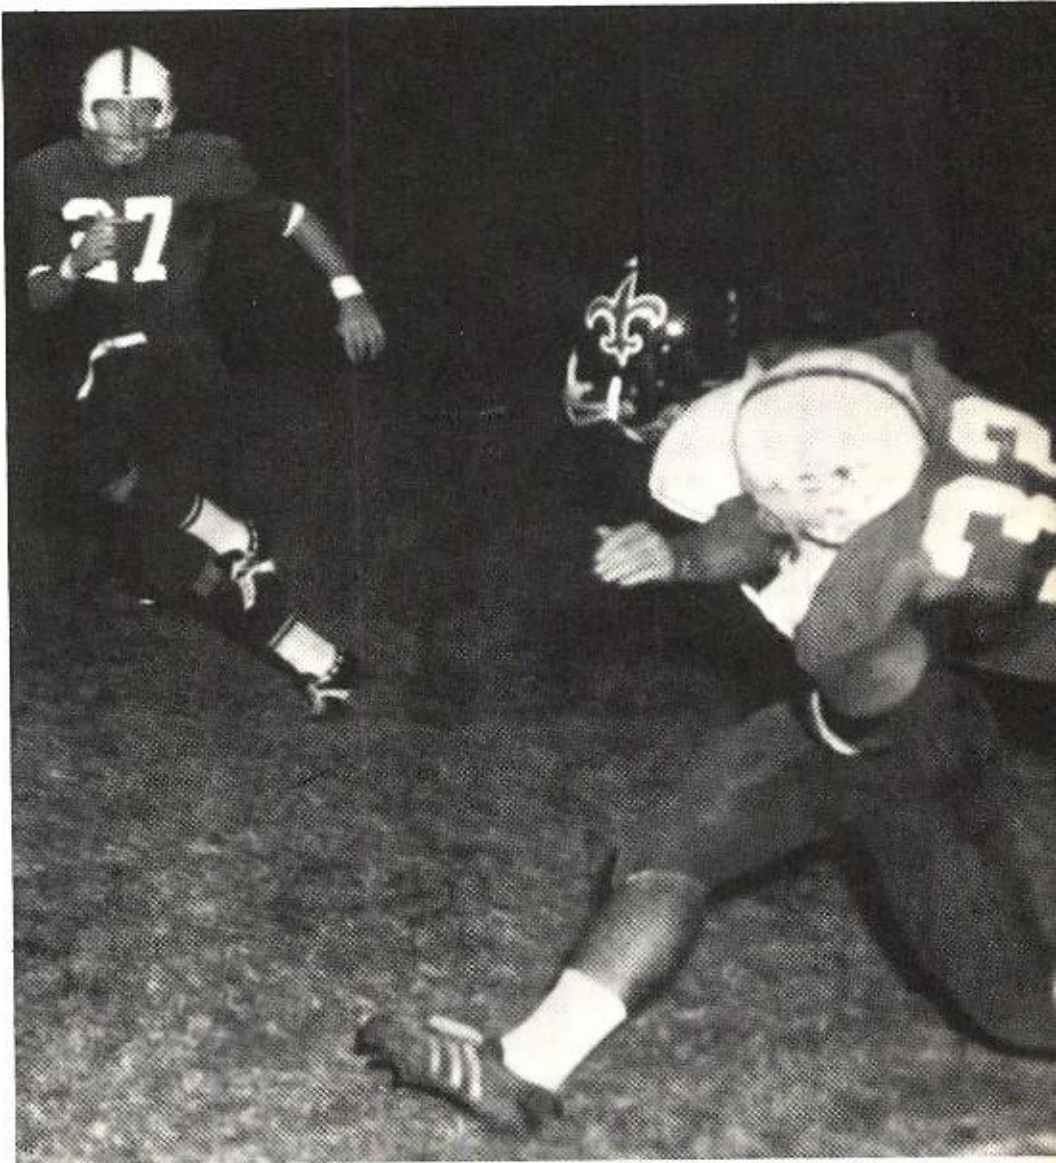

Woodrow put the game out of reach in the next four plays, as Joe Gallini set up the score on a 56-yard scamper. McCrumbley took it in for the score. There was another quarter left, but for the Knights time had run out as far as the zone championship was concerned.

## Homecoming: Better This Year

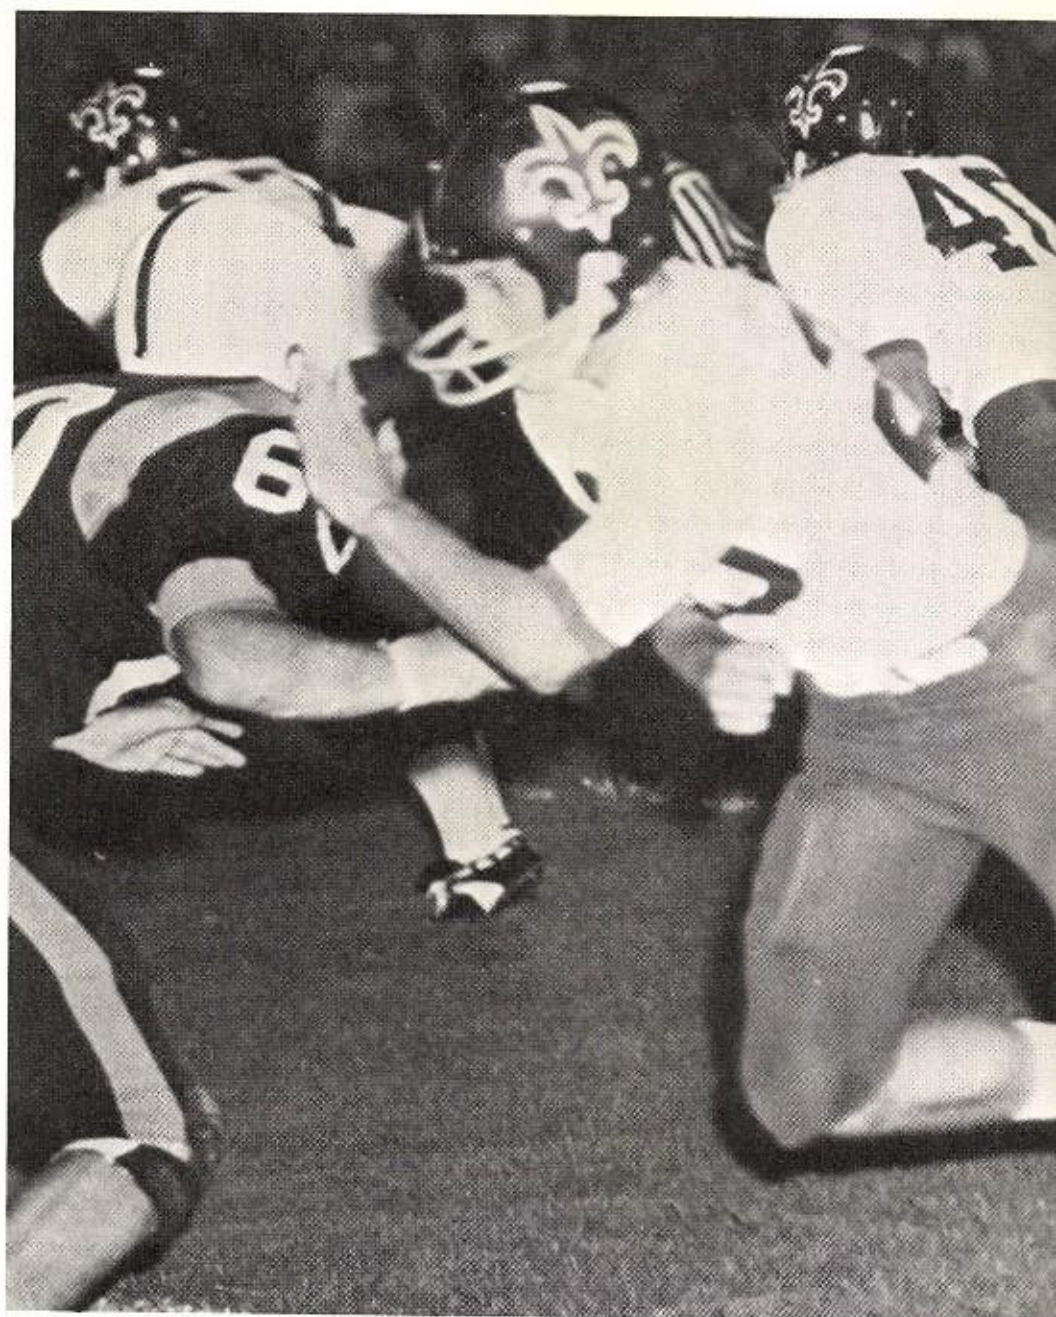

The Knights decided not to let the Woodrow defeat keep them down as they neatly presented a 44-0 victory for Homecoming. Dickey Morton rolled up 278 yards.

Marc Welch opened the Knights' scoring on a 10-yard touchdown pass from Jackson. Torres added his first of four conversions. Five minutes later Morton increased the score with a 60-yard touchdown run.

In the second quarter Charles Clemmons booted a 40-yard field goal. Morton struck next on a 26-yard scamper. The half ended with the Knights leading 24-0.

Morton scored again in the third quarter on a 27-yard sprint. The Bisons mustered their only scoring threat only to have the tough Knight defense hold them at the Kimball 2.

When the Knights took possession Morton did his thing one more time as he raced 78-yards for his final score of the evening. Gary Whale set up the next touchdown with an interception. Dale Ball scored from one yard out, making the score board read 44-0.

Dickey Morton, a scoring threat anytime.

Marc Welch, a surprise at wingback for the Kimball coaches.

The SOC game brought an end to a very good season for the Knights. The second half also brought fear to the Knights' hearts.

Early in the first period the Bears took Morton out of the game with an ankle injury. They forgot to take Kofnovec out also. Kofnovec scored his first of three touchdowns just two minutes deep into the game on a 1-yard plunge. Following Fontaine's interception, Charles Clemmons added a 26-yard field goal. A few minutes later Kofnovec bulled his way into the end zone from 2-yards out.

Less than a minute had elapsed when SOC scored on a 36-yard burst. Kofnovec matched it with a 1-yard plunge with 34 seconds left in the half.

Kimball tacked on its final points of the year in the third quarter on a 13-yard pass from Jackson to Fontaine. Then SOC went to work.

## *A Year of Blood, Sweat, and Tears*

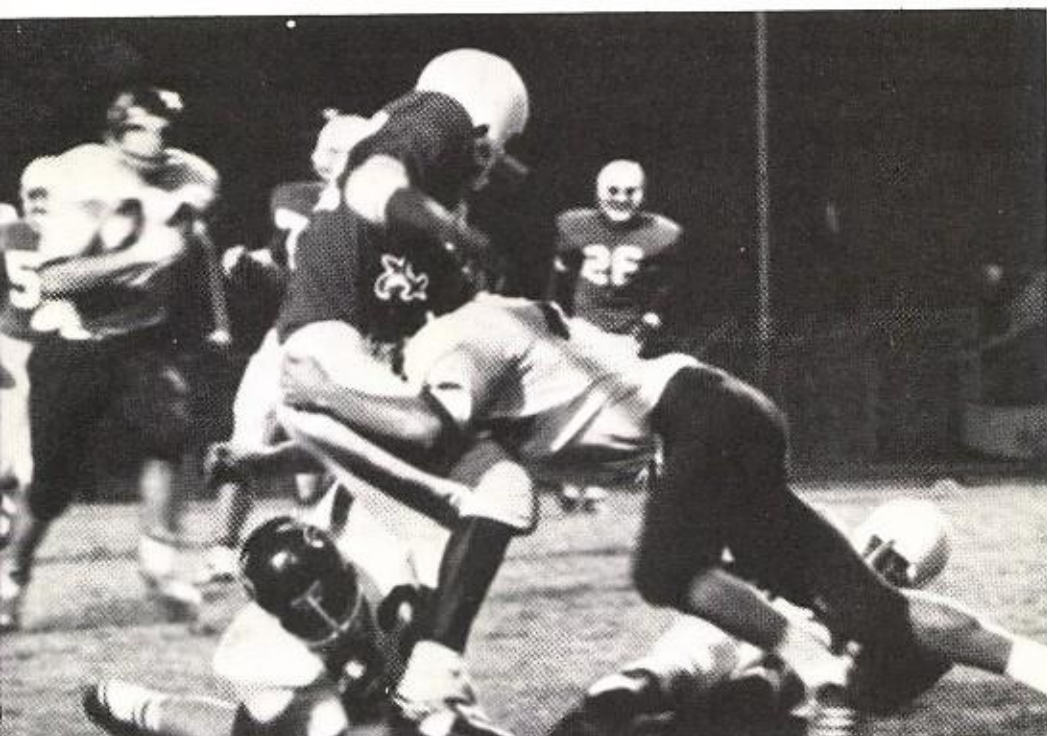

Wayne Morris, SOC's super sophomore, raced 32-yards for a touchdown. Following a one yard Kimball punt, Morris hit Kenneth Williams on a 26-yard scoring play. Morris struck one more time. This time the score came on a 5-yard run. Marc Welch put an end to SOC's last effort by intercepting a pass with 13 seconds left in the game.

Post season honors came to many of the Kimball players, being led by All-State Dickey Morton and Dwayne Fontaine. Morton made the All-Greater Dallas team as a running back and offensive back of the year.

## ***Knights Finish Second***

He was elected to the same positions on the All-District 12 AAAA team.

Dwayne Fontaine made All-State at safety. He also made All-District 12 AAAA defensive back and All-Greater Dallas team at defensive back.

Perry Geiser, defensive end, and Bill Britton, linebacker, made the All-District 12 AAAA team and honorable mention on the All-Greater Dallas team.

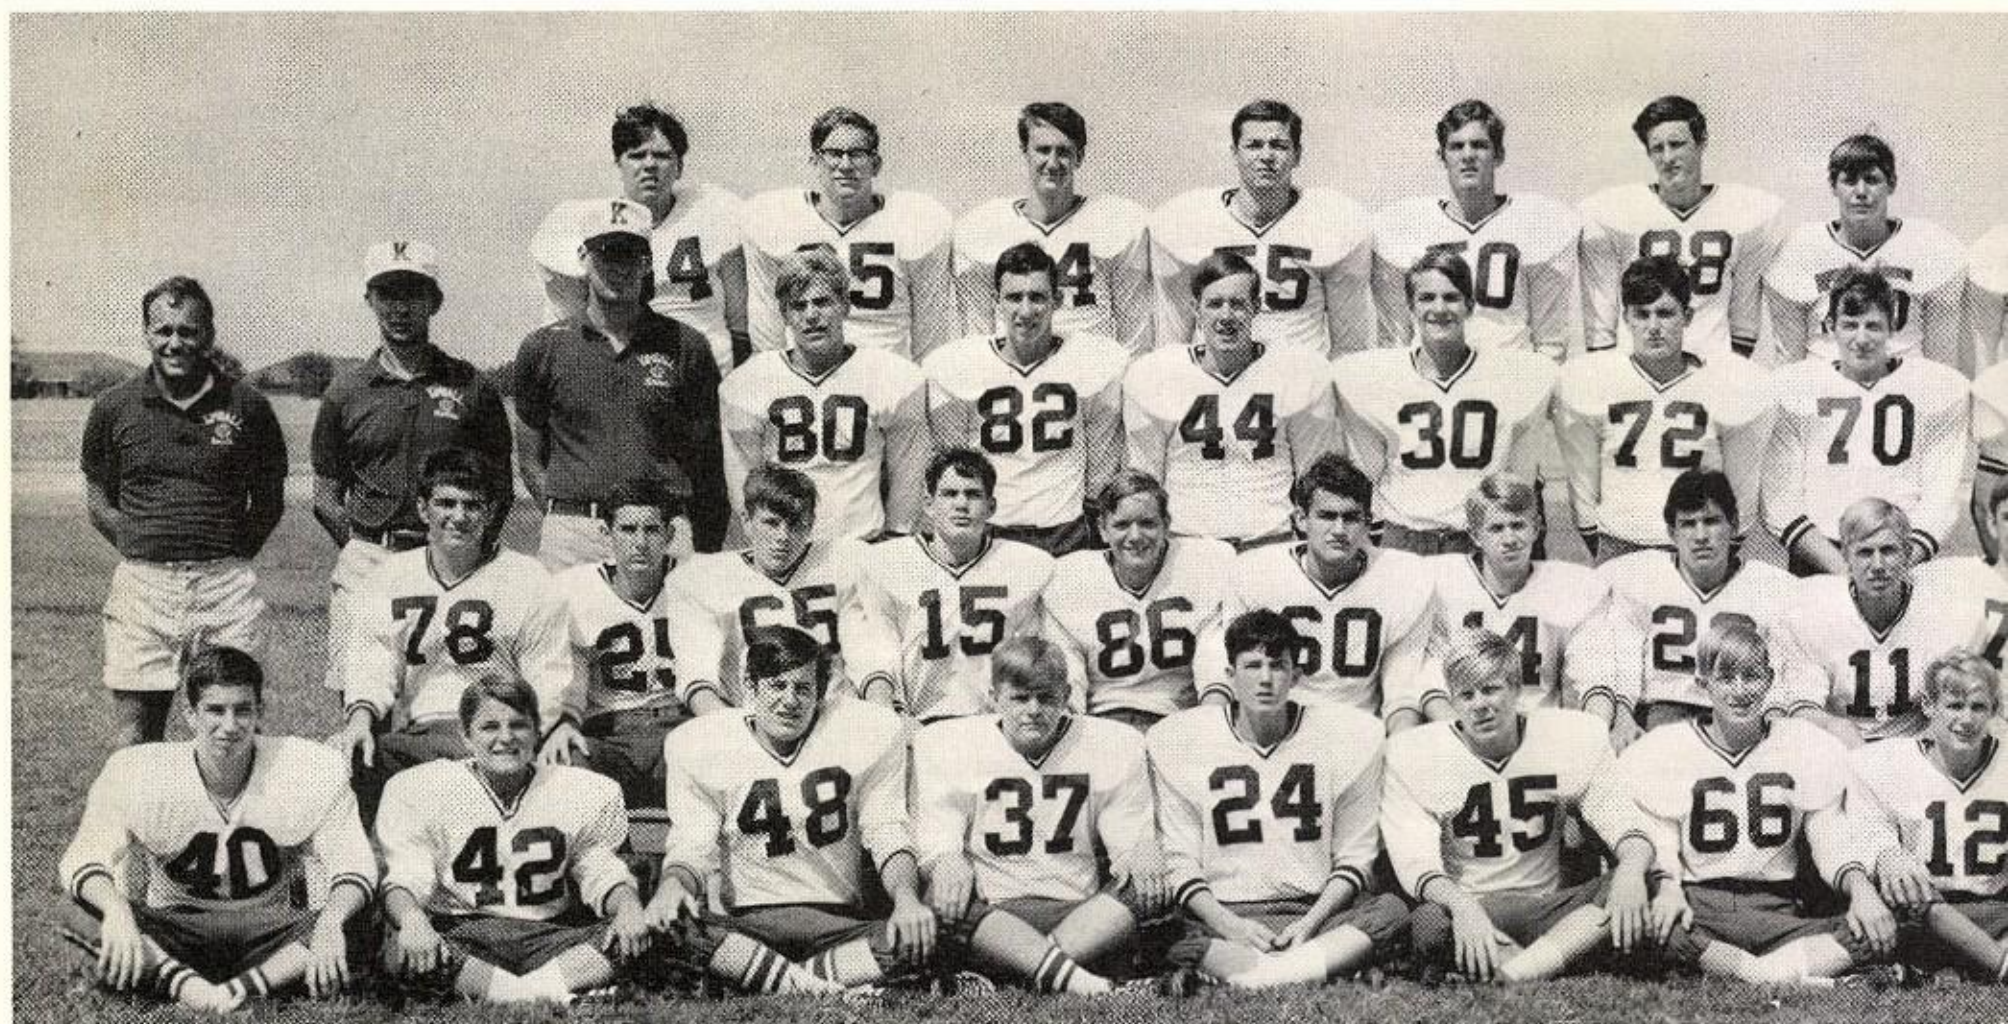

Others making honorable mention on the All-District 12 AAAA team were fullback Wayne Kofnovec and linemen Mike Sanguinet and Steve Pollard. This year Kimball had an explosive team. The Knights broke loose for 372 points, including those that the defense scored. The offense rushed for 3,043 yards, with Dickey Morton accounting for 1,327 of them. The passing attack piled up 734 yards.

The defense only allowed 104 points to be scored on them all year. They held other teams to a total of 1,243 yards rushing. The defense also only allowed 711 yards passing.

## *Squires Finish*

**6-4**

It was another successful year for the Kimball Squires. The B-team compiled a record of six wins and four losses, which led them to a tie for the South Zone Championship. It was the third year that the Squires had either tied for or won the title.

The offense was led by stand outs John Bevans and Tommy Harris. Joey Shaddox showed his versatility by playing practically every position on the field. The defense was led by Charles Channey and Randy Johnson.

## *Knights Finish Second in District*

It was a successful season in basketball this year. It was a season filled with high hopes and bitter defeats. When things began looking up, the basketball team just went cold and could not make the shots in the games that meant the most. This did not happen very often, but it cost Kimball the district championship. The team was made up of many fine players. The most outstanding were Eugene Stoner, the leading scorer, and Mark Ellis, the leading rebounder.

Kimball began district play with a surprise 77-72 victory over South Oak Cliff. Roosevelt became the second victim of the Knights. Then came Crozier Tech.

Tech was picked to be at the leading end of the 12-AAAA race. The great surprise in the Tech team was no surprise at all when anyone saw the 6'-6" Sammy Hervey.

## *Knights Face Tall Opponents*

Hervey showed his playing skill as he and his teammates handed Kimball a 93-84 loss. In the next district game, against North Dallas, the Knights scored 100 points in a 100-71 victory.

Pinkston fell 69-56 to the Knights; then it was Kimball's turn to fall. Adamson, with 6'-8" Julius Howard, defeated the Knights 59-48. Kimball bounced back with a victory over Sunset, 82-65, and Carter, 71-64.

South Oak Cliff saw the opportunity to seek revenge, and took advantage of it as the Golden Bears shut down the Kimball offensive game 70-60. Following a narrow 71-69 victory over Roosevelt, which was closer than the score indicated, Kimball played the spoiler for Crozier Tech with a 66-60 victory. With the thought of victory still fresh on their minds, the Knights easily defeated North Dallas, 77-61, and then handed Pinkston a 78-62 loss.

Adamson had victory on its mind as it came to Sprague Field House. Using the theory of mind over matter and chants of "We're Number One," the Leopards defeated the Knights 55-40. Along with this loss went Kimball's hopes of capturing the district title. Kimball closed out the season with victories over Sunset, 70-61, and Carter, 84-65.

## *Knights Defend City Title*

This year looked as if it might bring another championship in baseball to Kimball. Coach Miller said, "If our pitching comes through as we think it will, we have a good chance of winning it."

One of the big reasons for this optimism is Jimmy Moffett. Moffett is a two year All-City player, two year letterman, and he led the team in batting last year. In addition to playing third base, Jimmy will be one of the starting pitchers, along with James Stinson.

Early in the season it looked like Brad Millsap would be starting at first base, Mike McCain at second, and Gene Hanson at shortstop. In the outfield it will be Jay Howard, Randy Horton, and Tony Jackson. "Jackson is going to be a big help. He has good speed and is a good defensive player," commented Coach Miller.

## *Knights Defend District Again*

Once again the Kimball Cindermen will be defending the district 12-AAAA crown. Kimball lost many fine track men last spring, but the Knights still remain strong in the field events.

Leading the men who participate in the field events is Wayne Kofnovec. In the shot put last year, Wayne was second only to Don Randall, who was the leading high school shot putter in the nation. Many people feel that Kofnovec will take over that place this year.

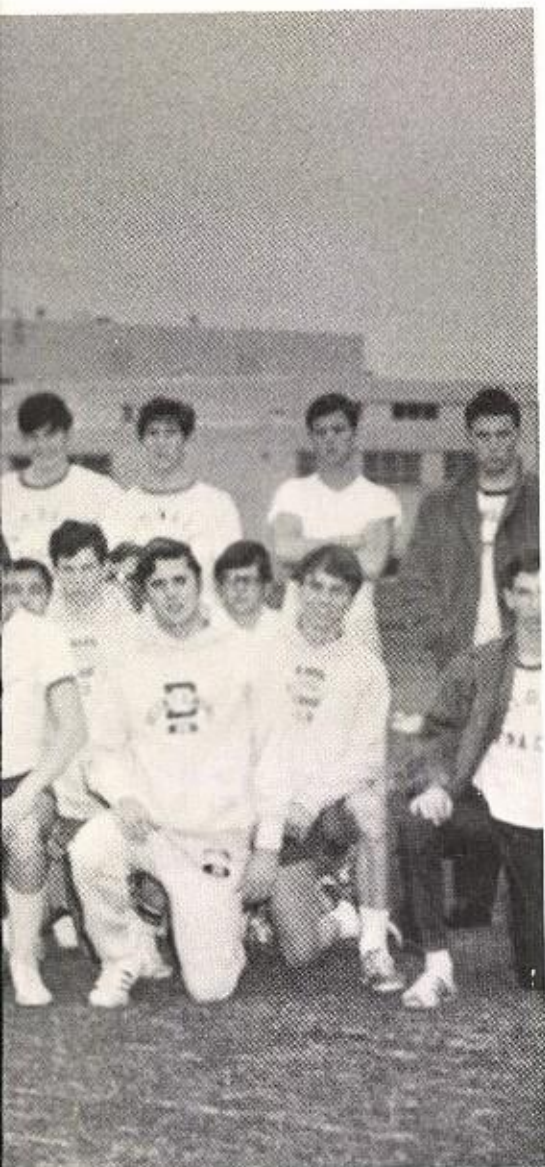

Also returning this year is Jody Mansfield. Jody is the defending city champion in the pole vault, and has cleared 13'-6" this year. Another returning letterman is Eugene Stoner. In last year's Kimball Relays, Eugene cleared 6'-5" in the high jump.

Kimball also has strength in some of the running events. David King returns to defend his district title in the one mile run. Dickey Morton will be back this year after capturing the city crown in the 300-yd. intermediate hurdles. It looks as if Kimball might also have a strong contender in the 880-yd. run with Elbert Shafer. If the Knights come up with some strong finishes in the running events, they should take just about every title once again.

## *Netters Build for the Future*

This year's tennis team strove to keep the district championship streak alive. Kimball had won the district for the past three years, and early in the season it looked as if the Knights might make it four years in a row. Led by returning lettermen Terry Hill, John Mangione, and Laurel Rose, the tennis team had good reason for its optimism.

Even though it was considered to be a rebuilding year for the Kimball netters, the Knights had compiled a 4-1 record by late February. The tennis team looked to the Boys' and Girls' doubles teams, which were composed of Terry Hill, John Mangione, Laurel Rose, and Sally Roberson, for much of its strength. The team looked to Coach Hansel Martin for advice and leadership throughout the year.

## *Golfers Battle for District Crown*

It looked as if it would be another good year in golf, and once again our neighbors to the North, Sunset, promised to be our toughest foe. Last year we lost the district to Sunset by one stroke; but when it came to the regional meet, we placed ahead of Sunset.

Kimball had several excellent golfers returning. At the head of the list was Mark Welch. Along with Welch, Steve Upham, Darren Avrea, Larry Degenhart, Les Carley, and Gary Burgess comprised the nucleus of the golf team. Alan Mills led and coached the golf team.

## *Swimmers Win District*

Kimball swimmers rolled up 347 points to defeat the Sunset tankers and to win the district 12-AAAA championship. The Knights collected five firsts, four seconds, and four thirds.

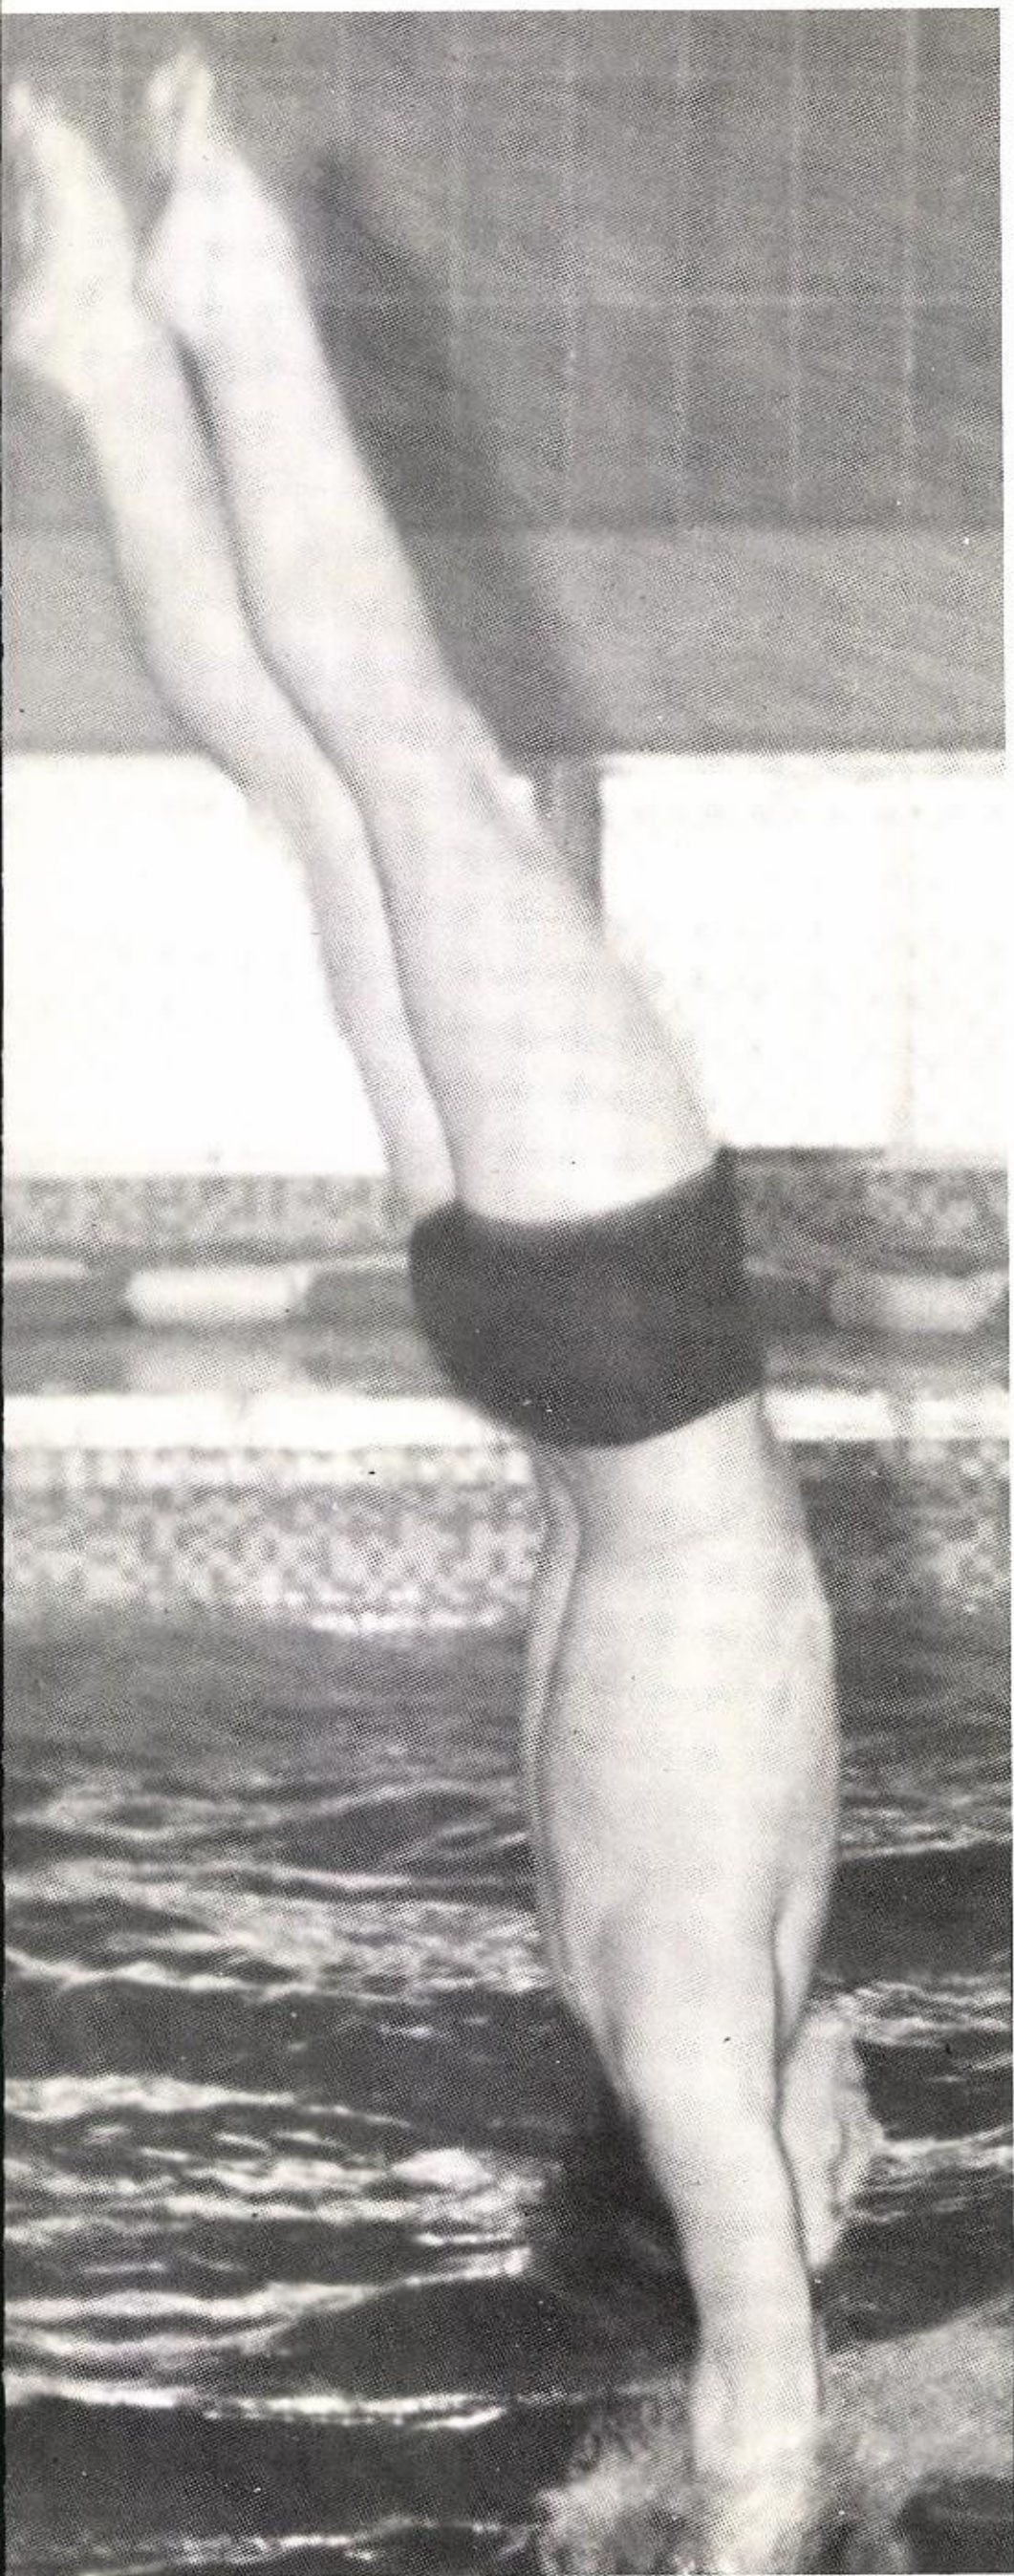

The Kimball girls also won their division. They easily defeated Carter, the second place team, by 108 points. The girls' swim team came up with four firsts, six seconds, and three thirds.

## *Seniors*

With one cycle of education and life complete and another one beginning, seniors at Kimball have learned responsibility and self-dependence. Tasks and decisions before them were challenging. Improving their grades for exemptions, choosing "the" college or career, selecting and sending invitations were a few of the problems which confronted the class of '70. Seniors assumed positions of leadership in school work and various organizations and worked hard to make their last year a profitable one.

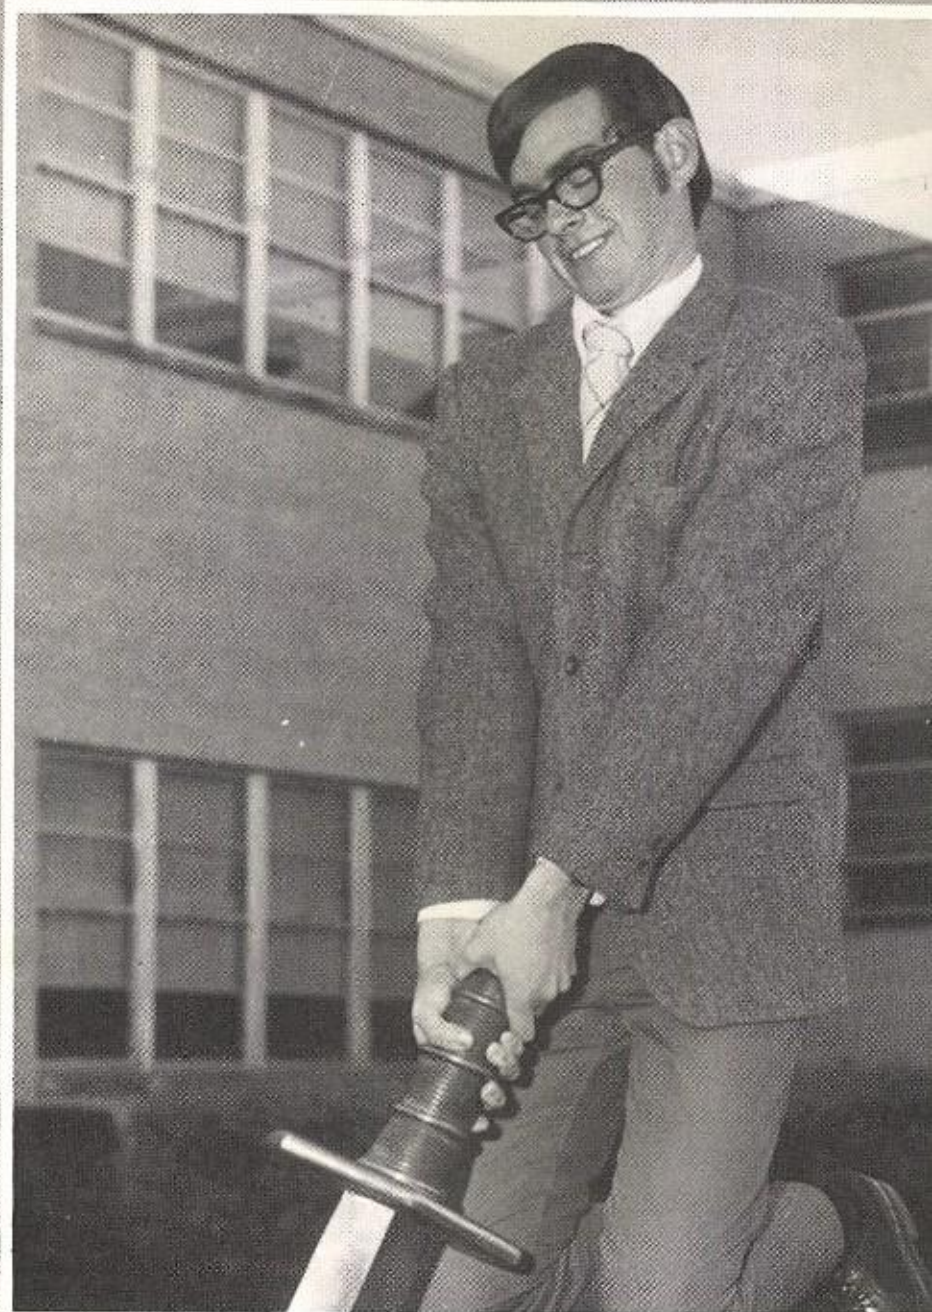

Lives of seniors have been molded by many hands—the hands of teachers, the hands of administrators, the hands of parents. From the time the seniors graduate, most are on their own. Some seniors leave home for college, while others start homes of their own. Still others may descend on the business world, but no matter what the choice may be, the seniors' future lives are a direct result of their days at Justin F. Kimball High School and the knowledge gained there.

## *Senior Favorites*

Having earned the respect of their fellow students and teachers alike, these individuals display the traits which are the goals of all true Kimball Knights. Elected by the Senior Class, the favorites were presented to the student body at the pep assembly for the South Oak Cliff football game.

Characterized by eagerness to serve their school teamed with the desire to uphold Kimball's traditionally high standards the favorites were found in various positions of leadership. They have a special, yet unpretentious, talent for leading fellow students. Their candor and sense of human understanding seemed to relieve the sometimes strenuous task of learning.

The Justin F. Kimball Favorites represent the high ideals for which we strive in our never ending struggle for perfection.

## *Juniors*

For juniors the second year at Kimball was filled with many activities, both social and scholastic. In the fall the long-awaited Senior rings were ordered. As the year sped by attention was focused on academic courses as well as the enjoyable aspects of high school. Juniors maintained high scholastic averages with a large percentage of students on the honor rolls.

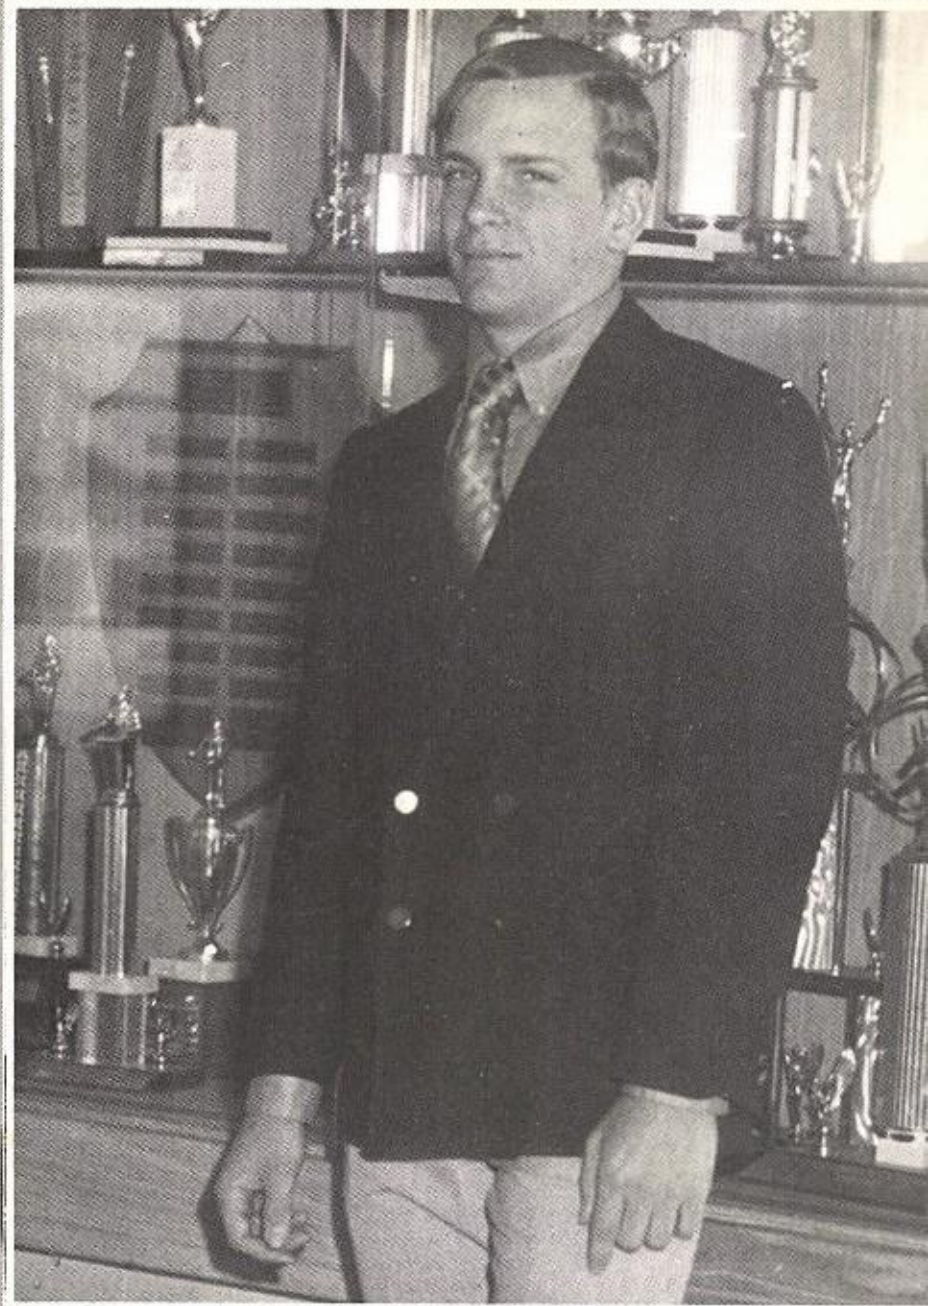

Attention began to center around the coming senior year and the prospects of choosing a college. Goals and ambitions were set high, and as the 1969-70 school year came to a close, an even more rewarding year to come was anticipated.

## *Sophomores*

Sophomores have many things to reflect upon at the close of this, their first year at Kimball. Remember the accusing cry of "2B" when you stepped on the school seal, or "Sophomore!" when you dropped your lunch tray? Certainly one could not forget the embarrassment of having to stand up and be jeered at during "Battle Cry" at pep assemblies. And who could ever forget the elevator tickers—?

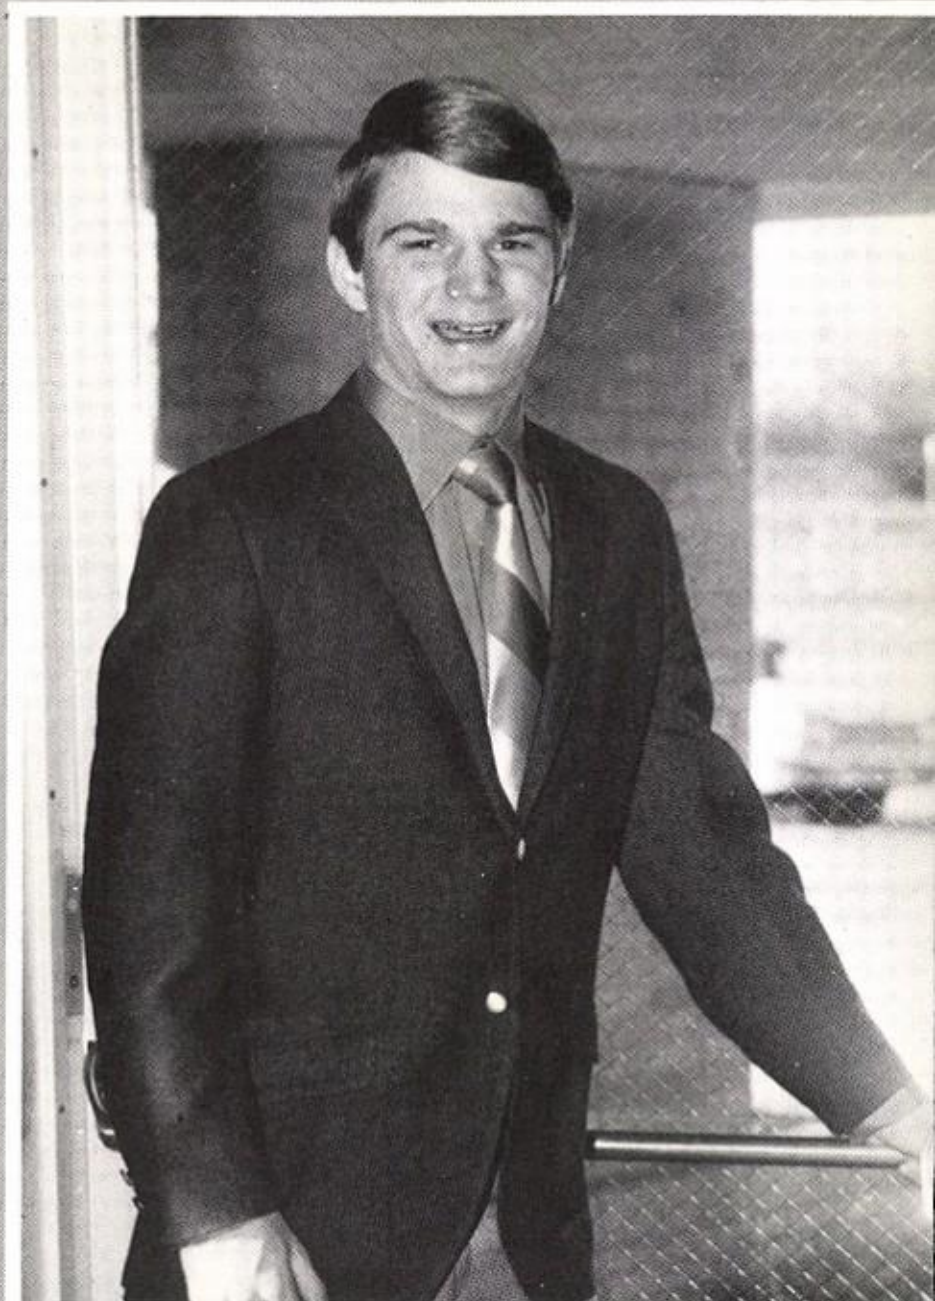

How about the day you tripped down the stairs? And don't forget the time you asked a senior boy for directions to the bandroom and wound up in the armory. Some of the happier memories of the sophomore year were the first Homecoming and the excitement of being invited to the Coronation. All in all, most sophomores survived and will make up the Justin F. Kimball Senior class of 1972.

## *Advertisements*

The exchange of currency for merchandise is as timely and exciting an event as can be found in the world today. In years gone by, advertising was small, cramped, limited and totally without imagination. In 1970, however, public relations and advertising firms are classified as a multi-million dollar industry.

Reluctantly investigated by progressive businessmen at first, the advertising world has turned into one of the most important success stories of all times. Why is advertising so important? Why is so much money spent on publicity every year? It works, that's why.

Students see that their friends are advertising a business establishment in the *EX-CALIBUR* and they want to patronize it. The very fact that these local businesses care enough about our students to advertise exclusively for them gives a clue as to what kind of merchants they are. Their attitudes are commendable, or they would not be paying attention to a bunch of school kids.

## *Medical Careers Club is New, but Growing*

Although established only in the spring of 1969, the Medical Careers Club has largely advanced the student body's interest in the field of health. Sponsored by Miss Judy Smith, the club attended a meeting of the Texas Association for Careers in Health. Having brought back ideas from the convention, the Medical Careers Club promises to be an influencing Kimball organization.

Much time and thought; careful, and sometimes not so careful, planning; and many sleepless nights involving both tedious and enjoyable work have been put into Volume XII of the Justin F. Kimball *EXCALIBUR*. It is my sincere hope that this book is representative of this year to as many students of Kimball as possible, because it is now your book.

I wish to give special thanks to Mr. John Ramsey, our understanding and imaginative representative from Taylor Publishing Company, who saw me through many a problem and introduced to me some of the new ideas found in the book; to the one and only Mr. Stephen Taylor, without whom this book would have been impossible; to my illustrious staff and sponsor; and to everyone who put up with us—teachers, students, and administration alike—while we were at work on this, the 1970 *EXCALIBUR*.

From registration to final exams, 1969-70 at Kimball was a memorable year. Eager to

resume old friendships, but not so eager to resume classes, students returned from the "shortest summer ever" to begin the school year. Kimballites arrived to find the IBM schedule confusion, the electronic answer to placement of students in classes.

As the confusion subsided, the year began to progress smoothly. The days flew by; and with them many experiences. All Kimballites remember the wild excitement of the first touchdown of the season, the casual moments of conversations with friends, and the countless hours of study both in and out of class.

As the school year drew to a close, students began looking ahead to future years, but memories of the past were not pushed aside. When phrases such as "Remember how we used to . . ." occur in conversations, the school year at Kimball will be relived.

Now as we continue on in life remember, we are . . .
